

Play for All Abilities

What is Play for All Abilities?

The Round Rock Sunrise Rotary Club believes all children deserve to have a place where they can experience the joy and discovery of play.

Play for All Abilities will be a park that is fully accessible to everyone regardless of disability.

1 in 10 people have a disability (physical or mental) therefore it is necessary to provide a place where all people can get outside to play and interact.

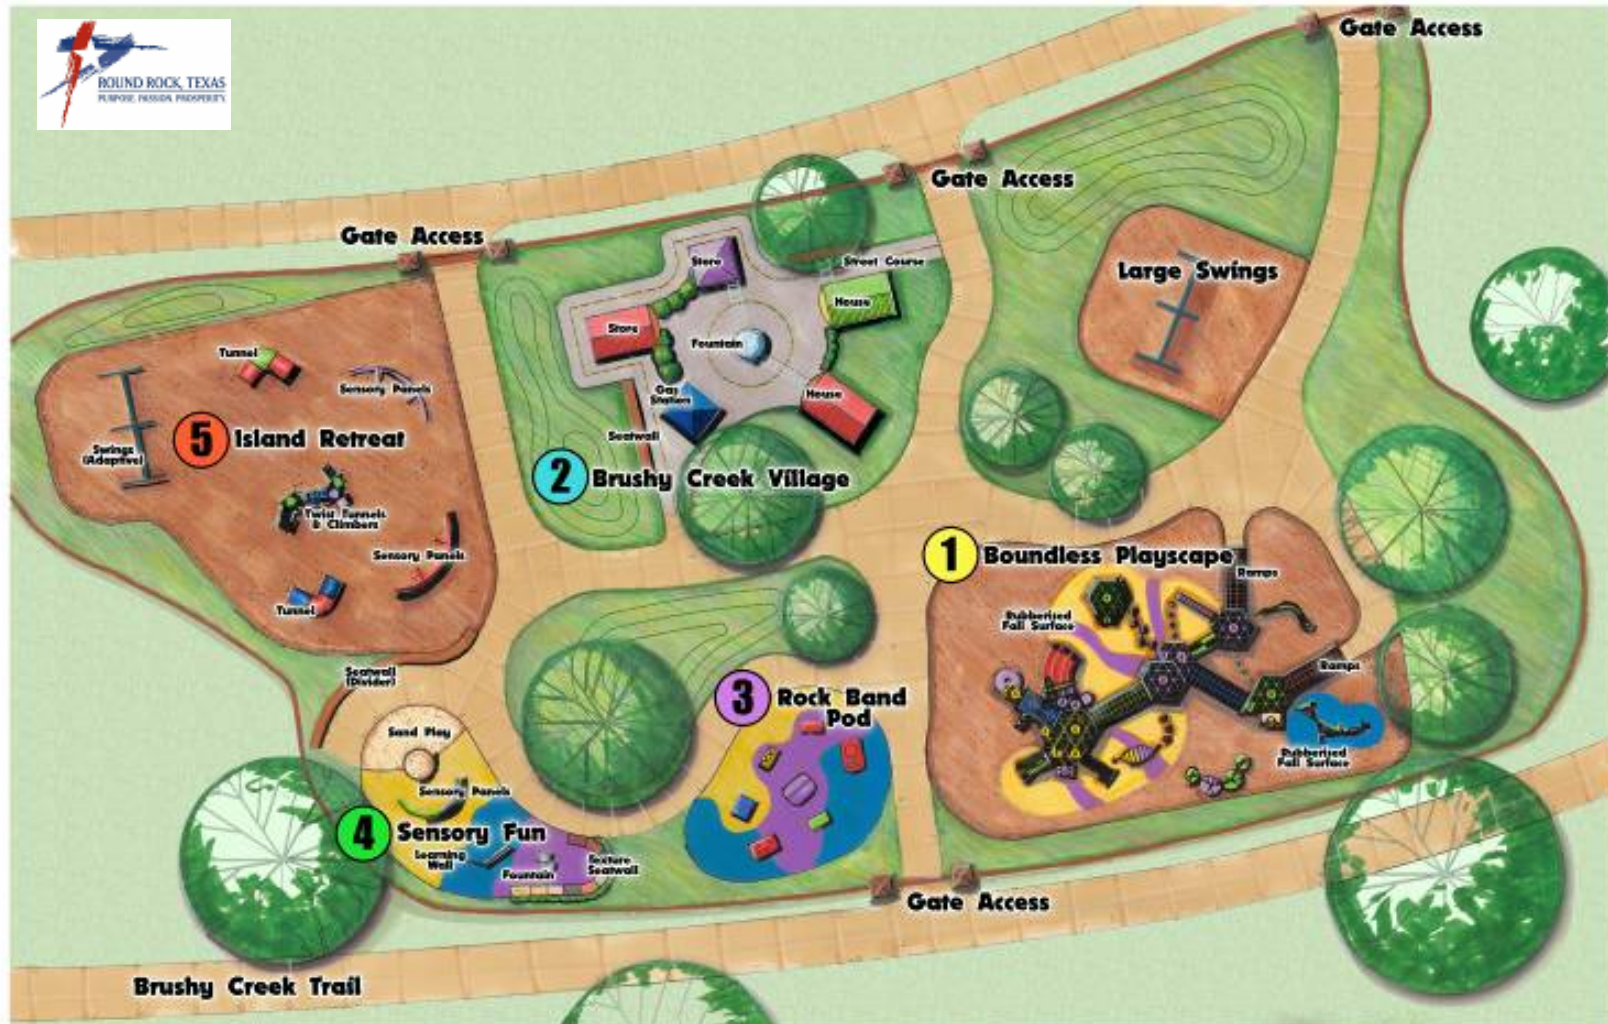

Where will the Park be?

- **Rabb Park**: Located behind the CVS on HWY 79. The park can be accessed from A.W. Grimes Blvd. The Rabb House (rental facility) is located in the park.
- The natural park is tucked away and lies on the Brushy Creek. The Brushy Creek Trail will soon extend through the park.

The Concept Plan
