THE STATE OF TEXAS §
 §
COUNTY OF WILLIAMSON §

This Reciprocal Easement Agreement (hereinafter referred to as "Agreement") is made and entered into this 14th day of June, 1988, by and between the parties (hereinafter sometimes collectively referred to as "Owners") stated below who own the property described below.

RECITALS

620 Oakwood Joint Venture, a Texas joint venture (hereinafter referred to as "Oakwood") is the owner in fee simple of a certain 3.00 acre tract of real property located in Williamson County, Texas, described on Exhibit A attached hereto and incorporated herein for all purposes (hereinafter referred to as "Oakwood Tract").

Oakwood's predecessor made application to the City of Round Rock to subdivide the Oakwood Tract into two tracts which shall be known as Lots 21 and 23 of The Oaklands Section Two, Revised ("Tract A" and "Tract B", respectively).

LIFEMARK HOSPITALS, INC., a Delaware corporation (hereinafter referred to as "Lifemark") is the owner in fee simple of a certain 15 acre tract of real property located in Williamson County, Texas, described on Exhibit B attached hereto and incorporated herein for all purposes, and on which is presently situated the Round Rock Community Hospital (hereinafter referred to as "Hospital Tract") (Tract A, Tract B and Hospital Tract sometimes hereinafter collectively referred to as "Tracts").

Tracts A and B are neighboring, adjacent tracts that share two common boundaries along the southern and southwestern boundary of Tract B. Tracts A and B and the Hospital Tract are neighboring, adjacent tracts. Tract A and the Hospital Tract share a common boundary along the westernmost boundary of Tract A. Tracts A and B have vehicular access to Oakwood Boulevard, an 80' Right of Way dedicated to public use in the Real Property Records of Williamson County, Texas. The Hospital Tract has vehicular access to R.M. 620, an 120' Right of Way dedicated to public use in the Real Property Records of Williamson County, Texas.

The Owners desire to have mutual and reciprocal easements for ingress and egress across certain eastern portions of the Hospital Tract, and certain portions of Tracts A and B adjacent to one of the common boundaries between Tracts A and B.

OFFICIAL RECORDS
WILLIAMSON COUNTY, TEXAS

The Owners desire to construct a private drive upon said easements so that the Owners will have access to and from R.M. 620, Oakwood Boulevard, and their respective tracts. A map of the private drive is attached hereto as Exhibit E, and is incorporated herein.

NOW, THEREFORE, in consideration of the recitals and mutual promises and covenants contained herein, and for other good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the Owners hereby agree and covenant as follows:

1. Nonexclusive Access Easement Over Tracts A and B for Benefit of Hospital Tract. Oakwood does hereby grant and convey to Lifemark, its successors and assigns, a non-exclusive easement for ingress and egress over, through and across the private drive to be constructed on the portions of Tract A and Tract B, respectively, described in Exhibit C attached hereto and made a part hereof for all purposes (hereinafter referred to as the "Tract A and B Easement") solely for the purposes set out herein, together with all rights and privileges necessary or convenient for the full enjoyment or use of the easement for its intended purposes reserving to Oakwood, its successors and assigns, tenants, invitees, employees and guests the right to use the Tract A and B Easement in common with Lifemark.

2. Non-Exclusive Access Easement Over Hospital Tract For Benefit of Tracts A and B. Similarly, Lifemark does hereby grant and convey to Oakwood, its respective successors and assigns, for the benefit of both Tract A and Tract B a non-exclusive easement for ingress and egress over, through and across the private drive constructed on the portions of the Hospital Tract described in Exhibit D attached hereto and made a part hereof for all purposes (hereinafter referred to as "Hospital Easement"), solely for the purposes set out herein, together with all rights and privileges necessary or convenient for the full enjoyment or use of the easement for its intended purposes reserving to Lifemark, its successors, assigns, tenants, invitees, employees and guests the right to use the Hospital Easement in common with Oakwood (the A and B Easement and the Hospital Easement hereinafter sometimes collectively referred to as "Easements").

3. Purposes. The Easements, rights and privileges herein granted shall be for the sole purpose of providing vehicular and pedestrian ingress and egress (but excluding parking on) over and across the Easements (but excluding construction equipment or other vehicles whose weight could damage the driveway areas of the Easements) to allow the free and uninterrupted use and privilege for vehicular and pedestrian ingress and egress (but expressly excluding parking) by the Owners, their successors, assigns, tenants, employees, invitees

and guests, between R. M. 620, Oakwood Boulevard, and the Owners' respective tracts (but excluding construction equipment or other vehicles whose weight could damage the driveway areas of the Easements).

4. Construction of the Private Drive. In connection with the grants of Easements above, Lifemark and Oakwood do hereby covenant and agree that each Owner, its respective successors and assigns, shall have the right, privilege, obligation and duty to construct a paved private drive on, through and across the respective Owner's Tracts, subject to the following terms and conditions:

4.1 Construction of the private drive shall be performed according to plans and specifications mutually approved by both Lifemark and Oakwood, their successors and assigns, and which approval shall be reasonably and timely given, provided however, that by approving and reviewing plans and specifications for the private drive, Owners assume no liability or responsibility for any defect in any private drive constructed from such plans or specifications.

4.2 Each Lifemark and Oakwood do hereby covenant and agree that within thirty (30) days following the completion of construction of the private drive that crosses the Hospital Tract, the Hospital shall give Oakwood written notice of any and all expenses incurred by Lifemark in (a) relocating the mobile building that presently occupies a portion of the Hospital Easement to another location on the Hospital Tract; (b) reconstructing that portion of the parking lot that presently occupies the Hospital Easement, using the same construction standards that shall be applied to construction of the private drive on the Oakwood Easement; and (c) constructing a parking lot on the Hospital Tract of a size and composition equivalent to the size and composition of that portion of the parking lot that presently occupies the Hospital Easement ("Reimbursement Costs"). Within thirty (30) days following receipt of such written notice, Oakwood shall reimburse to the Hospital all Reimbursement Costs.

4.3 Any and all construction required pursuant to this Agreement shall be performed according to standards established by any applicable permit, law, ordinance or regulation of any city, county, state or other governmental agency, and any and all construction to be performed pursuant to this Agreement shall be performed in a good and workmanlike manner according to industry standards and customs. Except with the prior written approval of the Hospital, any and all construction of the private drive or storage of materials or equipment related thereto on the Hospital Tract shall be performed and completed in a manner that does not cause either interference with or interruption of Hospital's emergency room operations.

5. Maintenance.

5.1 In connection with the grants of Easements above, Lifemark and Oakwood do hereby covenant and agree that each Owner, its respective successors and assigns, shall have the right and privilege, obligation and duty to repair, reconstruct, inspect, alter, improve and maintain the portion of private drive that lies on, through, and across the Easement on such Owner's tract, together with all rights and privileges necessary or convenient for the full enjoyment or use of the Easements for the above described purposes, and also including the right of ingress and egress over adjoining paved portions of the land of the other Owner for the purpose of exercising the above-described rights and privileges.

5.2 Each Owner hereby covenants and agrees to be responsible for payment of the costs attributable to reconstructing, inspecting, altering, maintaining, administering and repairing that portion of the private drive which is over and across the respective Owner's tract.

5.3 The Owners further covenant and agree that each Owner, at its sole cost, solely shall maintain, reconstruct, alter and repair the private drive on the Easements on such Owner's tract in a usable, neat and uniform manner so as to prevent its deterioration.

5.4 Notwithstanding the foregoing or any other provision hereof, the cost of repairing damages other than normal wear to any portion of the private drive that lies on either Easement caused by any Owner, or such Owner's agent, contractors, successors, assigns, or employees, shall be borne entirely by the Owner causing (or whose agents, contractors, successors, assigns, or employees, caused) such damage.

5.5 Each Owner may temporarily interrupt use of the portion of the private drive that lies on the Easement on such Owner's Tract to perform necessary repairs to the improvements thereon, including without limitation, resurfacing and restriping the private drive, but such repair and maintenance work shall to the extent reasonably possible be scheduled so as to minimize interference with the use of the Easements.

5.6 If either Owner, or its successors or assigns fails to timely construct or maintain the private drive as required by Sections 5.1, 5.2 and 5.3 above (the "Defaulting Owner"), the other Owner may upon thirty (30) days prior written notice perform such construction or maintenance required by such Sections and specified in the written notice, unless the Defaulting Owner commences construction or maintenance within

such thirty (30) day period and diligently pursues the construction or maintenance to completion. The Defaulting Owner shall reimburse the other Owner for costs incurred for construction or maintenance required by Section 5.1, 5.2, or 5.3 herein, upon demand plus interest at the maximum rate allowed by applicable law.

5.7 Notwithstanding anything set forth herein to the contrary, if any Owner desires to improve the private drive on the Easements such Owner shall complete such improvement at such Owner's sole cost and expense unless the other Owners agree in writing in advance of such improvement to bear a portion of such costs.

6. Use. The Owners further covenant and agree that each Owner, and such Owner's agents, contractors, successors, assigns and employees, shall use the private drive and the Easements according to the following terms and conditions:

6.1 The right to use the non-exclusive Easements granted herein for vehicular and pedestrian ingress and egress by Owners, their successors, assigns, tenants, employees, invitees and guests, shall be limited to ingress and egress between the Hospital Tract and Oakwood Boulevard, and between Tract A and Tract B and R.M. 620. Lifemark and Oakwood do hereby covenant and agree that the right to use the non-exclusive Easements granted herein is not intended and shall not be construed to extend to or otherwise benefit any land, tract, or property whatsoever except the Owners' respective Tracts as described herein.

6.2 The Owners further covenant and agree that each Owner retains, reserves and shall continue to enjoy the right to build on and use any and all properties owned by such Owner located adjacent to the Easements, for any purpose, including without limitation, for drainage ditches, private driveways, alleys, walks, gardens, lawns, loading, or parking areas and other like uses. The covenants set forth in this subparagraph shall be subject to the covenants and restrictions set forth in Paragraph 11 herein.

6.3 Each Owner shall have the right to make such changes in the location of the Easement on the Owner's property as in such Owner's reasonable opinion may be necessary or desirable and in the best interest of all persons using such Easement, including without limitation, reconfiguring driveway areas and redirecting traffic, provided, however, that no such change shall interfere with the beneficial use of the Easements for the purposes herein granted.

7. Signage. Each Owner shall have the right and privilege at such Owner's sole cost and expense, to construct,

erect, repair and maintain any signage on the portion of the Easement located on such Owner's Tract, as may be permitted by applicable law, for so long as such signage does not unreasonably interfere with the use of the Easements by parties permitted hereunder to use the Easements.

8. Restrictions.

8.1 Neither Owner shall use, place, construct or operate on any portion of the Easements not located on such Owner's Tract, any signs, fences, displays, poles, or any other structures, or any electrical, gas, potable and irrigation water, sanitary and storm sewer, or any other communication, transmission, or distribution line, facility, or system, whether such line, facility, or system is above, below, or at ground level.

8.2 Notwithstanding any provision herein to the contrary, the Owners further covenant and agree that each Owner retains, reserves and shall enjoy the right to seek judicial action to prevent the construction of any building, structures or other obstructions located or to be located on or adjacent to the Easements that may endanger or unreasonably interfere with the safe and efficient use of the private drive.

8.3 Further notwithstanding anything to the contrary herein, Lifemark, its successors or assigns, in the exercise of its sole, but reasonable discretion, shall have the right without notice to temporarily exclude or delay Oakwood, its successors, assigns, tenants, agents, contractors, employees, invitees or guests at any time from using the Hospital Easement, if and when Oakwood, its successors, assigns, tenants, agents, contractors, employees, invitees or guests materially interferes with or delays emergency traffic to or from the Hospital's emergency room on, across or over the Hospital Easement. If use of the Hospital Easement by Oakwood, its successors, assigns, tenants, agents, contractors, employees, invitees or guests materially interferes with or delays emergency traffic to or from the Hospital's emergency room on, across or over the Hospital Easement, then, Lifemark, its successors or assigns shall have the right to relocate or reconfigure the Hospital Easement on the Hospital Tract, so as to eliminate such material interference; provided however, the Hospital shall not have the right to exclude or delay use of the Hospital Easement for more than three (3) weeks during such relocation or reconfiguration. Within thirty (30) days following the completion of such relocation or reconfiguration of the Hospital Easement, Lifemark shall give Oakwood notice of any and all expenses reasonably incurred by the Hospital in connection with such relocation or reconfiguration. Oakwood shall reimburse the Hospital within 30 days after receipt of such notice of its prorata share of the reasonable costs of relocating or reconfiguring the Hospital

Easement set forth in the notice. "Prorata share" shall mean (a) if the portion of the Easement relocated or reconfigured is then used solely by Lifemark and Oakwood, then, it shall mean "all"; and (b) if the portion of the Easement relocated or reconfigured is then used by Lifemark, Oakwood and one or more other entity, then it shall mean that Oakwood and the other such entities shall each bear such costs in equal amounts.

8.4 Lifemark and Oakwood, their successors and assigns, retain and reserve the right to grant other easements in, under, on, over and across the portion of the Easements located on their respective Tracts, whether exclusive or non-exclusive, provided however, that no such grant shall unreasonably interfere with the beneficial use of the Easements granted herein.

8.5 The Tract A and B Easement is subject to a declaration of covenants and easements which establishes an ingress and egress easement between Tracts A and B over and across the Tract A and B Easement. Lifemark consents to such declaration of covenants and easement and acknowledges, agrees and admits that such covenants, restrictions and easement do not and shall not constitute unreasonable interference or delay with the beneficial use of the Easements granted herein.

9. Indemnification. Each Owner ("Indemnitor") agrees to indemnify and hold harmless each other Owner ("Indemnitee") from and against any and all losses, costs, claims, demands or expenses, including without limitation reasonable attorney's fees, suffered by any person arising from loss, injury, death or damage to persons or property as a result of any action or omission on the part of such Indemnitor or such Indemnitor's contractors, employees, tenants or invitees with respect to any occurrence on or adjacent to the Easements. This provision is not intended nor shall it be construed to require either Owner to indemnify the other Owner for any independent liability of that other Owner, nor to cause either Owner to be subject to any liability to any third party (either directly, or as an indemnitor) in any case where Indemnitor's liability would not otherwise exist. Instead, this provision shall assure that each Owner, its successors, assigns, agents, contractors, officers and employees, will be provided with indemnification for any vicarious or other indirect liability or claim against the Indemnitor, Indemnitor's agents, contractors, officers or employees, resulting from the actions or omissions of Indemnitor, its officers, agents, contractors or employees.

10. Insurance. Each party shall obtain and maintain in force during the term of this Agreement liability and property damage insurance insuring against all liability of such party arising out of or in connection with the use of the Easements located on such Owner's Tract with such coverage limits as may

be reasonable and prudent for such coverage in Williamson County, Texas. Each party agrees upon request of the other to furnish to the requesting party a certificate evidencing the fact that such insurance has been obtained and is in effect. Neither party shall have any duty or obligation to obtain liability or other insurance protection for the other party.

11. Covenant to Keep Easement Free of Obstructions.

Each Owner of any portion of the Tracts shall be responsible for ensuring that they and their respective contractors, tenants, employees, invitees and guests keep that portion of such Owner's Tract which is burdened by the Easements, and the portion of the private drive thereon, free and unobstructed at all times for the use of the other Owner and its successors, assigns, agents, contractors, employees, tenants, invitees and guests. No Owner or such Owner's successors or assigns, shall allow any obstructions to accumulate or exist on the private drive within the area owned and/or occupied by them. Each Owner and Owner's successors and assigns shall use best efforts to prevent the Owner's contractors, tenants, employees, invitees and guests from causing obstructions to accumulate or exist upon the portion of the private drive located upon the other Owner's Tract. Each Owner and such Owner's successors and assigns shall at all times conduct operations on and with respect to the private drive on the Easements and the property abutting same in such a manner as not to create a nuisance or cause detrimental effects to the private drive.

12. Term.

12.1 The term of the Easements shall commence as of the time of the recording of this Agreement with the Williamson County Recorder's office and continue in effect perpetually thereafter until and unless terminated by a duly recorded agreement executed by the then holders of the fee simple interests of the Hospital Property, Tract A and Tract B.

12.2 Notwithstanding anything to the contrary set forth herein, the Easement herein granted shall automatically be deemed cancelled, void and of no further force and effect as to either Tract A or Tract B, whichever is appropriate, if

(a) such Tract is ever developed or occupied for any purpose other than the operation of a medical and professional office building, together with clearly secondary ancillary medical services approved by the Director of Planning and Community Development of the City of Round Rock, in the State of Texas; or

(b) the purposes for which the Easements are granted cease to exist, are abandoned by the Owners,

their successors and assigns, or become impossible of performance.

Oakwood and Lifemark, and their successors and assigns, hereby covenant and agree that the Easements granted herein shall be limited in duration upon the occurrence or nonoccurrence of any of the events specified above, and that in the event of the occurrence of any of the above conditions, this Agreement shall automatically be deemed cancelled and have no further force or effect whatsoever, and Lifemark and Oakwood hereby covenant and agree to that they, their successors or assigns shall each execute and record an agreement, consistent with the terms herein, that terminates the Easements.

13. Miscellaneous.

13.1 The Easements established herein and the covenants running with the land as created hereby are for the sole benefit of the Tracts, the Owners thereof, and their respective successors, heirs, assigns, independent contractors, agents, tenants, employees, invitees and guests. Nothing contained herein shall be construed to grant any right to the general public, the City of Round Rock, the County of Williamson, or any governmental body or agency to use or enter upon the Easements, nor shall the Easements granted herein inure to the benefit of any owner or user of the property or land adjacent to the Tracts, regardless of whether such adjacent properties may be incorporated into one of the Tracts.

13.2 All Easements granted herein, including all terms and provisions contained herein, apply to Tract A, Tract B and the Hospital Tract and bind each Owner, their respective successors and assigns. Further, all Easements shall pass with each conveyance of each Tract and shall be deemed to run with said land. Each Tract shall be a dominant estate insofar as it is benefitted by the terms and provisions contained herein; likewise, each Tract shall be a servient estate insofar as it is burdened thereby. All Easements granted under this Agreement are appurtenances to each Tract, and none of the Easements may be assigned or encumbered except as appurtenances thereto.

13.3 If any Owner, or its successors, assigns, tenants or sub-tenants, agents, servants, employees, guests or invitees, violates or threatens to violate any part of this Agreement, any other Owner, or its respective successors and assigns, shall have the right to enjoin such violation or threatened violation in any court of competent jurisdiction and to recover damages. If any Owner, its successor or assign brings an action in any court of competent jurisdiction to enforce any provision of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees and all costs,

which sums shall be included in any judgment entered in favor of the prevailing party.

13.4 Except as stated otherwise in this Agreement, the Agreement or any of its provisions, conditions, covenants and restrictions may not be modified, extended or terminated without the consent of all Owners, or their respective successors or assigns, in writing.
