### Item Summary:

The proposed PUD provides for a social services campus and a domestic violence shelter on the site. Professional services, education, training and non-correctional counseling will be provided on a charitable or non-profit basis. The domestic violence shelter will provide a residential facility for victims of domestic violence in a protected living arrangement. The facility will include residents and supervisory personnel and will be available to victims on a 24-hour basis. Offices will also be provided for professional uses, limited to 5,000 gross square feet in any single building. In addition the front of the site, along E. Main Street, will be developed as a public park.

In order to complement the surrounding residential neighborhood, building design standards are included in the PUD, requiring that the buildings be at an appropriate scale and character. Signs on the site will be regulated by the City's existing codes for historic properties.

The Round Rock Community Foundation has been developing plans for the site and has met on numerous occasions with adjacent neighbors and other interested citizens. The site layout included in the PUD reflects these discussions.

The City approved a memorandum of understanding (MOU) with the Round Rock Community Foundation with regard to wastewater line relocation, the development of the park, abandonment of alleys, streets and right-of-way, and other public improvements. The MOU states that the City's total contribution towards these expenses shall be limited to \$500,000.
