GENERAL INFORMATION

HISTORY.

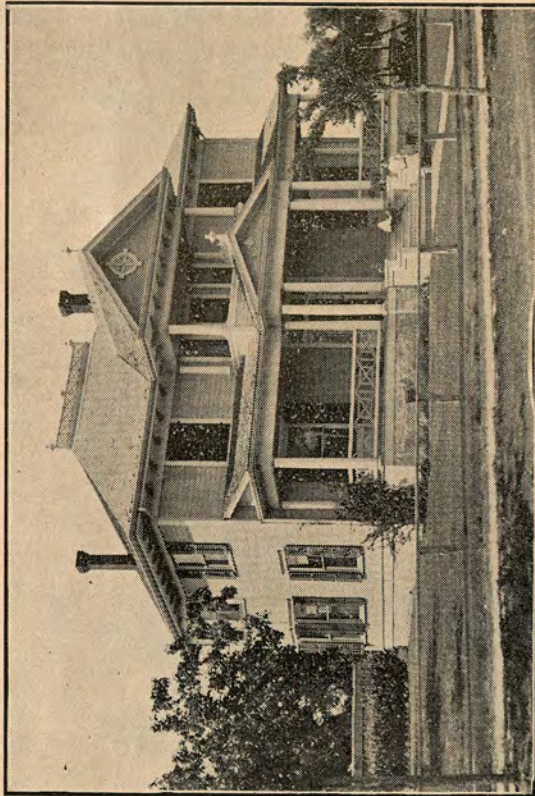

Trinity College is an Evangelical Lutheran institution of the Augustana synod, owned and controlled by the Austin and ElCampo districts of the Kansas conference. It was established upon the initiative of the pastors of the Austin district at a meeting held in Hutto, Texas, August 29, 1904. A temporary board was elected and organized with the following as officers: Rev. J. A. Stamline, president; Rev. A. L. Scott, secretary; Rev. R. P. Acsell, treasurer. The people of Round Rock offered the board \$7,000 and nine acres of land as an inducement to have the college located in Round Rock. The board having accepted the offer, immediately made arrangements for the erection of a suitable building. The corner stone of the first building was laid July 13, 1905; a charter was procured from the State of Texas, March 22, 1906; and the main building, completed and furnished at a cost of about \$23,000, was opened for school work October 2, 1906. The building was formally dedicated May 17, 1908. Since its opening Trinity College has gone through years of patient endeavor in the promotion of Christian education. It has been favorably supported by its many friends throughout the State of Texas, and has already firmly established itself as an institution with a career of great usefulness to church and state.

LOCATION.

Trinity College is located in Round Rock, a quiet, healthful town, about 20 miles north of Austin, in the midst of a most prosperous community. The natural surroundings of the institution are inspiring, the social and religious environments good, creating an atmosphere well adapted for the physical, mental and spiritual growth of the student.

BUILDINGS.

The main building, 147 feet long, 60 feet in the center, and 40 feet wide at its wings, three stories in height, and built of limestone, is a large and inviting structure, facing the principal street in Round Rock, and occupies a commanding place on the college campus. It contains office rooms, library, laboratory, music rooms, chapel, twenty student rooms, kitchen and dining rooms. Close by is located a large and comfortable residence occupied by the president.

PRESIDENT'S RESIDENCE

LIBRARY.

Important additions to the library have been made during the past year. Gratefully do we acknowledge the donation of books by Rev. M. Noyd, J. C. Jackson, John A. Lundin, and Augustana Book Concern. The library numbers now over 500 volumes, and is also supplied with magazines, periodicals and papers. The library is open to students on school days from 8 a. m. to 7:30 p. m., and on Saturdays and Sundays from 1:30 p. m. to 5:30 p. m. Donations in books, magazines, periodicals, or money for the library are earnestly solicited.

LABORATORY.

Due to the kindness of friends the institution has an excellent physical laboratory equipment. Though it is as yet limited as regards quantity, the instruments are strictly first-class and up-to-date in every respect. At the present time the apparatus is especially adapted to a lecture course in physics. A beginning has also been made in the line of geological and biological collections. Donations for laboratory equipments, and biological and mineralogical specimens would be thankfully received.

RELIGIOUS LIFE.

Chapel services are held every school day during the school year. All students are required to attend these services. Regular and systematic religious instruction forms a part of the curriculum in all the departments. A Luther League devotes itself to the study of biblical, church historical and missionary topics. On the Lord's Day each student is expected to attend divine worship. Trinity College believes in having all its work permeated by the spirit and teachings of Christ.

LITERARY TRAINING AND PUBLIC SPEAKING.

The student is encouraged to become efficient not only in literary excellence but also in public delivery. He is required to take part in the literary exercises which are held every Friday afternoon during the school year. Programs consisting of recitations, readings, essays and debates are given by the students under the supervision of the faculty.

ATHLETICS AND PHYSICAL TRAINING.

During the year great interest has been taken in athletic activities, especially in lawn tennis, basket ball and baseball. The tennis courts

and baseball grounds have been greatly improved and are in excellent condition. The Athletic Association through a board of control, consisting of three members of the faculty and three students, together with the president, has charge of all out door exercises and sports. As soon as possible a regular course in gymnastics will be introduced.

RULES AND REGULATIONS.

1. Attendance at chapel services is required of all students.
2. Rooms are expected to be in order at 8 o'clock a. m.
3. All students are required to devote themselves to their studies from 7 p. m. to 10 p. m.
4. Visiting in dormitory rooms after 10 p. m. is prohibited.
5. No smoking is permitted on grounds, in halls, or in dormitory rooms.
6. Defacing or injuring school property, i. e. furniture, buildings, etc. in any manner whatsoever, renders the offender liable to punishment and must be compensated in full.
7. All students are expected to act as becomes ladies and gentlemen.

TRINITY CAMPUS ASSOCIATION.

This association was organized during the fall term of 1915 by teachers, students and citizens of Round Rock for the purpose of improving and beautifying the college grounds. Any person may become a member by paying the annual fee of 50 cents and otherwise complying with the rules of the association. Monthly meetings are held at the college. Considerable work for the improvement of the campus has already been accomplished.

ENDOWMENT FUND.

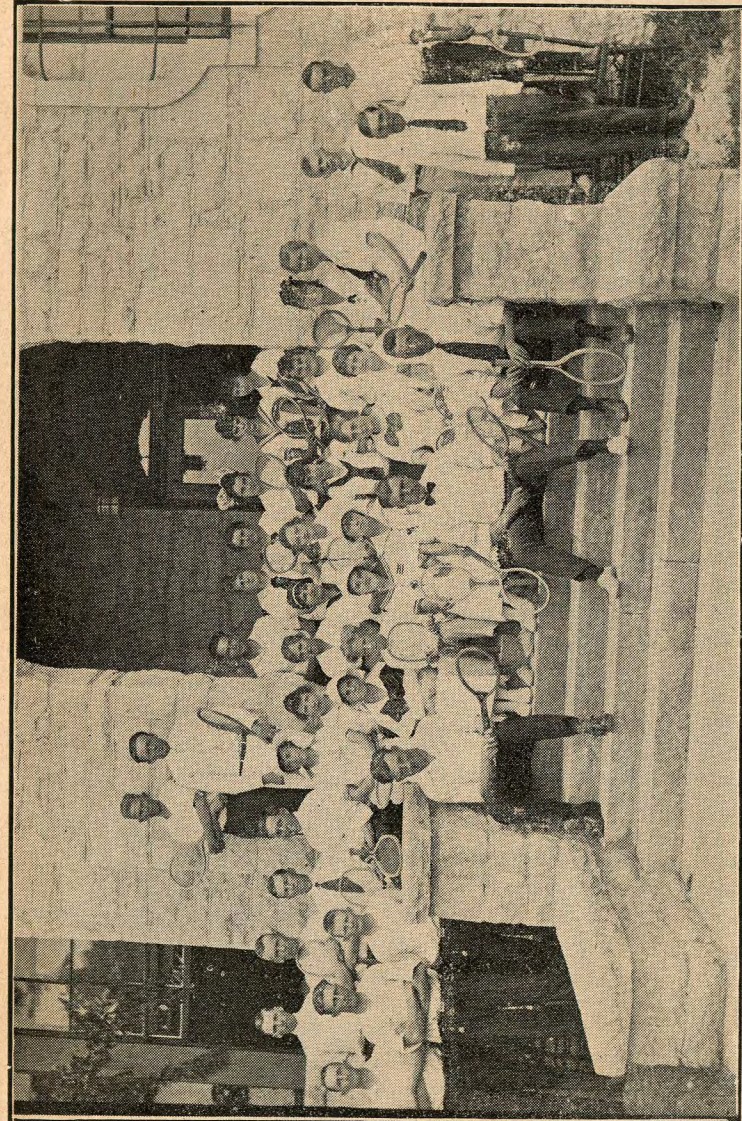

Trinity College is indebted to Mr. C. B. Halvorson for the gift of \$1800, to Mr. H. H. Hauff for donating \$200, to the trustees of the former church at Georgetown for \$500, and to Mr. Elmer G. Johnson of Lyford, Texas for \$200. To this has been added during the year \$150.50 from the Luther League at Austin. We express our sincere gratitude. During the

fall the sum of \$4,000 was subscribed toward the raising of a \$25,000 endowment and debt fund of which three-fourths will be placed to the endowment fund.

DEPARTMENTS AND COURSES.

Trinity College has an ACADEMIC DEPARTMENT offering a College Preparatory, a Normal Training, a Commercial, and a Domestic Art and Science course of study; a BUSINESS DEPARTMENT offering a one and two years' course of study; a SCHOOL OF MUSIC giving courses in piano, voice, string and wind instruments. New departments will be added as needed.

The institution welcomes all young men and women of good character, to whom its work and ideals appeal, to take up the work of any of the courses offered in the different departments.

GROUP OF TENNIS PLAYERS

THE ACADEMY

The Academy provides for the student a general, practical education and culture. Four courses are offered, the College Preparatory, the Normal Training, the Commercial, and the Domestic Art and Science. The work done is estimated in terms of the "unit." A subject (such as Algebra, for example) running one year, that is, thirty-five weeks, five recitations per week, with at least forty minutes for each recitation constitutes one "unit." The laboratory, bookkeeping or typewriting period is twice the length of the recitation period. Eighteen units, including Christianity (one unit) are required for graduation. All students of Swedish parentage are expected to take courses in Swedish equivalent to two units. For admission to the first year an ordinary school education is required. A sub-academic class will, however, be organized for those who are deficient in the common school branches.

COLLEGE PREPARATORY.

The College Preparatory course is arranged so as to meet the entrance requirements to the freshman class of a standard college or university. The eighteen units required for graduation include Christianity 1 unit, English 3 or 4 units, Foreign Languages 2 to 5 units, History and Civics 2 or 3 units, Mathematics 3 units, Science $1\frac{1}{2}$ to 4 units, Swedish 2 units.

FIRST YEAR'S COURSES: Christianity 3 and 4, English 3 and 4, Latin 3 and 4, Mathematics 3 and 4, Science 3 and 4, Swedish 3 and 4.

SECOND YEAR'S COURSES: Christianity 5 and 6, English 5 and 6, German 5 and 6, History 3 and 4, Latin 5 and 6, Mathematics 5 and 6, Swedish 5 and 6.

THIRD YEAR'S COURSES: Christianity 7 and 8, English 7 and 8, German 7 and 8, Latin 7 and 8, Mathematics 7 and 8, Science 5 and 6, Swedish 7 and 8.

FOURTH YEAR'S COURSES: Christianity 9 and 10, English 9 and 10, History 5, 6 and 9, Civics 10, Science 9 and 10, Swedish 9 and 10.

For further information in regard to each course see the "Courses of Instruction." The odd numbers 1, 3, 5, 7 and 9, represent the courses pursued during the First Semester, while the even numbers 2, 4, 6, 8 and 10 designate the courses pursued during the Second Semester.

NORMAL TRAINING.

The Normal Training course aims to give an education adapted for those who wish to prepare themselves to teach in the public schools of Texas. The eighteen units required for graduation include Christianity 1 unit, English 4 units, Education and Methods 1 unit, Foreign Languages 2 to 5 units, History and Civics 2 to 3 units, Mathematics 3 units, Agriculture 1 unit, Reviews 1 unit, Science $1\frac{1}{2}$ to 4 units, Swedish 2 units.

FIRST YEAR'S COURSES: Christianity 3 and 4, English 3 and 4, Latin 3 and 4, Mathematics 3 and 4, Science 3 and 4, Swedish 3 and 4.

SECOND YEAR'S COURSES: Christianity 5 and 6, English 5 and 6, German 5 and 6, History 3 and 4, Latin 5 and 6, Mathematics 5 and 6, Swedish 5 and 6.

THIRD YEAR'S COURSES: Christianity 7 and 8, English 7 and 8, German 7 and 8, Latin 7 and 8, Mathematics 7 and 8, Agriculture 8, Swedish 7 and 8.

FOURTH YEAR'S COURSES: Christianity 9 and 10, English 9 and 10, History 5, 6 and 9, Civics 10, Agriculture 10, Education and Methods 9 and 10, Reviews 9 and 10, Swedish 9 and 10.

For further information in regard to each course see the "Courses of Instruction." The odd numbers 1, 3, 5, 7 and 9 represent the courses pursued during the First Semester, while the even numbers 2, 4, 6, 8 and 10 designate the courses pursued during the Second Semester.

COMMERCIAL.

The Commercial course provides a broad and thorough education along practical lines for those who wish to prepare themselves for the activities of the business world. This course will also prepare the student to take up advanced college work in commerce and finance. The eighteen units required for graduation include Christianity 1 unit, Bookkeeping 2 units, Business Correspondence $\frac{1}{2}$ unit, Commercial Law and Civics 1 unit, English 3 or 4 units, Foreign Languages 2 to 4 units, History $1\frac{1}{2}$ to $2\frac{1}{2}$ units, Mathematics 4 units, Penmanship $\frac{1}{2}$ unit, Science 1 to 3 units, Swedish 1 or 2 units.

SCHOOL OF MUSIC

Trinity College offers excellent advantages to those who wish to secure a musical education. The courses of study are carefully arranged so as to bring the best results to the amateur as well as to those who take up a systematic course of study through a number of years. The atmosphere of a college is also favorable to the progress of the earnest student. A course of four years is prescribed, in which time a scholar doing satisfactory work may attain that grade of proficiency necessary for an unconditional certificate as a teacher and performer. Those completing the two-years' course will receive a conditional certificate, declaring their ability to teach beginners up to the medium grades. Some scholars will complete the course in less time, others may require more time, according to individuality.

Other courses offered by the institution may be pursued simultaneously. Two courses besides Christianity are given free.

PIANO.

FIRST YEAR'S COURSES: Daily technical work, scales, majors and minors, arpeggios, broken chords, octave work. First training in Element of Music. Training of the ear preparatory to chorus work—Doring, Reeman. Selected studies from Heller. Sonatinas by Kohler, Clementi and others. Compositions by best composers. Easy pieces by Bach.

SECOND YEAR'S COURSE: Technic—Scales, major and minor, in common form. Berin's studies. Ensemble playing. Heller's studies continued. Loeschorn continued. Sonatas. Compositions of the great masters. Preludes and other small works of Bach.

THIRD YEAR'S COURSES: Ensemble playing. Scales in all combinations. Selected studies in phrasing. Bach's Inventions and Fuges. Cramer. Fifty studies (Von Bulow). Selection from works of Mozart, Beethoven, Chopin, Schubert, Chaminade, Moskowiski, Grieg, Scharwenka and others.

FOURTH YEAR'S COURSES: Ensemble playing. Singing in Chorus Club. Well tempered Clavichord. Studies and works by Liszt, Henselt and modern composers.

THEORY.

FIRST YEAR'S COURSE: Rudiments of Theory.

SECOND YEAR'S COURSE: Harmony in all branches.

THIRD YEAR'S COURSE: Counterpoint.

FOURTH YEAR'S COURSE: Composition.

VOICE.

In a short period of time a voice can be trained to give best results. The individuality of voices must be recognized and understood to accomplish this. It is the aim of this department to allow the voice to develop naturally to the fullest extent, while awakening in the pupil the ear and good taste necessary to cultured singing.

Special attention will be given to correct breathing, voice placement, phrasing, etc.

Studies by Siebert, Lutgen, Concone, Vaccai, Marchesi and Lablache. Songs suitable to the needs of the pupils.

VIOLIN.

Violin and other orchestra instruments.

A thorough course in the above is offered with the regular side studies as in the Piano Department.

Special opportunity for orchestra practice will be given advanced pupils.
