

NAME: _____

**Round Rock Public Library
Summer Reading Challenge**

June 5 - Aug. 5, 2019

Instructions:

The kids' program (ages 0 - 11) counts minutes or books—choose the one that gives you the most points for the kinds of books you are reading. Teens count minutes.

Color one circle every time you complete one book or 15 minutes of reading. Each circle is worth 15 points.

You'll earn a prize every time you complete 300 points, until you hit 2,400 points. The last day to pick up a prize is Aug. 5.

This form is only a handy tool. To claim prizes, you must update your online log at roundrocktexas.gov/summerreading.

Online tips:

Keep it simple—don't worry about entering your child's points for a specific day. We only need the total points your child earned. Be sure to record your completed missions, too.

Remember, you may go online with the Library's computers or free WiFi. The teen volunteers at the Summer Reading table are also happy to help.
