Time is Running Out to Save the Round Rock, TX Stagecoach Inn

In a time when we are revamping the historic east side of Round Rock, let's not disregard and forget the west side where The Old Stagecoach Inn (Harris Stagecoach Inn), old post office, bathing beach and the Round Rock stand as strong representatives of the history of our city! The Stage Coach Inn is, without question, Round Rock's "Most Endangered Historic Structure." The City of Round Rock has applied for permit to remove the Old Stagecoach Inn, but there is still time to save this historic building and move it to a new site. Don't ignore our History. Save our past to teach our Future citizens and make the Bathing Beach a "must see" stop for visitors to our lovely city.

History needs to be preserved. Find some way to expand 620 that doesn't involve touching the historic building! But if the choice is to demolish the building or relocate it, then for the sake of all residents, past, present and future... move it!

### **This is important because ....**

History needs to be preserved. Find some way to expand 620 that doesn't involve touching the historic building! But if the choice is to demolish the building or relocate it, then for the sake of all residents, past, present and future... move it!

There is so much rapid development in Round Rock, and I feel as though so many unique areas in the city have already been destroyed. We have an amazing history and it's time that these historic sites be saved/preserved. They are a piece of history.... Please explore other options that will save the few remaining sites. Please Save the Old Stagecoach Inn. Place value on our city's history and what remains as a reminder.

Saving this stagecoach stop Building is part of Round Rocks heritage. Repurposing materials a poor substitute

I'm signing because Texas - and in particular this section of Round Rock needs very crucially to be saved. Once you lose historical fabric, you do not have a chance to get it back. I say you leave it where it is, as even that factor is important in the telling of Round Rock's Chisholm Trail past, and sort out some other way, to expansion of the road. Get creative with the road- it's the history that you can't move!

I grew up in Round Rock. I attended Deepwood Elementary the first year it opened. I attended Chisolm Trail Middle School the first year it became a middle school. I graduated RRHS in 1989. Round Rock has grown exponentially since then. Growth is good, and has been very good to Round Rock. However, preserving the city's history, the foundation of said growth, is extremely important. Please show your respect to this great little city by preserving the stagecoach inn.

[Lori Murphy](#), Austin, TX

History is dire for us as humans, especially here in Texas and there is so much! How could we let this beautiful, historic building become nothing, and all just for a road. Yes, 620 is growing full of vehicles, but does that mean we throw away the skilled artisanship of this building that helped make Round Rock the city it is? NO!! Save history....Save Round Rock's history!

[Amanda Besteiro](#), Round Rock, TX

[Julie Short](#), Round Rock, TX

I'm signing because retention of historic monuments for the enjoyment and education of future generations is important, especially in Texas where there hasn't been a legacy of historic events. Our historic landmarks are few and far between, it is detrimental to our state morale and our state pride to continue to place them at the mercy of progress.

[Julie Kaup](#), Hutto, TX

We need history in order to perpetuate our future.

[Carlie Pearson](#), Round Rock,

This is wrong. Compared to other states, Texas has saved very few of its historical buildings due to "lack of funds" and termites. This building is in amazing shape and must be preserved in order for Texas to save what is amaZing about it. Knock down buildings on the other side of the road.. Wendys, the bank.. Move them. Historic buildings absolutely must be preserved and maintained so that the glorious history of our beloved Round Rock is not forgotten!! There is much history here in Round Rock and we can't simply throw away our storied past because someone wants the site for a new building.

Treat it as if it were the homestead of your very own family, dating back 165 years or more...then see if you'd want to get rid of it in exchange for a new Starbucks or the likes. 2¢

[Elizabeth Lehmann](#), Round Rock, TX

Yes, the Inn is a historical building and yes, there are lots of those in Round Rock but Stagecoach Inn represents a past time which not many towns have the honor of possessing. I do not believe the Stagecoach Inn should be demolished, nor do I think it should be relocated to a location which it would go unnoticed except to park visitors, however the second is better than demolition. I believe the Inn should be placed in a location where it will be cared for and admired by many for years to come. Heritage Farmstead Museum has many buildings which have been saved from demolition. Why not try to donate it there, or place it at the location near the Dell Diamond which also hosts a number of old buildings? This type of history can not be seen anymore due to demolition but it needs to be seen. Pictures of places such as these are great for children but as a teacher I strongly believe our young generation would benefit greatly if this piece of history was preserved for the generations to come. Again, I hope The Stagecoach Inn is placed Ina location it can be admired by all and not removed to only be forgotten by the time the next generation reaches adulthood.

My Great-Great-Great Grandfather was John Harris. I agree that a structure with the historical importance to Round Rock of the Old Stage Coach Inn must be preserved. It will be a sad day for Round Rock if this Inn ceases to exist. Remember the building of this structure began a few three years after Texas became a State in 1845.

One thing I would suggest at a minimum is that the Old Stage Coach Inn could be utilized as a Welcome Center for the City of Round Rock much like it was when it was built.

I have been a resident of this wonderful town since 1999, but my husband's family has roots here in Round Rock that span generations. The Zimmerman, Krumm, Lees, and Peterson families have ties to so much of early Round Rock, and with each change that is made to this town, a little bit of their history disappears with it. The Stagecoach Inn is one of the few remaining bits of "old Round Rock" architecture that remains and it is imperative that all efforts be made to save the historical element of Round Rock. Historical architecture such as this should be preserved for the future generations of those who call Round Rock, home.

This site and building is a huge part of not only Round Rock history, but Texas history as well. It deserves to be restored and maintained.

[Lydia Johns](#), Wimberley, TX

When I came to the area in mid 1970s, there were only a few scattered farm houses between Georgetown, Round Rock, Pflugerville, and Austin. And the Stagecoach Inn. It's an important architectural and historical representative of the past well worth preserving.

Please save this historic building for future Texans to view and be proud of.

[Betty Richardson](#), Houston, TX

I am a resident of Round Rock and I firmly believe in preserving our historical landmarks. My hobby is metal detecting. I have donated many historical items over the years to local museums and historical societies. It is vital to preserve history as we move forward in the name of progress.

[Michele Maher](#), Round Rock, TX

I am so very disappointed about the plan to destroy or move this amazing Texas (and Round Rock) historical treasure.

The builder of the Round Rock Stage Coach Inn, John J. Harris, is my great-great-great grandfather. Over many years our family has taken significant pride from this connection and the Inns impact in Texas history. This was a highlight story told in my family throughout the years at family gatherings.

I am in favor of keeping the property preserved in its current location. I understand that "all options" have been apparently considered, but I doubt that the interests of the Inn have taken proper priority over traffic and other considerations. I certainly recognize the complexities involved. I don't feel moving it is a good approach, posing major risk to the integrity and beauty of the structure. Moving the Inn also changes the inherent historic nature of the location...right on the Chisholm Trail, a foundational piece of Texas history.

[Chris Barham](#), Flower Mound, TX

I love that old building, and history is something that can't be recreated!

This important part of Texas History needs preservation now. The price of land varies up and down, but the value of this land includes more than money.

[Beverly Clement](#), Fort Worth, TX

It's a shame that people, especially people who are NOT from Round Rock, are so quick to destroy history. Regardless of what piece of history it is, we need to keep as much of our history as possible.

[Amanda Lincoln](#), Jarrell, TX

I'm signing because this building is obviously a huge part of Round Rock's heritage and that of the American West! Please don't throw it away! I'm sure with the help of private and charitable organizations and funds something could be fine to preserve & move it, and I'd be glad to contribute as well.

[Leslie Olsson](#), Tallahassee, FL

It's important to my friend John.

[Jim Schwarzbach](#), El Paso, TX

I understand the need for the 620 road improvements BUT we need to save what few historical buildings we have left. Move it, okay. Just don't tear it down.

[Joanne Land](#), Round Rock, TX

The Stagecoach system is an important part of Texas History. I remember this inn from when we lived in Texas and would hate to see it destroyed.

[Richard THURSTON](#), New York, NY

we are losing our past, this place has a lot of history and does not need to be lost. if this was Lubbock TX they would just knock it down without asking anyone because they are ass'.

[Cecil Hutcherson](#), Lubbock, TX

When you think you have exhausted all options, look again. There is probably another.

[Ronnie Robinson](#), Round Rock, TX

Our history should be respected and protected.

[Tracy Flowers](#), Byers, TX

Historical place keep it just move it if you have to.

[Megab Robinsion](#), Udall, KS

Texas history SHOULD be preserved!!!! KEEP it---don't be stupid ;0(

[Nancy G Morris](#), Kerrville, TX

I used to live in Austin. This is a tragedy. It was one of the first structures made!

[Cindy Alexander](#), Freeville, NY

The past should not just be thrown out like the trash.

[Shannon Letchford](#), Round Rock, TX

This place is HISTORIC! To tear it down would be a travesty. History must be preserved for the future!

[Elizabeth Thomason](#), Cedar Hill, TX

This building is all that's left of an important period in the history of Round Rock. It could be put to great use as a monument and teaching tool. Please don't let this building go down the same road so many other Texas buildings have gone. We need to preserve our past and our heritage.

[J Milligan](#), Austin, TX

It needs to remain a historical place in our history.

[Judy Wynn](#), Colorado City, TX

The history of this building far outweighs destroying it for a highway. There is no reason that this couldn't be used as a history lesson for tourists along with a place to eat or numerous other ideas. I hate living in a community where all the buildings are new and historical buildings have been destroyed for highways and commercial property with TIFs. Once gone, it can't be replaced.

[Jackie Howell](#), Arnold, MO

Preserve our Central Texas Historical sites!

[Nina Walker](#), Cedar Park, TX

Would love to see Round Rock hang onto (and be proud of) its history. We moved away some time ago (after 23 yrs there) because it had already lost so much of its wonderful 'country, historic town' comfort.

[Carol Martin](#), Llano, TX

The old stage coach building is an important and colorful part of our history !! It is a beautiful old building !!

[Wanda Williams](#), Huntington, TX

We are losing too much of our history and progress can find another way.

[Virginia Baldwin](#), Breckenridge, TX

We have got to stop destroying the wonderful landmarks of great history in Texas.

[Trudy Leggett](#), Austin, TX

Our family loves this place. We have so many memories of family gatherings there. Please do not demolish this historic place!

[Maria Nellie Valverde](#), Corpus Christi, TX

Demolition of this building shouldn't even be a consideration!

[A.S. Drexler](#), Spring, TX

You cannot be serious in tearing down a Texas Landmark for a stupid road that you could move a few freaking degrees over. Use your brain for once!

[Debbie Hohle](#), Moody, TX

I am sick and tired of bureaucrats ridding history just because it doesn't fit into their plans.

[Jane Pitts](#), Oglesby, TX

I am from Round Rock and would like to see the inn saved

[Jimmy Toungate](#), Redmond, WA

Save our history, If you love living here, leave our historical structures alone, move them but save them!

[Mae sliva](#), Round Rock, TX

Round Rock has not been a good steward of our cultural, historic, or natural resources. It's time to change that and here is an opportunity for a good start.

[Terry Erickson](#), Round Rock, TX

we need to preserve the history of Round Rock...

[Heather Girvan](#), Florence, TX

stop ruining our town!!!

[Chelsea Bousquet](#), Round Rock, TX

I believe in the preservation of buildings with historic significance.

[Nita Renick](#), Columbus, TX

I believe in our heritage.

[Jessie Loflad](#), Brenham, TX

I think the whole LCRA plan was not thought out, They took the cheapest route and did not consider what are now well known unintended consequences of ruining Brushy Creek park. My financial support is going towards stopping LCRA.

[David Musser](#), Austin, TX

I'm signing because of the importance of our history to us and future generations of citizens in our City, and, visitors to Round Rock who at the same time bring commerce.

[Claus Markussen](#), Round Rock, TX

I have family in Round Rock and I love the city! :)

[Katie Scevers](#), Fort Worth, TX

We don't have much to save. Can't we save the best we've got?

[Robert Bennett](#), Round Rock, TX

It is such a shame to lose such a historic part of Round Rock. Something could be done with all the engineers and planners we have.

[Mozelle Nicks](#), Round Rock, TX

I'm signing because I remember going here as a child and it's important to save, reuse and repurpose our historic buildings. They bring character and depth to our towns!

[Patricia Capron](#), Hyattsville, MD

Can't believe we're even HAVING this discussion.....PRESERVE THE HISTORY OF ROUND ROCK'S FIRST SETTLERS! - a Proud Round Rock resident

[Heather Schouest](#), Austin, TX

This blows my mind that this request even has to be made in the very FIRST place.....to not destroy one of the ONLY remaining pieces of "Brushy"/Round Rock history?

Look at the toll road and all the lanes IT has as an example as to why the paving of a wider road will not take care of the traffic issues: Even with some people paying as much as \$6 to drive on the toll road's stretch daily, there are STILL traffic jams on there due mostly to distracted driving because people cannot, for the life of them, look up from their I-Phones. On the daily, I end up behind the infamous "rolling road block" comprised of however many drivers it takes to stretch across all lanes of traffic, driving side-by-side in some secret pact to ensure that they - the unofficial "pace cars" they become, don't allow anyone behind them to pass them up, or allow traffic to flow cyclically the way it should. This would be the same scenario, even if you paved a forty laned highway, plowing through every tree on earth and every historic building in its path. DISTRACTED DRIVING IS THE PROBLEM BEHIND TRAFFIC FLOW PRETTY MUCH EVERYWHERE.....IT'S NOT BECAUSE OF THE PRESENCE OF THIS HISTORIC BUILDING NOR BECAUSE OF A SILLY CURVE IN THE ROAD.

PLEASE at least continue to allow me to gaze upon something worthwhile and sentimental while stuck behind Mr and Mrs. I-Phone.....PLEASE?? (Not kidding.....that just happened to me the other day on 620 by Chisholm Trail heading westbound.....got stuck going 15mph behind a distracted driver who had absolutely nobody in front of him.....NOBODY!)

PLEASE don't destroy history so very flippantly with the casual wave of a hand in hopes of curing our occasional traffic issue on 620.....or at least mandate that it's part of the plan only if preservation of history is part of the package.

It's an atrocity, the oh-so-casual ways we, in America, go about plowing over our history - especially in a case like this for something so symbolic of HOW this city became what it now IS from they days of what it WAS. Let's preserve this special piece of what Round Rock WAS, please. We already don't have MUCH to show of what this place was from a historic perspective as it is; already, the old downtown Round Rock I used to know is already completely torn up on Main Street as we speak. At least leave the old Inn INTACT.....PLEASE! (Proud Round Rock resident since 2000)

[Heather Schouest](#), Austin, TX

I moved to Round Rock in 1972 when RR had less than 3000 people. We rented a home on The Chisolm Trail while our home was being built. These old structures in "Old Town" are uniquely significant to the history of Round Rock and the State of Texas. Tearing them down will rob future generations of sharing in the legacy of the Chisolm Trail and Texas' stagecoach era.

[Sharon Hoisager](#), Arlington, TX

I think that the original building was not modified enough NOT to save it. We are losing our history.

[Robert Berry](#), Round Rock, TX

Grew up in Round Rock.

[Scott Mahagan](#), Georgetown, TX

Never remove the old landmarks!

[Jake Merrick](#), Hinton, OK

Round Rock should be striving to preserve the things that make it unique

[Cameron Walsh](#), Cedar Park, TX

I raised my children in Round Rock, my husband was born in Georgetown and grew up in Round Rock... We love our home town

[Rhonda Hardin](#), Kyle, TX

Texas History needs to be saved!

[Jan Story](#), Temple, TX

Part of history. So many things that are part of our history are being destroyed .

[Pam Turnbull](#), Cedar Park, TX

Save the Stagecoach!

[Michelle Reeb](#), Austin, TX

I love Round Rock the way it was when I lived and graduated there. Please keep this towns history alive.

[Amy White](#), Santa Rosa Beach, FL

This kind of history should be preserved not destroyed!

[Lori King](#), Alvin, TX

This is a historical landmark it shouldn't be a question on whether or not to keep it. City Hall needs to step up and save it.

[Dena Loyd](#), Round Rock, TX

Heather Taylor

[Heather Taylor](#), Bacliff, TX

I grew up in RR and do all of my shopping and dining there still. I already don't recognize most of the town I grew up in. Don't take the last of what I do...

[Tim Lockett](#), Hutto, TX

We need to preserve historic places like this.

[Andrew Heinchon](#), Harker Heights, TX

I grew up in round Rock and if this happens it will be a travisity

[Erik Tanner](#), Normangee, TX

This landmark is SO important to the preservation of old Round Rock. Please save this for future generations to savor!

[Jeffrey Krech](#), Round Rock, TX

Why not try to preserve history while plowing head first into the future??

[Michelle Jensen](#), Austin, TX

Please don't remove our history.

[Allison Cramer](#), Round Rock, TX

I am a 5th generation Round Rock native and this is absolutely appalling to such disregard for Round Rock history.

[Sherry Summers](#), Liberty Hill, TX

Once your old historic buildings are gone you can never get them back

[Donna Carpenter](#), Round Rock, TX

This historic beauty was built by my great, great, great grandfather, it's part of our Texas history and should not be demolished.

[Amy Meek](#), Houston, TX

My gg-grandfather lived in Williamson co, and traveled the Chisholm trail. These places are the last connections we have to visibly show our children and grandchildren their past. Don't destroy our past.

[Anita Sutton](#), Round Rock, TX

I want to preserve this important piece of history on the Old Chisholm Trail. If it cannot stay, move it but don't demolish it.

[Bennie Sarrett](#), Round Rock, TX

when i first moved to round rock in 1972, this structure was the home of family friends. i was immediately in 'love' with it's history, charm and the spirits that dwell there. please do not destroy this piece of our town's history. thank you.

[Robin Greenley](#), Austin, TX

We need to preserve our history!

[Christine Chappell](#), Round Rock, TX

As a person who grew up in Round Rock and lives in Williamson County, I feel it's imperative to preserve our local history.

[Christina Downs](#), Granger, TX

This place is a landmark and one view on the way to my Grandparents home. Please save this is part of RR.

[Kathleen Nava O'Donnell](#), Round Rock, TX

I believe Round Rock has lost sight of its historic value. I'm signing for the memory of my Dad, Jack Hoover, who loved this City and it's history and character. I work here and it saddens me how much we have sold out at the expense of what made us special to begin with. Please stop now, before there is nothing left.

[Laurie Hoover Wier](#), San Antonio, TX

I'm from Historic Madison, IN where all historical structures are preserved; it's important to know from whence we came.

[Tom Pruitt](#), Austin, TX

The history of Round Rock must be preserved.

[David Hardin](#), Round Rock, TX

I firmly believe we need to save pieces of our history whenever we can, and if a historic building stands in the way of a road expansion then efforts should be made to move it to a place where it can stand unmolested. The Stagecoach Inn building has a long history as part of the Round Rock community and to demolish it just so people can get to work faster would be a travesty. We as a society suffer when we can't see and touch and know about our past. Let's not make a mistake like that with this opportunity. Please save the Stagecoach Inn.

[Elaine Hellmund](#), Arlington, TX

As a resident of Round Rock Texas I support to preserve the history of our town for generations to come. Sometimes something new is not better! To destroy this historic landmark would be a tremendous loss for our community and would break my heart. Please help preserve our history and not wipe it off the map.

[Angela Monte](#), Round Rock, TX

I'm signing because once history, particularly historical architecture is destroyed, it is lost forever. History is what roots us to our past and provides the growth to a new future. It's a tether to our heart, our history, our past ties to humanity. It tells a story of who we are and what we became. Please do not destroy this beautiful old limestone structure. Don't destroy

The story it has to tell. Do the right thing and preserve its rich historical and architectural presence by at least moving it to a new and appropriate setting for future generations to see and understand its importance in Round Rock's history. Thank you.

[Debra Oliver](#), Cedar Park, TX

The History of this building must preserved!

[Lucas Robinson](#), Round Rock, TX

There are not many vestiges of old Round Rock left. Shame to see this go as well. Round Rock has more TX firsts than some may realize.

[Steve Perry](#), Round Rock, TX

I've lived in RR since 1972 and don't understand why people are just willing to give up and destroy precious historic bldgs instead of preserving our history.

[Tina Williams](#), Hutto, TX

I've lived here since 1972 and don't understand my people would rather destroy historic bldgs instead of saving our history. Plz do not destroy! Safe the RR Stagecoach Inn.

[Tina Williams](#), Hutto, TX

We have already lost way too much of the old Round Rock.

[Linda Haggstrom](#), Round Rock, TX

It's a piece of history!

[Ursula Whitworth](#), Round Rock, TX

I'm from Round Rock. It has a historical and childhood value to me.

[Bobby Torres](#), Round Rock, TX

I'm signing because of the irreplaceable value of the Inn. America is ALREADY laughable in comparison to foreign countries who have centuries-old fixtures of historic and educational importance to their legacies. Can't WE keep something so innocent, simple, historic, and pure around like the Inn for more than at least a couple hundred years? Distracted driving is the main issue with traffic congestion.....not the presence of the Inn. A twelve laned road will STILL be plugged up, as long as the driving culture doesn't change. I'm willing to bet that the old stagecoaches NEVER saw a traffic jam.....for good REASON!!! (NO cell phones ;) PLEASE SAVE THE INN.....Can't believe we even HAVE to ask for this, WOW. =(

[Heather Povsnar](#), Round Rock, TX

The Stagecoach Inn should be relocated and saved because it is the only Stagecoach Inn remaining in Williamson County. The Inn has links to early day transportation, mail, lodging, famous individuals who visited the inn, Chisholm Trail, Brushy Creek, stagecoach routes. The inn is a tangible teaching tool for our youth in learning the successful role pioneers played in the development of Round Rock and Texas. A picture is not worth a 1,000 words in this case. Being able to touch and feel the inn speaks for itself. Even with the changes, the inn remains an important significant building in our City that you can't place a price on it because of its value into the out years.

[Donald Marquardt](#), Round Rock, TX

I want the City to save the inn thru relocation because the inn is the only surviving stagecoach inn in Williamson County. It is a part of our community's heritage with links to the early settlement of our city and Texas. Links to early day transportation, mail, lodging, famous visitors, Chisholm Trail, Brushy Creek, Old Town, Stagecoach Routes and the inn offers tangible teaching tools for teaching our youth and adults about pioneers and their success stories in developing our city and the State of Texas.

[Donald Marquardt](#), Round Rock, TX

We need to preserve our land marks and don't let them fall into the hands of people that only care about forward progress. We need to leave things in there original state and at there original sites. We don't need more highways we need mass transportation. There are too many cases of immanent domain being used to take property for the gain of the private rich man so that he can get richer.

[Zak Brandstetter](#), Weir, TX

Our history should not be destroyed in the name of progress.

[SIMONE TRAVERSE](#), round rock, TX

I'm signing because I grew up in Round Rock and graduated from RRHS in 1980. This inn is a wonderful historical landmark and it breaks my heart that it may be destroyed.

[Kathleen Mansfield](#), Cibolo, TX

All historic sites should be preserved for the future

[Gail Chelak](#), Fulshear, TX

I am so disgusted with developers and Round Rock city council that this would even be a thought! I grew up here and it is just absurd that the historical reference points are being plowed down for concrete or subdivisions. Shame on you

[Tracy Gill](#), Austin, TX

We need to preserve history!! Don't let commercial/residential take over our state's history!

[Danielle Vogels](#), Jarrell, TX

I'm from San Antonio where many of our historical buildings still stand proud! Austin is just a skip and hop where the same should be done...it is our Capital city!

[Yolanda McAninch](#), Spring, TX

My father resides in RR, TX and it is an absolute treasure of a city. Our history, everywhere, is being destroyed faster than we can teach our children. DO NOT destroy more. Save it, love it, teach it.

[Kimberly Coyle](#), Spring, TX

Preserving the DNA of our area keeps it unique from the Austin sprawl. The Old Stagecoach Inn is irreplaceable. Protect our history for our children to experience or it will be forgotten.

[Donna Harp](#), Pflugerville, TX

Heritage means something

[connie rudd](#), Ennis, TX

While changes were made to petition, the Old Stagecoach Inn remains one of the best examples of a stagecoach inn in Texas. It could be the oldest structure in Round Rock. It offers a tangible teaching tool for children & others to learn the history of Round Rock & Texas & how transportation & stage stops spurred the growth of Texas & RR.

[Shirley Marquardt](#), Round Rock, TX

The Old Stagecoach Inn is important because the Inn is the only Stagecoach Inn in Williamson County & is one of the best stagecoach stop examples in Texas. The inn could be the oldest building in RR. The inn is a tangible teaching tool for children & others to learn the history of RR & Texas and how transportation & stage stops spurred the growth of Texas & RR.

[Shirley Marquardt](#), Round Rock, TX

I'm signing because the city has to be stopped. All of the homes on Main west of Mays have been taken from residences to businesses, a move that proves to me that our city planners have absolutely zero regard for the city's history.

[Nancy Bilunas](#), Round Rock, TX

History should be preserved not obliterated. Save The Old Stagecoach Inn!

[Amy Juried](#), Austin, TX

There is so little left of our history!!! The stories of the geese honking when the stagecoach was coming. Save it!!

[Barbara Blizzard](#), Round Rock, TX

I've spent 3 wonderful years living in the panhandle of Texas. I worked at the Panhandle-Plains Historical Museum in Canyon. Please save another part of the history of Texas for future generations to help them understand the foundations of this beautiful state as found in Round Rock.

[William Green](#), Las Cruces, U.S. Outlying Islands

I am tired of efforts not being made to save our history. It could be saved.

[Marta Hubbard](#), Austin, TX

I work in the Historic Preservation field and live in Round Rock. I don't think the building should even be moved from its current location at all. I believe preservation in place is best. But if the Texas Historical Commission after their review under the Texas Antiquities Code (which law applies to this project as it is a City project) allows that the building may be removed, then it should be saved in whole and relocated to the bathing beach to save it as a City treasure and as part of their mitigation. It would also still be near the actual grooves left by the Chisholm Trail at the Round Rock and be able to provide even more interpretive history for the town. But again, I can't see how THC would allow this and feel the structure should be left in place.

[Jodi Jacobson](#), Round Rock, TX

This is an important historic structure to the town of RR and to the state of Texas. It should be saved and moved, not disregarded and destroyed.

[Susan Weiss](#), Dallas, TX

History shouldn't just be torn down & thrown away!!

[Justine Rose](#), Round Rock, TX

My family grew up in Round Rock and all I ever knew was the Stage Coach. If it is taken down then this will be a same..

[melissa boaz](#), Austin, TX

I lived in round rock for years, my children were born there, to loose this building, this historic stagecoach would be insanity. I understand the 620 is a busy road but history is history, please do not lose this valuable historical building for a road, build around it, plan a road above it, anything just don't ruin valuable history

[Siobhan Sullivan](#), Cork, Ireland

Do you know in much of this world, a building this old would be considered fairly new!! Just because it is not all nice and shiny and modern is NO reason to tear it down... Restore it and make an important part of Round Rock's future as it was in the past...

[Renee Vorbach](#), McAllen, TX

Save the Stagecoach Inn! Irreplaceable monument to and piece of our Texas heritage.

[Cara D](#), Austin, TX

I love this place & love to visit & eat there. I never go or visit any other place like I do this once or twice a month from San Antonio tx

[Delia Aguirre](#), San Antonio, TX

I believe in preserving our historical buildings for future generations

[stephanie ludlow](#), Round Rock, TX

We need to preserve our heritagage. If for anything else, for our children.

[Jody Banks](#), Round Rock, TX

I care about Round Rock and too much of our history is being destroyed in the interest of commerce (like the Foust homestead at Old Settlers Park, recently razed to be replaced by Astro turf soccer fields.)

[Gary Oldham](#), Round Rock, TX

This building is next to my neighborhood and is valuable to the city. One reason we moved to round Rock is because of the preservation of history. We watched Austin just tear down their historic buildings while round Rock always seemed to value their historic buildings. This building should be preserved.

[Laura Woellner](#), Austin, TX

We need to save history

[Mary Ann Plakias](#), Round Rock, TX

Because historical artifacts in local areas are becoming obsolete. Buildings are being torn down & kids aren't learning the history. It means so much when a child can see and touch the history.

It's not so boring to others & doesn't appear as just a story being told. Their imaginations run wild with the history lesson.

[Dorothy Perez](#), Austin, TX

This is a historical building that's been here since before Round Rock was created. I do not want to see a piece of history demolished. There has to be a better way for RR620 to be expanded than getting rid of this building.

[Susan Allman](#), Hutto, TX

This is history and we need to preserve it!

Donna Richardson, Round Rock, TX

I love history and feel you should do everything to preserve history for future generations

[Kathy Harper](#), Austin, TX

we need to save historical and special sights like this. We can not be only new and shiny. we must remember the past.

[Ignacio Ruiz](#), Austin, TX

The Stage Coach Inn is a vital part of the history of Round Rock that should and absolutely must remain as that. Demolishing such an important of State and local history is deplorable and there MUST be a way found to prevent this. Please, please listen to our plea for the preservation of this building. My family was in Round Rock from the early 1900's and we know and appreciate the history.

[Cher Imrie](#), Rockwall, TX

History needs to be protected. Imagine Round Rock without the Round Rock. How is this any different?

[Laura Rockwell](#), Round Rock, TX

Historical buildings should be preserved, not destroyed!

[Michelle Baiocchi](#), Round Rock, TX

The first, the oldest stagecoach inn, part of the history of Round Rock. TIME WE SAVE A PIECE OF OUR PAST!

[David Tynan](#), Round Rock, TX

Heritage is as important as progress. Cedar Park for instance is a bedroom community, Round Rock is a long standing city with a strong heritage.

[Dave Shearer](#), Cedar Park, TX

We lived in Round Rock from 1978 until last year and feel the history of Round Rock is important to a growing city.

[Sharon Roberts](#), Houston, TX

I believe that history should be preserved.

[Laurie Moyer](#), Round Rock, TX

We need to preserve our historical landmarks not tear them down.

[Melissa Gorskie](#), Round Rock, TX

I moved to Williamson County in August of 1985 and lived in the RR postal zip. One of the things I loved about the area was there was a sense of history. I believe it is important to have reminders of what came before.

[robby Arnett](#), Hutto, TX

Lets not lose more history. Move it and use it for weddings, history lessons, meetings, etc. Across from the round rock would be great.

[Regina DeLine](#), Round Rock, TX

history should be preserved for our future- especially this one which was so influential in RR history as a stop in the Chisholm trail

[Kellie Jenks](#), Bellaire, TX

My mother was born and raised in Round Rock. Her father, Edward Peterson, was mail carrier for the USPO back when mail was carried on horseback. So much of Round Rock's rich history is being swallowed up by progress. Please preserve what you have left, show respect to the founders. <http://texashistory.unt.edu/ark:/67531/metaph402887/>

[Lorin Ryle](#), Hutto, TX

This building needs to be saved. Just because it lost its "historical designation" doesn't diminish it's place in the history of the city. No one will dispute the need for a bridge over the train tracks but it comes at a tremendous cost to the history and ambiance of the city.

[David Gore](#), Round Rock, TX

This is important because we need to understand our history and our past to put context to our future!

[Shirley Marquardt-Tynan](#), Round Rock, TX
