Minor Plat

Application Process

Minor Subdivision Final Plat Review Process

This chapter of the Development Packet consists of information and required forms for Minor Subdivision Final Plat applications.

The purpose of the Minor Subdivision Final Plat is to allow for a review by the Planning and Zoning Commission and to establish an approved legally recordable plat of the proposed subdivision or addition. The application is intended to expedite the platting process for qualifying subdivision by not requiring the submission and approval of a Concept Plan and Preliminary Plat.

Minor Plat Review Process

An application is submitted on the Official Filing Date and reviewed for completeness (see attached Minor Plat Application Requirements). If the application is determined to be complete, it is distributed for technical and content review (see attached Minor Plat Content). Comments generated during that review are forwarded to the Applicant within 10 calendar days.

The Applicant typically has 1 week to respond to comments. After the applicant has completed the requested modifications or otherwise addressed review comments, an updated plat, specified number of paper copies, and supporting materials shall be submitted to PDS for distribution and review. If all review comments have been satisfied, staff shall recommend that the Planning and Zoning Commission approve the application. Minor plats do not require subsequent City Council approval.

After approval by the Planning and Zoning Commission, PDS staff will notify the Applicant of the Commission's decision. If an application was conditionally approved, the Applicant shall either correct the original mylar submitted with the response to comments, or shall submit a reproducible corrected mylar and a specified number of paper copies to PDS, if applicable.

Any conditions of application approval and/or corrections to the Minor Plat must be satisfied prior to recordation, or within 45 days of approval by the Planning and Zoning Commission, whichever occurs first.

An approved Minor Plat shall expire two years from the Planning and Zoning Commission approval date if it has not been recorded.

Deadlines and Meeting Dates

Applications for Minor Plats are reviewed on a schedule adopted by the Planning and Zoning Commission that reflects state statutory requirements. This schedule includes specific dates for application submittals to City staff and subsequent review by the Planning and Zoning Commission.

Review cycles usually begin on the 1st and 3rd Tuesday of each month. A Planning and Zoning Commission Submittal and Meeting Schedule is included in this chapter and is available online at

http://www.roundrocktexas.gov/main/wp-content/uploads/2014/12/pz_schedule.pdf

Before submitting an application, the Applicant shall verify the deadline for filing an application with Planning and Development Services (PDS) and the date of the Planning and Zoning Commission meeting.

Subdivision Ordinance, Design & Construction Standards, and Other Requirements

This chapter of the Development Packet is intended to assist the Applicant in preparing a formal application. It does not replace the requirements found in Chapter 36, Subdivisions, Code of Ordinances, City of Round Rock, Texas, 2010 Edition, as amended, the Parkland Conveyance or Tree Protection Requirements, or the Design and Construction Standards adopted by the City Council. Please review applicable chapters of the Code of Ordinances and adopted Standards prior to application submittal.

The City of Round Rock Code of Ordinances is at:

https://www.municode.com/library/tx/round_rock/codes/code_of_ordinances?nodeId=14610

The Design and Construction Standards (DACS) are available online at:

<http://www.roundrocktexas.gov/departments/transportation/design-construction-standards/>

Requirements for a Traffic Impact Analysis, Parkland Conveyance, and Tree Protection & Mitigation will vary depending on the scope of the Minor Plat and the date of approval of the existing recorded plat. For additional information, please contact CIP Program Manager Gerald Pohlmeier (512) 218-5589 for the Traffic Impact Analysis; Katie Baker at (512) 341-3355 for Parkland Conveyance; and the Development Services Office at (512) 218-7043 for Tree Protection & Mitigation.

Pre-Development Conference & Minor Plat Certification

Prior to submitting a Minor Plat application, the Applicant shall schedule a pre-development conference with the PDS to discuss the proposed development. A checklist for the pre-development conference is included in this chapter and is available online at:

http://www.roundrocktexas.gov/docs/presubmittal_meeting_request_form.pdf .

At the Pre-development Conference, the Applicant must demonstrate the proposal meets all the Minor Plat criteria (see checklist on following page) in order to qualify for a Minor Subdivision Final Plat application.

Please contact PDS (512) 218-5428 to schedule a pre-development conference for platting. Please forward items noted on the checklist to PDS well in advance of the scheduled conference to allow time for staff review and any associated research. During the pre-development conference, staff will determine if the proposal qualifies for Minor Plat status.

Presubmittal Meeting Request Form

Instructions: Forward the completed form to Roxanne Valadez via fax (512) 671-2751 or email (rvaladez@roundrocktexas.gov) to schedule a presubmittal meeting.

- 1) Requested meeting date:

- 2) Choose one:
Legal Description, Address, or R# from Williamson County Appraisal District

- 3) Proposed land use:

- 4) Contact Name:

- 5) Contact Phone:

- 6) Contact Email:

- 7) Project Owner's Name and Address:

- 8) Questions to be addressed:

- 9) Scope of work and City permitting steps to be discussed:

The presubmittal meeting does not constitute a City review for the purposes of approval or permit issuance. Upon submittal of the appropriate applications comments are to be expected that were not discussed at the meeting. Nor shall the date of the meeting be construed as the submittal date for the application

Minor Subdivision Final Plat Certification Criteria

1. The number of proposed lots does not exceed two (2).
2. There are no requirements for additional off-site or on-site Public Improvements;
3. There is no requirement for a TIA at the subdivision stage, as indicated by a Letter of Deferment or Waiver;

Based on the information submitted at the Pre-Development Conference, the Director of Planning & Development Services, and the Director of Transportation will determine if additional public improvements or a TIA will be required.
