## Water Collection Rebate Application

Name on utility bill: \_\_\_\_\_ City Utility Account #: \_\_\_\_\_

Installation Address: \_\_\_\_\_ Zip: \_\_\_\_\_

Mailing Address (if different): \_\_\_\_\_

Best Contact Phone #: \_\_\_\_\_ Email address: \_\_\_\_\_

**PURPOSE OF PROGRAM:** Rainwater is better for plants than treated potable water, due to higher nitrogen levels; collecting water also reduces erosion on the property; both which contribute to improved plant health.

Equipment	Storage Capacity (gallons) OR Cost (not including tax)	Rebate Amount (not including tax)	Rebate*
Barrels and/or tanks (gallon size of tanks)		\$0.50 per gallon	
Pad material (i.e. sand, pavers, gravel)		50% of material	
Pump		50% of device	
Other materials (i.e. overflow tube)		50% of material	
Gutters (up to \$200 maximum)		25% of cost (not labor)	

Total Rebate= \_\_\_\_\_  
(\*maximum rebate amount = \$600)

### PROGRAM GUIDELINES & AGREEMENTS:

- Applicant must be a **direct** water customer of the City of Round Rock, in good standing (*MUDs not eligible*).
- The water collected at the property will be used for non-potable uses and not connected to the City's potable water supply.
- Barrels purchased directly from the City, are self-made, or purchased second-hand are NOT eligible for rebate.
- Maximum rebate amount per water account, per year, is \$600.
- Applicant may be contacted to schedule a final inspection of the system.
- The City does not endorse specific brands nor is responsible for the performance or repair of the products.
- Dated and itemized sales receipt *must be* submitted with the application within 60-days of installation.
- Rebate check will be mailed 2-4 weeks after completed application is processed and approved.
- The City reserves the right to change program eligibility or end the program at any time, without notice.

**I have read and agree to the terms stated above.** Signed: \_\_\_\_\_ Date: \_\_\_\_\_

## Water Collection Rebate Guidelines

---

The City of Round Rock offers rebates for the collection of water for non-potable uses. The barrels must be installed properly when the application is submitted. Program guidelines are subject to change without notice.

### **Program Qualification:**

- Applicant must be a direct water customer from the City of Round Rock, in good standing (*MUDs not eligible*).
- Only newly purchased barrels are eligible for the rebate. Home-made barrels, barrels previously used, and/or barrels purchased directly from the City of Round Rock ARE NOT eligible for the rebate.
- A purchase receipt must be submitted with the application form within 60-days of installation to qualify. The receipt must include the purchase date, vendor name and address, purchase price, and capacity of the barrel.

### **Rebate Amounts:**

- Rebate is \$0.50 per gallon of storage capacity, not to exceed the tank purchase price.
- Rebate is 50% of the purchase price of pad material, overflow, first flush, and pump to distribute the water. No rebate given on tax.
- Rebate is 25% of the guttering for the water collection area up to a maximum of \$200. This does not include delivery costs or tax.
- The maximum rebate amount per water account, per year, is \$600.
- Rebates are available on a first-come, first-served basis while funding is available.
- *All items used for rain capture is tax-exempt by State Law.* Section 151.355 of the Texas tax Code exempts rainwater harvesting equipment and supplies from state sales tax. To claim this exemption, the purchaser must furnish a Tax Exemption Application Form 01-339 to the supplier of the equipment at the time of purchase. The form is available at <http://www.window.state.tx.us/taxinfo/taxforms/01-339.pdf>

### **Program Details:**

- Barrel must be dark-colored or have an internal liner to prevent sunlight from penetrating the tank.
- Barrel must have screens on openings to prevent debris, insects, or animals from entering barrel.
- Barrel must have an overflow pipe to direct the overflow water away from the base of the collection device to prevent erosion and localized flooding.
- If barrel is made of galvanized metal or wood, it must have an interior liner to prevent rusting or rotting. Unlined metal or wooden tanks are not eligible.
- Rainwater and air conditioner condensate collection is permitted within the City of Round Rock. HOAs cannot prohibit water harvesting; however they may dictate where the barrels may be located on your property. It's your responsibility to request any necessary approval from your HOA.
- Tanks must be level on the ground or on a pad site made of concrete, gravel, or sand; raised wooden pads are not permitted for safety reasons.

### **Rebate Application Procedure:**

- Submit the completed application form along with purchase receipts within 60-days after the collection system is installed.
- Incomplete or illegible applications will be returned.
- You may be contacted for a final inspection.
- The rebate check will be mailed 2-4 weeks after approval and final inspection.
