BACK TO THE BASICS: We know keeping motivated can be tough. Back to the Basics encourages camaraderie while strength training for health benefits!

BARRE ABOVE: Barre Above offers a fusion of yoga, Pilates, strength training, and ballet as well as cardio elements that will keep your heart pumping and your body burning calories. Participants will improve strength, balance, flexibility and posture!

BODY SCULPT: Start resistance training at your own pace to jump-start your metabolism and break down those extra reserves of fat. In these moderate training workouts, you'll work your upper body then lower body, and core using the Lean Phasing technique to help you see results.

BODY WEIGHT BLAST: You don't need anything but your own body for this class. A combination of cardio and strength

CORE CONDITIONING: A strong core equals a strong body! This class focuses on strengthening the core while overall body conditioning to help you become stronger in your daily life!

INTERVAL TRAINING: a mixture of cardio and strength training workout done in an interval format. Using Intervals is the best way to increase calorie burn and boost your metabolism!

MEDITATIVE STRETCH: Bringing an awareness inward helps focus and relax the mind. Using this inner awareness of the body helps guide your attention to the muscles of the body and what needs to be stretched. This is the perfect way to add balance to your fitness by incorporating stretching and mindful awareness in addition to strength and cardio!

POUND ROCKOUT: channel your inner rockstar with this full body cardio-jam session inspired by the infectious, energizing, and sweat-dripping fun of playing the drums!

RELAXING YOGA: **physical req. for this class. You must be able to get on the floor.** If you are unable to get on the floor for this class, we ask that you visit the Chair Yoga class. This class is a gentle yoga class designed to release tension from the body and mind.

RISE AND GRIND: This class is a total body, heart pumping, aerobic and strength conditioning workout. It combines full-body strength training with cardio bursts designed to tone your body, improve your endurance, and clear your mind before you start your body day! Join Us!

ZUMBA: A fusion of Latin dance rhythms featuring interval training using fast and slow sessions.
