

Summer Reading at RRPL: All the details

Everyone reads, everyone wins, PLUS we help our community!

How it works:

Step 1: Register online at roundrocktexas.gov/summerreading

- Start with a brand-new account in READSquared, the library's online tool for tracking points

Pro tip: Setting up a family account allows family members to update several readers at the same time

- Use ReadSquared in an online browser or with the *new* READSquared app
- Need some help? Visit the Summer Reading table

Step 2: Read (or listen to a reader or an audiobook)

Step 3: Record

- Log the time spent reading or listening from June 7– August 2
- You'll be counting either minutes or books

Kids/Teens: 1 minute = 1 point *or* 1 book = 15 points

Pro tip: It's okay to switch from minutes to books and back again—count the way that earns you the most points

Adults: 1 book = 15 points

- Complete missions (special activities) to earn even more points

Step 4: Reward

Earn prizes for yourself, *plus* help us earn 1 million points together

At 1 million points, we will unlock a \$300 donation for the Round Rock Area Serving Center (*thanks to Friends of the Round Rock Public Library*)
