

City of Round Rock Adopted Budget

For the Fiscal Year

October 1, 2020 to September 30, 2021

This budget will raise more revenue from property taxes than last year's budget by an amount of \$3,996,863, which is a 6.2 percent increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$1,290,584.

On September 10, 2020, the following City Council members voted to adopt the fiscal year 2020-2021 proposed budget.

Mayor Craig Morgan
Mayor Pro Tem Writ Baese
Tammy Young
Rene Flores

Matt Baker
Will Peckham
Hilda Montgomery

The amounts above are based on the City's property tax rates calculated or adopted as follows:

Tax Rate	Adopted FY 2021	Adopted FY 2020
Property Tax Rate	\$ 0.439000	\$ 0.439000
No New Revenue Tax Rate	0.425550	0.401615

BUDGET PRESENTATION AWARD

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Round Rock, Texas, for its Annual Budget for the fiscal year beginning October 1, 2019. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

INTRODUCTION

BUDGET PROCESS

The City's budget is a complex document representing the culmination of months of preparation and discussion among the City Council and City staff regarding the best ways to provide services to the community at the greatest value. The process for developing the City's annual budget is a year-round effort spanning the City's fiscal year of October 1 through September 30.

The City Council meets each winter to reaffirm the City's vision and goals and to identify specific actions for the upcoming fiscal year. The resulting strategic plan serves as the foundation of the department budget requests. The Executive Team, made up of the Department Directors, Assistant City Managers, and the City Manager, reviews all budget requests for alignment with Council direction and potential efficiencies. The team works together to refine requests into a balanced proposed budget.

In accordance with the City Charter, the proposed budget must be presented to the City Council by August 1 each year. Typically, Council receives the proposal in early to mid July. Copies of the proposed budget are also made available to the public through the City's website and on file at the Round Rock Public Library. The City Council considers the proposed budget and provides public hearings where public input regarding budget programs and financial impact is heard. Communication regarding the budget is pushed out to the public via the community cable television system, the City's website, social media, and local newspapers. Summaries of fees and tax rate implications are included in these communications.

The budget and the tax rate are formally adopted by the City Council during two separate readings of enabling legislation at regularly scheduled Council meetings in late August and in September. The Adopted Budget and tax rate go into effect October 1 for the start of the new fiscal year. ***Due to the COVID-19 pandemic, the FY 2021 budget process was adjusted to include the City's financial response to the pandemic. Those process changes are noted with bold and italicized additions to the budget calendar.***

January - February

- Council Budget Retreat
- 5-year Capital Improvement Plan & Operating Plan
- Salary & Benefit projections

March - April

- Departments submit budget requests
- Revenue projections
- ***COVID-19 Pandemic***
- ***Budget staff created v- and w- curve scenarios***
- ***Departments identified FY 2020 budget reductions***

- Adopted Budget and Tax rate effective October 1 for new fiscal year.

HOW TO USE THIS DOCUMENT

This budget document is intended to give the reader a comprehensive overview of funding for the City's day-to-day operations, scheduled capital improvement expenditures, and principal and interest payments for the City's outstanding long-term debt. The document complies with recommended practices for fiscal and budgetary transparency of the Government Finance Officers Association (GFOA).

The first three sections, the Budget Message, Strategic Plan, and City Profile, provide an overview of the City's strategic planning efforts and how this budget is targeted to continue to provide high-quality services. The operating expenditures are presented by fund and by department in the General Fund, Utility Fund, Stormwater Fund, and Special Revenue Fund sections to give the reader a clear idea of how resources are allocated across the City's various programs.

The following icons have been created to graphically depict the City Council's six strategic goals consistently throughout the document in order to more clearly identify how the budget is founded on the goals.

September 10, 2020

The Honorable Mayor, Mayor Pro Tem, and City Council
City of Round Rock, Texas

We are pleased to present the City's Adopted Budget for the fiscal year of October 1, 2020 through September 30, 2021. This total budget of \$420.2 million reflects the City Council's continued commitment to long-range strategic planning and City staff's teamwork and collaboration in providing high-value services to Round Rock's citizens and customers. This Budget Message section provides a high-level summary of some of the major components of the budget. The other sections of this document outline the budget in much more detail, both in summary for the whole City and by specific fund.

Although this year has been unlike anything we have ever dealt with, we believe the adopted budget reflects a fiscally responsible approach to improving the City's infrastructure and meets current demands while maintaining the City's strong financial position. Attention has been given to preservation of the City's infrastructure and maintaining quality City services to the growing population. This budget builds on high customer satisfaction ratings and prudent strategies implemented to diversify our economic base. We envision this adopted budget as a policy statement, a financial summary, and a communication tool to show Round Rock has been and will continue to be a premier City, remaining financially sound, and providing high value services.

We wish to thank all the departments and staff members who contributed effort, time, and team spirit in the development of this budget. Furthermore, special thanks are extended to all members of the Finance Department who contributed to this document.

The City of Round Rock's vision is to be:

- **A Family-Friendly Community** that is **Safe and Distinctive by Design**
- **“The Sports Capital of Texas”** and **Major Medical and Educational Destination**
- **An Authentic Downtown** and **choice of Great Neighborhoods**

INCREASING TRANSPARENCY

Texas Comptroller Glenn Hegar has awarded the City of Round Rock 5 Transparency Stars, recognizing the City's efforts to ensure information on the City's traditional finances, debt obligations, economic development, public pensions, and the fifth and final star contracts and procurements are readily available to the public.

The stars, awarded through the Comptroller's Transparency Stars Program, are a great achievement by our Finance Department staff who strive to meet the best practices in transparency. During FY 2020 the City applied for the last remaining star: Contracts and Procurement and was awarded the final star December 2020. <https://www.roundrocktexas.gov/departments/finance/transparency-stars/>

STRATEGIC PRIORITIES

In February 2020, the City Council affirmed and refined Round Rock's 6 strategic goals. The total adopted budget of \$420.2 million is focused on furthering these goals listed below:

**Financially Sound City
Providing High Value Services**

**City Infrastructure:
Today and or Tomorrow**

**"Sports Capital of Texas" for
Tourism and Residents**

**Great Community
to Live**

**Authentic Downtown - Exciting
Community Destination**

**Sustainable Neighborhoods -
Old and New**

The COVID-19 pandemic changed the budget process for FY 2021. Rather than spending the spring developing exciting new programs to expand services to our community, we were in a challenging position with anticipated declines in revenues coupled with new and unique challenges facing our community. But because of a history of fiscal responsibility and financial policies the City had already put into place, we are looking towards a **recovery from a position of financial strength**. Specifics of the types of budgetary reductions that were put into place for FY 2021 include:

- There are no new programs included in the budget, and the proposed spending plan is \$25 million less than the adopted FY 2020 budget.
- The General Fund budget was reduced by \$5.0 million in such a way as to minimize the impact to service levels our citizens have come to expect.
- There are 23.75 positions strategically identified to be held vacant for all or part of the year for budgetary savings.
- No positions or major programs were eliminated.

The City's most recent biennial citizen survey revealed that traffic and transportation is the top concern of our community. While major improvements to I-35, SH45, and U.S. 79 remain under the jurisdiction of TxDOT and outside the scope of our City budget, this adopted budget does include funding for improvements to the City's transportation network that will provide relief to our residents.

BUDGET MESSAGE

STRATEGIC PRIORITIES

Some of these improvements include:

- Continue annual funding for neighborhood street maintenance with \$3.0 million for FY 2021. Since 2012, the City has spent more than \$37.1 million to maintain neighborhood streets. The cost is significant, but not nearly as expensive as having to completely rebuild streets that have failed or are in severe disrepair.
- Planned completions of North Mays Extension and Logan Drive Bridge to increase connectivity.
- Construction of major upcoming road improvement projects - including Kenney Fort Boulevard, Gattis School Road, and University Boulevard.

The City continues to invest in the historic downtown with upgrades in FY 2021 to roads and utility infrastructure in the heart of our community. Some of these upgrades include:

- Transportation and utility infrastructure improvements to the northeast downtown area, including planning and design of a future parking garage.
- The Depot Townhome Development has completed demolition of the old Gypsum Building Supply property just one block south of City Hall. Groundbreaking for the new townhome community is planned for early 2021.
- Funding for the Hometown Holiday Lights, Music on Main, and the Fourth of July Parade has been preserved in FY 2021 to begin holding our family-friendly events in our historic downtown again.

Round Rock's recreation and cultural amenities set our City apart from many municipalities. This FY 2021 Adopted Budget includes funding for improvements and connections to these amenities that will continue to make Round Rock distinctive. Some of these improvements and connections include:

- Trail connectivity is under way. The timing has been delayed due to some right-of-way acquisition challenges, but work is now under way and this adopted budget includes funding necessary to connect our major trail systems and to provide a continuous trail experience across our City.
- The design of our new library facility will be completed in FY 2021. Groundbreaking is planned for spring 2021 with an opening date in late 2023.

CITYWIDE BUDGET

The Fiscal Year 2021 Budget totals \$420.2 million. The expenses are categorized in the pie chart below and are summarized in the pages that follow.

ADOPTED PROPERTY TAX RATE

The adopted property tax rate for FY 2021 is \$0.439000 per \$100 of valuation, same as the FY 2020 nominal rate of \$0.439000.

- The adopted rate of \$0.439000 is an increase of 1.3 cents or 3.2% above the no new revenue tax rate of \$0.425550, which takes into account the 2.8% growth in existing property values from last year.
- New property valued at \$294 million was added to the property tax roll since last year. This amount of new property will generate \$1.3 million in additional property tax revenues for FY 2021.

The median home value in Round Rock for FY 2021 is \$256,347. An owner of a median valued home will pay \$94 per month in City property taxes for next year.

Sales tax continues to be an important revenue thanks to the strong local economy. These sales tax revenues help the property tax rate as well.

- Built into the 2% local option sales tax rate is a half-cent for property tax reduction.
- This piece reduces the property tax rate for FY 2021 by 14.4 cents. That saves the median homeowner \$31 a month or 25% on their monthly tax bill.

BUDGET MESSAGE

GENERAL FUND REVENUES

The City's General Fund Revenues come from a wide variety of revenue sources. A more detailed look at the General Fund Revenues is available in the Revenues Summary section of this document.

Sales Tax **\$48.3M**

For every \$100 in purchases by visitors, residents, and businesses, the City collects \$2 in sales tax revenues. The General Fund gets \$1.50 and the remaining 50 cents goes to the Type B Fund to pay for roads and economic development. Round Rock's unique mix of destination shopping and corporate headquarters generates sales tax revenues that help reduce the property tax burden.

Other Revenues **\$27.2M**

Over 100 different revenue sources make up the remainder of General Fund revenues. Some of these are large, like the Electric Franchise Tax revenues budgeted at \$3.7 million for FY 2021. This category includes fees for the City's many recreation programs, building permits, and other services.

Property Tax **\$44.2M**

The City's property taxes help cover many of our core services including police, fire, transportation, parks and recreation, and the library. Over the past four years the City has opened three new fire stations, added 19 new firefighters and 11 new police officers, and has opened a new Public Safety Training Facility - all thanks in part to property tax revenues.

Taxable Value by Property Type

Round Rock enjoys a diverse and growing economy with all types of development happening across the City. This diversity of land use means that even though *single-family homes make up 93% of the properties in Round Rock*, nearly half of all property tax revenues are paid by owners of commercial and multifamily properties.

GENERAL FUND EXPENSES

The City's General Fund operating expenses in the FY 2021 Budget totals \$119.6 million. A more detailed look at the General Fund Revenues is available in the General Fund section of this document.

Transportation and Planning \$19.1M

Transportation and Planning and Development Services are on the front lines of planning and managing the City's growth and development and maintaining roads and neighborhood streets.

Recreation & Culture \$16.1M

The Parks and Recreation and Library Departments offer the high-quality recreation and cultural services that Round Rock's residents have come to expect.

Support Services \$25.7M

Support Services departments in the General Fund include Administration, HR, IT, Finance, Facilities Maintenance, and Vehicle Maintenance. These departments provide support to all City divisions and functions, including those divisions and functions housed in other funds.

Public Safety \$58.7M

The Round Rock Police Department and the Round Rock Fire Department are always top priorities for the City Council in prioritizing General Fund expenses. The police, fire, and emergency medical protection these departments offer continue to make Round Rock one of the safest cities in the country.

BUDGET MESSAGE

COMMUNITY INVESTMENT PROGRAM

The City has a five-year capital plan that enables long-range, proactive planning for the maintenance, improvements, and expansions to the City's infrastructure. The total cost of the capital plan included in the FY 2021 adopted budget over the next five years is \$652.4 million. Because of our conservative approach to financial planning, only 38% of our planned capital projects will be debt-financed.

Recreation and Culture \$58.5M

A new main library is under design. Extensions to the City's trail system will start soon along with other parks and recreation facility improvements.

Transportation \$270.0M

Road improvements and expansions will improve the City's transportation infrastructure. Major roadways scheduled for expansion include Kenney Fort Boulevard, Gattis School Road, and University Boulevard & McNeil Road extension.

Other Projects \$80.9M

Other projects include a future fire station, construction of new City facilities, and other necessary capital improvements.

Utilities \$243.0M

The water, wastewater, and stormwater systems have some big capital projects underway, including expansions to the regional water and wastewater systems.

Major Capital Projects

Projects	Estimated Completion Date	Total Project Cost
New Main Library Facility	Nov 2023	\$34.9M
Trail Projects (Brushy Creek, Heritage Trail, and Lake Creek)	FY 2021	18.9M
East WWTP Expansion and Re-Rate Improvements (BCRWWS)	FY 2023	127.5M
University Blvd Improvements - AW Grimes to SH130	FY 2022	14.2M
Northeast Downtown Infrastructure Improvements	FY 2022	9.9M
Northeast Downtown Parking Garage	FY 2023	13.4M

UTILITIES AND STORMWATER

Round Rock operates water, wastewater, and stormwater systems that serve over 36,000 customers. There are no water, wastewater, and stormwater rate increases in FY 2020/21.

Water \$38.5M

The City provides water to over 140,000 people within the City limits and the surrounding area. All of these customers rely daily on our water system to deliver clean, safe water.

Stormwater \$8.8M

The stormwater utility accounts for all aspects of the stormwater program associated with stormwater drainage, floodplain management, and water quality management.

SPECIAL REVENUE FUNDS

The COVID-19 pandemic has greatly affected Round Rock's profitable tourism industry. Visitors who come and stay overnight in a Round Rock hotel pay a 9% City occupancy tax that is split between our two tourism-related funds: The Hotel Occupancy Tax Fund and the Venue Tax Fund. We have over 4,275 hotel rooms with the completion of Kalahari and another 551 under construction. Visitors come to Round Rock for the wide-range of indoor and outdoor sporting events held in the Sports Capital of Texas; for our destination-based retail including the Round Rock Premium Outlets; and for the variety of restaurants, outdoor adventures, and numerous lodging options. Round Rock is eagerly awaiting the end of the pandemic and is ready to welcome back tourists.

Hotel Occupancy Tax Fund

The Hotel Occupancy Tax Fund has a FY 2021 Adopted Budget of \$4.1 million which funds the following attractions in Round Rock. The fund is expected to operate with a small operating deficit in 2021. Excess fund balances well above contingency and operating reserve requirements will keep both this fund and the Venue Tax fund operating effectively over the next 12-24 months as the tourism economy recovers.

The Dell Diamond opened in 2000 and is consistently recognized as one of the best minor league stadiums in the country and has one of the highest attendance rates.

The Round Rock Multipurpose Complex opened in May 2017. Since its inception, it has hosted dozens of regional tournaments, national tournaments for US Women's Lacrosse and Quidditch, has been named a home field for a new professional rugby team, and hosted national tournaments of NIRSA National Flag Football Championships and NIRSA Soccer National Championships. Although many events were canceled due to the COVID-19 pandemic, the complex was utilized because of the outdoor social distancing availability. The complex hosted local field bookings and some tournaments.

Venue Tax Fund

The Venue Tax or Sports Center Fund has a FY 2021 Adopted Budget of \$2.5 million which funds the Round Rock Sports Center. Facility rental revenues were sufficient to cover the loss in Venue Tax Revenues.

The Round Rock Sports Center opened in January 2014 and has hosted numerous sporting events as well as banquets, wedding expos, corporate meetings, and other events that bring visitors to Round Rock. Although many events were canceled, the Sports Center re-opened as soon as allowed and remained busy with groups that would typically use public schools or private facilities in the area for play and practice.

Golf Fund

The **Forest Creek Golf Club** was extensively renovated in 2018 and has been nationally recognized as one of the finest public golf courses in central Texas. With ultimate flexibility and within the County Judge and the Governor's guidelines, the golf club was able to remain open and operational throughout the COVID-19 quarantine period. This provided a much needed 'escape' for many local residents and guests in a safe outdoor environment. There were 36,303 rounds played in FY 2019 and over 52,000 rounds played in FY 2020.

LOCAL ECONOMY

COVID-19 has had an unprecedented impact on local economies across the nation. Despite the ongoing pandemic, Round Rock's economy has remained strong. As the largest city in Williamson County and part of the Austin Metropolitan Statistical Area (MSA), Round Rock is a key part of one of the fastest growing regions in Texas and the country. From 2011 to the projected population for 2021, the City of Round Rock has experienced population growth of 19.3% over the past 10 years. Our long-range population estimates predict this increase continuing at a growth rate of around 2% per year for the foreseeable future. The state's strong economy, low unemployment rate, and low rate of overall taxation continues to draw new residents and businesses into Central Texas.

Dell is the largest employer in Round Rock with an estimated 13,000 employees in 2020. Since Dell relocated to Round Rock in 1994 their economic impact to the City has been transformative. Dell remains the City's largest sales tax payer with sales tax receipts projected to continue to grow into FY 2021. Because of the company's commitment to Round Rock, the employment opportunities they offer, and the property tax and sales tax revenues they generate Dell remains a major driver to the City's economy.

Over the next five years new economic development projects will reshape Round Rock's economy by diversifying the economy and bringing in new residents and visitors. The City entered into an agreement with Mark IV Capital for The District on February 14, 2019. The planned \$200 million project will be a live, work, and play community located near the intersection of IH 35 and Texas 45. Initial plans for the development include one million-square-feet of office space, approximately 900 multifamily residential units, a hotel, a high-end grocery store, and retail/restaurant space. This mixed use development will be a great opportunity for continued growth and diversification of the City's economy.

Another potential economic development project is planned for the downtown block where the City's iconic water tower sits. Pearlstone Holdings has expressed intent to redevelop that block that could include 76,000-square-feet of Class A office space, 9,600-square-feet of retail space, a hotel, and a 372-space parking garage.

Amazon has opened a new delivery station in Round Rock. The 32-acre site is located at the Chisholm Trail Center near I-35 and Old Settlers Boulevard. The industrial park has three buildings. The larger building is 180,550-square-feet and is used as the campus distribution center. The smaller two buildings total 260,970-square-feet and are used as parking for employees and delivery vehicles. The delivery station created hundreds of local jobs.

Triple Temp Cold Storage LLC will be operating a new cold storage and manufacturing facility in southwest Round Rock with an anticipated completion date of August 1, 2021. The facility will be 125,000-square-feet on a 10-acre site near Bratton Lane and expected to generate 60 new jobs with salaries averaging \$60,000 a year. The new facility will also serve as an incubator for entrepreneurs to create new food products and take them to market. This cold storage and incubator will be first to market in the Austin-Round Rock area.

BUDGET MESSAGE

LOCAL ECONOMY

East/West Manufacturing is set to open a new 43,000 square-foot facility in Round Rock by August 2021. East/West manufactures electronics and will relocate 30 jobs and create 30 new jobs over five years with the average salary being \$50,000 a year. The company will invest \$5 million into the new facility with an additional \$650,000 in business personal property.

A new Embassy Suites Hotel and Conference Center is being built for \$20 million on about 6 acres of land near Bass Pro Shops and the Round Rock Premium Outlets. The project will bring a 160-room hotel with at least 14,000-square-feet of convention and meeting space and will generate at least 60 jobs. The hotel and conference center is anticipated to open in 2021.

United Parcel Service (UPS) opened a new facility in Round Rock in late 2018. This \$70 million regional distribution center is 225,000-square-feet and is located on fifty acres of land near SH 45 and A.W. Grimes Boulevard. The new center employs more than 300 people with an annual average salary of at least \$50,000.

Kalahari Resorts selected Round Rock as the location of its fourth family resort and convention center. The authentically African-themed Kalahari Resorts and Convention Center features 975 well-appointed guest rooms, full-service amenities, fully equipped fitness centers, on-site restaurants, unique retail shops, state-of-the-art 150,000 square-foot conference center, and a 200,000 square-foot indoor/outdoor water park. This opens up new opportunities for Round Rock and will provide substantial property tax revenues and diversify the local economy and available employment opportunities. The project broke ground on May 15, 2018 and will open November 12, 2020.

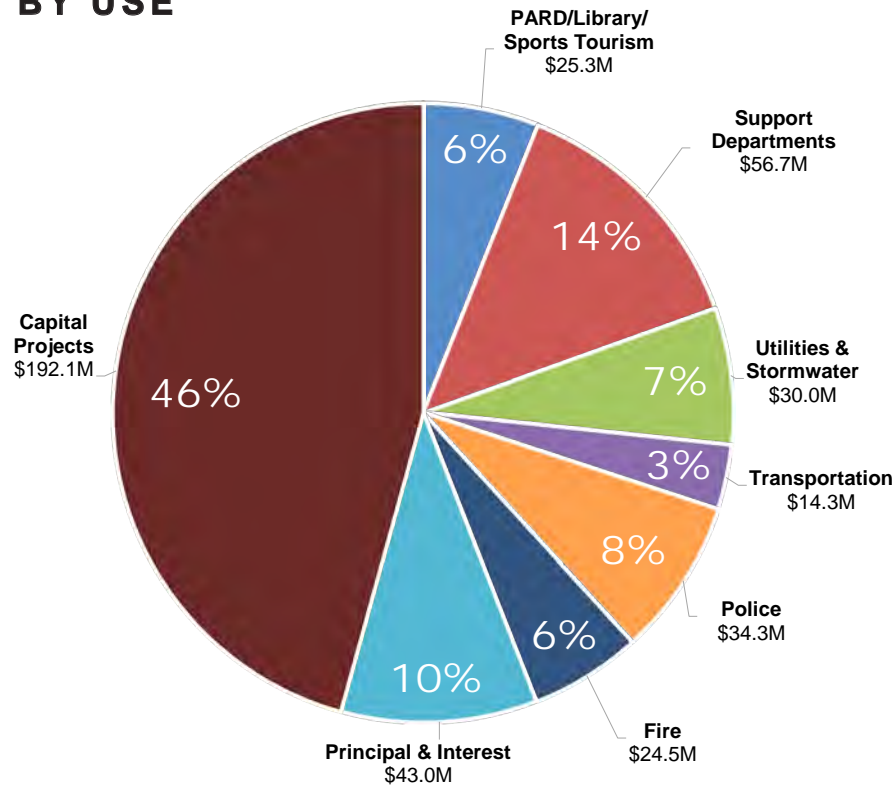

Round Rock also has several higher education facilities, many of which focus on healthcare disciplines. These institutions of higher learning include the Texas State University, Austin Community College, and the Texas A&M Health Science Center. Texas State University opened its newest building, Willow Hall, on May 24, 2018. This \$67.5 million, 107,000-square-foot facility is home to the university's departments of communication disorders, physical therapy, and respiratory care which moved from the university's San Marcos campus as the university continues to consolidate the College of Health Professionals here in Round Rock.

Austin Community College celebrated the opening of a \$33 million, 45,000-square-foot expansion of its Round Rock campus on September 26, 2018. The new expansion features the college's third state-of-the-art ACCelerator with more than 140 computers, advanced science labs, classrooms, and a social staircase where students can

gather to relax or study. The new expansion made room for the enrollment of an additional 1,000 students.

FINANCIAL REVIEW

ALL FUNDS BY USE

The FY 2021 Annual Budget totals \$420.2 million, a decrease of \$24.5 million or 5.5% from last year.

GENERAL FUND

The General Fund is the primary fund for the City and accounts for core services including police and fire service, parks and recreation programs, the Round Rock Public Library, transportation, planning, and various administrative and management functions. Budget reductions totaling \$5.0 million, or a decrease of 4.0%, were identified as a response to the financial shifts as a result of the COVID-19 pandemic. A complete breakdown of these reductions can be found in the Budget Summaries section of this document on pages 50-51.

STAFFING AND COMPENSATION

The budget includes a total of 23.75 full-time equivalents (FTEs) held citywide in response to the COVID-19 pandemic. Of these positions, 13 are for Public Safety, 5 are for Support Services, 4.75 are for Parks and Recreation, 2 are for Planning. The Budget also includes funding for both market-based salary adjustments and pay for performance salary increases.

FINANCIAL REVIEW

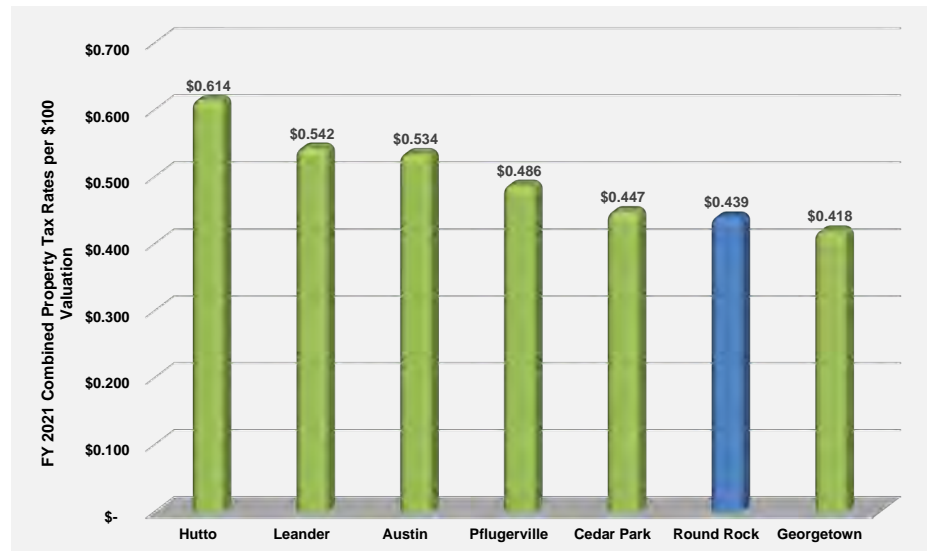

PROPERTY TAX

The FY 2021 certified taxable property value for Round Rock is \$15.4 billion, an increase of 4.8% from last year's \$14.6 billion. The tax rate for FY2021 reflects the changes adopted by the State Legislature regarding the 3.5% cap on the voter approval rate, known as Senate Bill 2. The adopted property tax rate for FY 2021 is \$0.439000 per \$100 of valuation. The tax rate is an increase of 1.3 cents above the no new revenue rate of \$0.425550, and well below the voter approval rate of \$0.460650. In reaction to the COVID-19

pandemic, the City did not consider raising the tax rate to the voter approval rate to keep the tax rate low for citizens. An owner of a median valued home, valued at \$256,347, will pay \$1,125 per year in city property taxes, or \$94 per month.

The 1.3 cents increase in the adopted tax rate over the no new revenue rate allows the City to provide additional funding for roads. For an owner of a median valued home, the impact of a 0.01 cent change in the property tax rate would be \$2.14 per month in City property taxes.

With an adopted rate of \$0.439000, the City continues to have one of the lowest property tax rates in Central Texas and is among the lowest rates in the state for medium-sized cities.

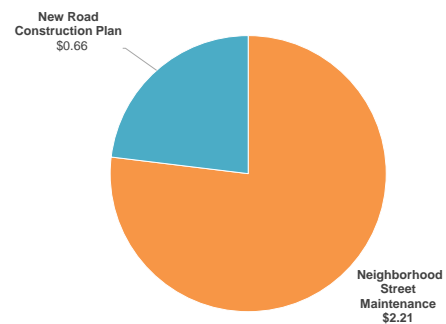

ALLOCATION OF TAX RATE INCREASE

Proposed Tax Rate	\$0.439000
No New Revenue Rate, certified	\$0.425550
PROPOSED INCREASE	1.3 cents
	+3.2% Total

Allocation of Increase	
New Road Construction Plan	0.3 cents
Neighborhood Street Maintenance	1.0 cents
TOTAL PROPOSED INCREASE	1.3 cents

MONTHLY INCREASE \$2.87

SALES TAX REVENUE

The economic environment is a major contributor to City resources. Sales tax provides 40% of the revenue needed for the City's \$119.6 million General Fund budget, and is the primary funding source for the City's Type B Corporation which supports roads and economic development. Total sales tax collections for the General Fund have increased gradually over the past 14 years from \$41.1 million in 2007 to \$48.3 million expected in 2021. The Financial Policies adopted with the FY 2019 Budget included new initiatives to reduce the financial risk of the reliance on Dell as the City's largest sales tax payer.

GENERAL SELF FINANCE FUNDS

The City uses excess revenues and unspent funds to pay for major capital expenses, one-time capital needs, and repair and rehabilitation costs for City parks, streets, public safety equipment, and facilities. Using this pay-as-you-go philosophy has been a major contributing factor to maintaining a low property tax rate and excellent long-term financial stability while limiting new debt and providing high quality, well-maintained equipment and facilities. In FY 2021, the City has designated available cash funds to pay for the following projects.

City-wide	Facilities Repair & Replacement (FY2021)	500,000
	IT Repair & Replacement	500,000
	Capital Equipment & Replacement Reserve	500,000
PARD	PARD Repair & Replace: Buck Egger Park Improvements	250,000
	OSP - Cy Young Restroom Repair	100,000
	OSP - Baseball/Softball Net and Fence Repairs	75,000
Public Safety	Police Radio Replacement Program (Year 7 of 7)	368,000
	Fire Equipment Replacement Program	250,000
	Police Equipment Replacement Program	350,000

Total New General Self Finance Uses/Designations

\$2,893,000

FINANCIAL REVIEW

BUDGET CONTINGENCY PLAN

The City has a long history of strong, proactive financial management and policies. The policies are reviewed and adopted annually during the budget adoption process. Executive management staff used the budget contingency plan established in the adopted Financial Policies as a guide for decision making while responding to the financial implications of the COVID-19 pandemic. These policies provide direction on what steps to take if revenue estimates are such that an operating deficit is projected at year end. The first four steps of the plan were enacted for FY 2021 budget development. They are to reduce pay-as-you go CIP transfers, deferral of capital purchases, expenditure reductions, and hiring delays.

GENERAL FUND RESERVE POLICY

The FY 2021 Budget includes a transfer to General Self-Finance to fund the one-time capital projects listed on the prior page. The City's Concentration Risk Fund, a separate account to provide additional surety on the City's highest sales tax remitters, remains in place. The Financial Policies also include a policy to limit the City's dependence on Dell, our single largest sales taxpayer. Any Dell sales tax in excess of 20% of budgeted General Fund sales tax revenues will be budgeted and deposited in the General Self Finance Construction Fund for pay-as-you-go one-time capital expenditures.

DEBT

The City continues to maintain excellent credit and received an upgrade from Standard and Poor's on its Utility Revenue bonds in December 2017 and General Obligation bonds in October 2018 to AAA, the highest rating of credit worthiness. In August 2018, the Hotel Occupancy Tax (HOT) Fund received a rating upgrade to A+. City debt is managed through dedicated funds and long-term planning for projects. For a more in depth look at the City's outstanding debt obligations, refer to the Debt section of this document.

UTILITY FUND - WATER AND WASTEWATER

The City's water and wastewater operations total \$124.1 million in FY 2021 for operations and capital needs. There will be no water or wastewater rate increases included in the adopted budget. The Utility Fund has saved money by reducing its power costs, improving operations and lowering interest payments by refinancing its debt. More information on the Utility Fund is available in the Utility Fund section of this document.

STORMWATER FUND

This fund provides a stable funding source for the maintenance of the City's stormwater system. There are no rate increases included in the adopted budget. This fund includes \$3.5 million in operating costs and \$5.3 million for capital improvements to the City's stormwater system. More information on the City's Stormwater Fund is available in the Stormwater Fund section of this document.

HOTEL OCCUPANCY TAX AND SPORTS CENTER FUNDS

The local hotel/motel industry has been hit the hardest by the COVID-19 pandemic. These revenues are being watched closely to alert the City to take any additional corrective expenditure cuts. The Budget Contingency policy does provide for the use of excess fund balance if an operating deficit does occur but only with a plan to replenish the fund balance if it is brought below policy level. The City does not expect either fund to fall below policy level. The use of fund balance is one of the last options to explore if other measures are not enough to cover the deficit. The City has over 4,275 hotel rooms with another 551 under construction. Hotel Occupancy Tax proceeds support the City-owned Dell Diamond, the Convention & Visitor's Bureau, the Round Rock Sports Center, and the Multipurpose Complex. More information on the Hotel Occupancy Tax and Sports Center Funds is available in the Special Revenue Funds section of this document.

ROUND ROCK TRANSPORTATION AND ECONOMIC DEVELOPMENT CORPORATION (TYPE B) FUND

The Type B Fund receives its revenue from 0.5 cents of the City's local sales tax. This provides \$18.9 million per year for various transportation and economic development programs. These revenues are allocated between transportation improvements and economic development projects through a 5 year allocation plan adopted by the Type B Board and by the City Council.

COMMUNITY INVESTMENT PROGRAM (CIP)

The City manages its current assets and keeps up with growth through CIP master planning for Parks & Recreation, Roads, Water and Wastewater Utilities, Stormwater, and City Facilities. Over the next five years, the City expects to spend \$652.4 million on improvements in these areas. Around 62% of these expenditures will be made with cash reserves the City has on hand which shows the financial stability of Round Rock. Not having to borrow for well over half of the planned capital expenditures saves the community money. For more details on the CIP, including a complete list of all planned capital projects over the next five years please see the Capital Project Funds section of this document.

5 YEAR CIP BY USE

STRATEGIC PLANNING FOR THE CITY

The Round Rock City Council uses focused long-range strategic planning to ensure the City continues to provide high-quality services well into the future. At the core of this approach to planning is a multi-year strategic plan first developed in 2012. Each year the City Council meets with the City Manager and Department Directors to revisit the strategic plan, recommit to the long range vision, and identify specific measurable actions to be taken to help the City achieve its goals.

The Strategic Plan includes three major components that help focus operations and capital projects on the long-range plan: a broad fifteen (15) year vision, more specific five (5) year goals, and measurable actions to be taken each year to help achieve the goals and the broader vision. By basing the short-term actions on the medium-term goals which are founded on the long-range vision, the City is laying out a strategic path for daily operations, for capital projects, and for the future to continue Round Rock's success.

PERFORMANCE MEASUREMENT

The City uses its strategic plan not only to set policy direction and guide annual budget decisions, but also as a basis against which to gauge the level and quality of City services. By providing information about department performance, the City hopes to allow the public, City Council, and City staff the opportunity to analyze the results, to see if desired outcomes are being met, and to look for ways the City can continue to improve.

This document attempts to provide performance measures for each department along with basic financial information. Each department's section within the General Fund, Water/Wastewater Utility Fund, Stormwater Fund, and Special Revenue Fund tabs provide the department's specific vision and mission, financial and personnel information, and some performance measures. Most of these measures for FY 2021 are basic measures that gauge the level and quantity of services provided to the City's residents and customers. Over the next few years City staff hopes to identify additional measures to assess the quality of service provided and the outcomes to the City's neighborhoods and to the residents resulting from the services.

CITY VISION

The City Council reaffirmed the City of Round Rock's long-range, 15 year vision during the Strategic Planning Retreat in February. The vision provides the foundation for the Strategic Plan and the FY 2021 Budget.

The vision outlined for 2030 is for Round Rock to be:

- A Family-Friendly Community that is Safe and Distinctive by Design
- "The Sports Capital of Texas" and Major Medical and Educational Destination
- An Authentic Downtown and choice of Great Neighborhoods

For each of these components of the vision, these are the guiding principles identified for each.

LONG RANGE FINANCIAL PLANNING

GENERAL FUND PLANNING MODEL

The City uses a 5-year planning model for the General Fund, which provides revenues and expenditures over a long-term period using assumptions about economic conditions and future spending scenarios. This model is developed internally and focuses on the anticipated future funding necessary to meet the City's strategic goals.

Due to the COVID-19 pandemic, the 5-year planning model process changed significantly. The model was not developed the same way it has been developed in past years because of the pandemic and the absence of data and the uncertainty of the future. Early in the development of the FY 2021 budget, staff began tracking recovery with V-shaped and W-shaped recovery curves using outside sources available at the time. These curves display a best-case scenario and a worst-case scenario based on the data we had at that time. Below are the original curves used for select revenue projections for the remainder of FY 2020 and budget for FY 2021. The actual revenues for FY 2020 performed well above the original curve leaving the City in a strong position going into FY 2021.

A full update of the planning model will be performed during the FY 2022 budget process. The model will incorporate General Fund needs necessary to meet the City's strategic goals and to recover from the pandemic from a position of strength.

WATER AND WASTEWATER RATE MODEL

The City regularly updates the long-range water and wastewater rate model and the stormwater rate model. These long-range financial planning tools map out the anticipated revenues and expenses for the funds over the next 10 years based on certain assumptions. A cost of service study will be performed in FY 2021 taking into consideration new capital master plans and demand data. Recommendations for FY 2022 - FY 2024 rates will be presented to Council during Summer 2021. There are no utility rate increases planned for water, wastewater, and stormwater for FY 2021.

ROUND ROCK CITY COUNCIL

Mayor
Craig Morgan

The Mayor and six Council members, acting as the elected representatives of the citizens of Round Rock, formulate public policy to meet community needs and assure orderly development in the City. The City Council appoints the City Manager, City Attorney, Municipal Court Judge and various citizen boards and commissions. The City Council's public policy activities include: adopting the City's annual budget and establishing general objectives; reviewing and adopting all ordinances and resolutions; and approving purchases and contracts as prescribed by City Charter and State Law.

BEST PLACE TO LIVE IN TEXAS

HomeCity.com, a part of Better Homes and Gardens Real Estate, ranked Round Rock Number 5 best places to live in Texas. The publication looked at stats such as population growth, household incomes, house prices, violent crime rates, food quality, public parks, affordability, and commute times.

CITY SURVEY RESULTS

The City believes that it's important to not only plan for and provide adequate levels of quality service, but to also provide a means of measuring and reporting the results of our efforts. When information is provided about the City's performance the City Council, the public, and the staff can determine the value of programs and opportunities for improvements. To fulfill this intention, the City has hired an independent outside agency to conduct a comprehensive biennial citizen survey. The survey has been conducted every two years since 2010; the most recent survey was completed in Spring 2018. The next survey was due in Spring of 2020 but delayed due to COVID-19. Some key results of this most recent survey are summarized here. The complete results are available on the Communication Department's section of the City's website.

OVERALL SATISFACTION WITH CITY SERVICES BY MAJOR CATEGORY

Residents were generally satisfied with City services. Seventy-one percent (71%) of residents who had an opinion were “very satisfied” or “satisfied” with the overall quality of services provided by the City. The City services with the highest levels of satisfaction were fire services (88%); police services (83%); parks and recreation services (83%); emergency medical services (81%); and trash, recycling, and yard waste collection (80%). Residents were least satisfied with transportation planning (28% responded “dissatisfied”), maintenance of streets and sidewalks (20%), enforcement of codes and ordinances (10%), and communication with the public (11%). The City values the input from our residents and several new initiatives in the FY 2021 Budget are targeted to improve these services that received the highest levels of dissatisfaction.

BIGGEST ISSUES FACING ROUND ROCK OVER THE NEXT FIVE YEARS

When asked about the biggest issues facing Round Rock over the next five years an overwhelming majority (85%) of respondents listed traffic as one of their top five concerns. Other popular responses include controlling rapid growth (49%), property taxes (62%), school related issues (33%), and road repair/maintenance (30%). The FY 2021 Budget includes funding for programs to address many of these top concerns, including additional funding for neighborhood street maintenance.

BUDGET REDUCTIONS - GENERAL FUND

The development of the FY 2021 budget was different than it has been in the past. The City anticipated declines in revenues as a result of the pandemic. The City's adopted Financial Policies provide direction on what steps to take if revenue estimates are such that an operating deficit is projected at year end. The first four steps of the plan were enacted for FY 2021 budget development. They are to reduce pay-as-you go CIP transfers, deferral of capital purchases, expenditure reductions, and hiring delays.

The reductions were evaluated carefully and not just across the board reductions. This budget did not add any new programs, and the operating budget was reduced by \$5.0 million in such a way as to minimize the impact to service levels our citizens expect. There are 23.75 positions identified to be held vacant for all or part of the year for budgetary savings.

The initial planning for FY 2021 General Fund expenditure base budget was \$124.7 million, but through planning and each department working together, the City was able to reduce the General Fund budget to \$119.6 million.

PROPERTY TAX revenues are higher in FY 2021 primarily due to the recommended rate. The adopted property tax rate for FY 2021 is \$0.439000 per \$100 of valuation, same as the FY 2020 nominal rate of \$0.439000. The adopted rate of \$0.439000 is an increase of 1.3 cents or 3.2% above the no new revenue tax rate of \$0.425550 which takes into account the 2.8% growth in existing property values from last year.

SALES TAX revenues for FY 2021 were adjusted downward to reflect the recessionary conditions with Dell capped by policy to no more than 20% of net General Fund sales tax revenues, and also for some instability among top sales tax payers. Sales tax revenues help the property tax rate as well. A half cent for property tax reduction saves 14.4 cents on the property tax bill for FY 2021.

OTHER TAXES & FRANCHISE FEES include mixed drink tax, bingo tax, and penalty & interest fees from current and delinquent property tax. Franchise fees collected from electricity, gas, and telecommunications grow modestly with the general population growth. These fees are based on growth revenues; therefore, mild weather can reduce fees received from electric and gas providers. For FY 2020 and beyond there will be a decrease in Franchise Fees due to the impacts of SB 1152, meaning companies pay for the higher fee between communications and cablevision instead of both as it was in the past.

LICENSES, PERMITS, & FEES include planning and development related revenues, beer and liquor licenses, and animal control licenses. Fire Protection Fees offset the City's cost of providing fire protection services to Emergency Service District #9.

SERVICE CHARGES include garbage and brush hauling revenues that reflect the net fee from Round Rock Refuse. Average residential customers pay \$19.37 per month for garbage with the City retaining 15.5% or \$3.00. Lot clearing service charges are collected when City employees remove a nuisance and charge the owner for the service.

PROGRAM REVENUES are mostly recreation fees and charges for all Parks and Recreation programs, rentals, leagues, and the Clay Madsen Recreation Center.

FINES & FORFEITURES include library fines and fees for overdue and lost library material and Police Department fines for citations issued for traffic violations, City ordinance violations, and other provisions of state law.

CONTRACTS & OTHER includes other revenues such as the sales of assets, capitalized lease proceeds, donations and contributions, insurance and grant reimbursements, police reimbursements, and other miscellaneous small revenue categories. Police Reimbursements include overtime reimbursements and the School Resource Officer reimbursements from RRISD. SRO reimbursements started decreasing in FY 2019 due to phasing out the SRO program.

ADMINISTRATIVE SUPPORT SERVICES are transfers from the Utility Fund, Stormwater Fund, and the Type B Fund to reimburse the General Fund for their allocated share of administrative support service costs. The cost allocations are reviewed annually and are based on generally accepted cost allocation methodology.

NO NEW REVENUE TAX RATE INFOGRAPHIC

Steps to Creating a Tax Rate

* hypothetical example

Step 1

Calculating Prior Year Revenues

FY 2020

Taxable Value	1,000,000
Tax Rate	0.50
	$1,000,000 \times 0.50 \div 100$
Revenue Collected	5,000

Step 2

Calculating New Year No New Revenue Tax Rate (NNR)

How do I get the same amount of revenue as last year when appraised values have gone up?

FY 2021

Taxable Value	1,080,000
Prior year Revenue Collected	5,000
	$5,000 \div 1,080,000 \times 100$
Rate needed to collect \$5,000	0.46

Step 3

Calculating Voter Approval Tax Rate

The State allows the M&O tax rate to be 3.5% higher than the NNR rate.

Debt Tax Rate	0.20
New M&O NNR Rate x 8%	0.26×1.035
Maximum M&O rate	0.27
Total tax rate allowed without risking rollback election	$0.20 + 0.27 = \mathbf{0.47}$

The No New Revenue Tax Rate is defined by state law to be the rate that generates the same property tax revenues as the prior year based on the new year's total value of taxable property. This rate has an inverse relationship with property values such that as property values rise the City's total value of taxable property increases, requiring a lower No New Revenue tax rate to generate the same amount of property tax revenues as the prior year.

The Voter Approval Tax Rate is defined by state law as 3.5% higher than the M&O NNR Tax Rate. Recent legislation has decreased the Voter Approval tax rate from an 8% increase over the NNR rate to a 3.5% increase over the NNR rate effective in FY 2021.

PROPERTY TAX TERMINOLOGY

ASSESSED VALUATION - A valuation set upon real estate or other property by a government as a basis for levying taxes. (Note: Property values are established by WCAD and TCAD).

CERTIFIED TAX ROLL - A list of all taxable properties, values, and exemptions in the City. This roll is established by WCAD and TCAD.

PROPERTY TAX - Taxes that are levied on both real and personal property according to the property's valuation and tax rate.

TAX BASE - The total value of all real and personal property in the City as of January 1st of each year, as certified by WCAD and TCAD

TAX LEVY - The total amount of taxes imposed by the City of taxable property, as determined by WCAD and TCAD.

TAX RATE - The amount of tax stated in terms of a unit of the tax base (e.g. cents per hundred dollars' valuation).

WILLIAMSON CENTRAL APPRAISAL DISTRICT (WCAD) AND TRAVIS CENTRAL APPRAISAL DISTRICT (TCAD) - Established under state law and granted the responsibility for discovering and listing all taxable property, appraising that property at market/production value, processing tax payer applications for exemptions, and submitting the appraised values and exemptions to each taxing unit. This listing becomes the Certified Tax Roll for the taxing unit. Approximately 96% of the City's taxable value is in Williamson County and 4% is in Travis County.

Calculating the No New Revenue Tax Rate

$$\frac{\text{Prior Year's Taxes} - \text{Taxes on Property Lost this Year}}{\text{Current Value of Property Taxes in the Prior Year}} \times \$100 = \text{No New Revenue Tax Rate}$$

WATER AND RELATED SERVICES AND WASTEWATER AND RELATED SERVICES revenues are fees from the City's water and wastewater customers for water and wastewater service. There will be no increases in utility charges for FY 2021.

OTHER CHARGES include revenues from Interest Income, Convenience Fees, Connection & Transfer fees, and other smaller fees charged to the City's water and wastewater customers to help fund the water and wastewater systems.

IMPACT FEE revenues are charges to developers to offset some of the costs for expanding the water and wastewater systems for new developments. These revenues are one-time in nature and fluctuate depending on the timing of large development projects. Impact Fee revenues are projected at \$8,250,000 in FY 2021.

CONTRACTS AND OTHER include a variety of revenues for the City's water and wastewater systems. The FY 2021 actuals are projected higher because of the timing of intergovernmental revenues for regional capital projects of which Round Rock is a partner.

ADMINISTRATION

The Administration Department consists of the Mayor and six Council members and the office of the City Manager. These two bodies, working together, are responsible for the formulation and execution of public policy to meet community needs and assure orderly development in the City. The City Manager's Office also provides for the general administration of a multi-million-dollar organization providing a full range of municipal services to over 100,000 customers.

VISION:

Round Rock is a family-friendly community that is safe and distinctive by design, is recognized as the “Sports Capital of Texas” and a major medical and educational destination and has an authentic downtown and choice of great neighborhoods.

MISSION:

Our mission is to provide leadership and foster a culture of high performance, thereby delivering customer value and enhancing public confidence and satisfaction in Round Rock city government.

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS and COVID-19 RESPONSE:

- Renegotiated a contract with the Round Rock Chamber of Commerce
- Completed the land sale for the Depot Development project
- Managed and distributed federal CDBG funds and CARES Act funding to the Round Rock business community and the local serving center during the COVID-19 pandemic

- Kalahari Resorts & Convention grand opening is scheduled for November 2020

FY 2022 OVERVIEW AND BEYOND:

- Continue to monitor legislation regarding streamlined sales tax and how changes could potentially affect the City of Round Rock
- Continue discussions regarding potential future bond elections

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Continue to manage the outcomes of the COVID-19 pandemic as related to local businesses and the Round Rock community

COMMUNICATIONS AND MARKETING

The Communications and Marketing Department develops internal and external communications and citizen participation initiatives. The department is also responsible for marketing Downtown Round Rock and the Shop the Rock initiative. Most media relations are handled through this department. Emphasis is placed on engaging citizens in an ongoing dialogue about City policies and programs in a manner designed to instill trust and understanding in local decision making. Transparency in government is achieved through use of social media, local access television, newsletters and the City's website, keeping citizens apprised of public forums for citizen involvement. The department serves its internal customers through the employee intranet, newsletter, blogs, and social media. Focus on promoting the heart of our city, Downtown Round Rock, has been a City Council priority since 2010.

VISION:

We communicate openly and honestly about all the things that make Round Rock a great place to live and do business.

MISSION:

Our mission is to provide open communication which is vital for city government to build trust with the public and effectively govern. Our purpose is to communicate openly with citizens, employees, the media, public and private organizations, and visitors.

GUIDING COUNCIL STRATEGIC GOALS:

COMMUNICATIONS AND MARKETING**FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:**

- Earned four awards at national City-County Communications & Marketing Association (3CMA), seven awards at statewide Texas Association of Municipal Information Officers and four awards at Texas Association of Telecommunications Officers and Advisors
- Continued making enhancements to the City's digital presence, including redesigns to roundrocktexas.gov
- Redesigned the Shop the Rock website, shoptherock.com, to support more development-oriented news as new businesses continue to open
- Created new video series, "Explore Round Rock," that encourages residents and visitors to visit local shops and restaurants to help generate sales tax revenues
- Started Driving Progress campaign to push information to residents about the City's five-year transportation plan
- Started building a new video production studio using PEG funds for expanded and varied video programming as the digital communications landscape continues to evolve
- Implemented five-year purchase outlook and inventory for PEG-funded equipment related to video production
- Promoted public involvement in the Round Rock 2030 Comprehensive Plan and created a web format for stakeholders to learn more about the plan
- Supported communication with downtown stakeholders on parklets project
- Launched a new tool called PublicInput to consolidate information from in-person and online public engagement efforts. This tool has been used so far to gather input on Parks and Transportation projects, as well as impacts of COVID-19 on residents
- Created a comprehensive web hub in response to COVID-19 with information about City closures and cancellations, executive orders and resources for affected individuals and families

- Created and disseminated public health information via social media, including videos and graphics designed in house, during COVID-19 pandemic
- Increased call to Shop the Rock via ads on social media and in traditional media encouraging people to support local businesses during COVID-19 pandemic
- Provided support and resources to the Round Rock Cares initiative, which raised \$400,000 for local small businesses impacted by COVID-19

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Communications and Marketing will enter FY 2021 with the launch of a new design for roundrocktexas.gov
- No new programs were requested

FY 2022 OVERVIEW & BEYOND:

- Continue to create dynamic, compelling content on available platforms, be they print or digital, on critical issues like capital needs (i.e. bonds), transportation challenges, budget and tax
- Build and enhance the Downtown brand as the area grows and evolves
- Increase focus on advertising in digital media as a potential avenue to disseminate messaging

FINANCE

Management responsibility for all the City's financial activity is centralized in the Finance Department. The Chief Financial Officer develops, oversees, and communicates strategic financial planning, the City's financial policies, debt management, and the day-to-day operations of the Finance Department and its divisions. Major areas of responsibility include: 1) Accounting & Treasury, 2) Budget and Analysis, 3) Municipal Court, 4) Purchasing, and 5) Utility Billing. These functions include purchasing of commodities and services; annual budget preparation; long-term financial planning; revenue forecasting; economic development analysis and support; treasury management, payroll, accounts payable, fixed asset reporting and monitoring capital projects while maintaining accurate and transparent reporting to the citizens of Round Rock.

VISION:

Provide leadership and direction to maintain the financial stability of the City and prepare for future growth.

MISSION:

The Finance Department is responsible for financial planning, policy development, and administration of the City's financial activities.

Finance will achieve our Vision and Mission by focusing on the six Finance Foundations:

- **Drive** – We are dedicated and passionate about providing a positive work environment to enhance motivation. We are self-motivated and strive to improve service excellence.
- **Transparency** – We maintain a level of integrity to promote ethical behavior, openness, and communication. We operate in a way that is easy for others to see what actions are performed to inspire trust.
- **Quality** – We embrace the ongoing process of providing service excellence by assessing,

anticipating, and fulfilling the stated and implied needs of our customers.

- **Respect** – We are a motivated team inspiring a sincere working environment that supports different viewpoints and personalities.
- **Innovation** – We inspire inventive and forward-thinking teams that network, observe, and connect ideas to achieve innovation.
- **Leadership** – We lead by example, providing encouragement and guidance with a positive attitude and are responsible stewards of the management and care of resources. We apply ethical principles to make a significant difference.

FISCAL SUPPORT & LEGAL SERVICES

The Fiscal Support Services department provides funding for general government expenditures that are not allocable to any specific department. Due to the general, strictly financial nature of the Department's charge, oversight of the Fiscal Support Services Department's activities is the responsibility of the City's Finance Department.

The Legal Services Department consists of the appointed City Attorney, the special counsel for the Ethics Commissions, and other outside attorneys retained from time to time to represent the City in specific matters.

VISION:

Provide leadership and direction to maintain the financial stability of the City and prepare for future growth.

MISSION:

The mission of the Fiscal Support Services Department is to provide general financial monitoring, oversight, and support to the City of Round Rock for all expenditures that are not allocable to any specific department.

GUIDING COUNCIL STRATEGIC GOAL:

MAJOR BUSINESS FUNCTIONS:

Fiscal Support Services is a support department for the General Fund. This purely fiscal responsibility center captures expenditures associated with non-allocable costs for the general fund related items. Examples of expenditures include various utility and maintenance costs for City Hall and general fund department's expenditure items such as taxes and insurance. Finally, funding is also provided for not-for-profit social service agencies, compensation consultants, legislative lobbying, and City participation in state and national organizations such as the Texas Municipal League and the National League of Cities.

PLANNING & DEVELOPMENT SERVICES

The Planning and Development Services Department is responsible for land use policy, administration of land development regulations, permit review and inspections, community development, neighborhood services, and code enforcement for the City under the leadership of the Planning and Development Services Director.

VISION:

Round Rock is a diverse, historic, and family-oriented community with a distinct identity as a desirable place to live, work, and play. Residents, government, and businesses are committed to working together to build a quality community.

MISSION:

To provide the citizens and development community with efficient, consistent, fair, and effective development review services; promote quality development and planning programs to enhance the quality of life and facilitate economic growth; and improve the built environment.

GUIDING COUNCIL STRATEGIC GOALS:

PLANNING & DEVELOPMENT SERVICES

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

- Completed and secured adoption of the Comprehensive Plan 2030
- Maintained all development services during the COVID-19 lockdown, including inspections
- Met or exceeded all of our deadlines on development applications, including during COVID-19
- Successfully managed another year of high growth to the tune of a projected \$200 million in new non-residential and multi-family projects, in accordance with established performance measures
- Worked with the Utilities Department to provide outreach for the Atlas 14 data with all landowners (5 acres +) in the City; all civil engineers that have worked in the City since 2017; and the Austin Contractors & Engineers Association (ACEA). Most occurred during the COVID-19 lockdown
- Secured adoption of several land development code amendments to improve ease of use
- During COVID-19 lockdowns, we relaxed temporary signage enforcement for restaurants; extended deadlines for compliance on residential violations; increased lending on lawnmowers, tree saws, and trimmers for homeowners to address violations and had Code Enforcement provide the delivery

- Revised the CDBG Action Plan to provide rent and utility assistance in the amount of \$397,275 to low income residents during COVID-19
- Planning staff provided all Historic Preservation tax exemption inspections this year due to COVID-19

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Continued inclusion of virtual opportunities to maintain and improve service during COVID-19
- Work with Transportation on the implementation of the Roadway Impact Fees.
- Work with IT on implementation of the new land management software system, including electronic plan reviews and application submittals
- Facilitate the development process of the District, City Library, Depot, and Project Tower

FY 2022 OVERVIEW AND BEYOND:

- Consolidate all customer intake areas into a single, comprehensive development assistance counter
- Play an instrumental role in downtown redevelopment
- Comprehensive Plan 2030 Implementation

POLICE

The Police Department provides public safety and enforces federal, state, and city laws and ordinances through proactive and responsive patrol of the City by state-commissioned peace officers. As its business model, the Department believes the best way to fight crime is to forge strategic partnerships that address quality-of-life issues before they become serious public safety or crime problems. The Department also is responsible for animal control; fire and police radio dispatch functions in the City limits; and maintaining the recruiting, training, crime victim, and support functions necessary to maintain a police force of the highest quality.

VISION:

Effectively adapt to the challenges created by a rapidly growing community that is striving to maintain its low crime rate and high quality of life. Deliver policing that responds to the needs of the community and engages them to share in the responsibility of keeping Round Rock a great community.

GUIDING COUNCIL STRATEGIC GOAL:

MISSION:

The Round Rock Police Department, in alliance with our community, provides public safety and promotes a high quality of life.

VALUES:

Community • Honor • Integrity • Pride

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

- With IT, completed a \$2.5 million implementation of a new body worn and in-car camera system
- Added two grant-funded, full-time Victim Advocates to PD's Victim Services Unit – doubling its size
- The annual Operation Front Porch program to reduce holiday package thefts was the 2019 Leadership in Crime Prevention Award from the International Association of Chiefs of Police in October
- Created the new Special Operations Division and added a new commander to manage traffic-related and Animal Control functions, as well as several programs

- In the summer of 2020, PD was looking forward to its first virtual accreditation review. The Department has been accredited through the Commission on the Accreditation of Law Enforcement agencies since 2004
- Overall, the lobby remained open and PD officers and staff kept working throughout the coronavirus pandemic in 2020, taking some steps related to social distancing. Some response was limited to telephone contact, and some public services and events were curtailed
- Unveiled Police-to-Citizens (P2C), a website that allows citizens to directly file police reports and provides a map-based way to view police activity in their neighborhood in nearly real-time
- As schools were closed as a result of COVID-19, School Resource Officers were shifted to patrol and investigative functions
- Managed both the Governor's and County Judge's "Stay Home Stay Safe" orders via an education vs. enforcement approach
- Established protocols for field personnel to continue to conduct business during the COVID-19 pandemic, as well as for employees who may have developed symptoms or been exposed while serving the public

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Resume the Department's normal operations as the pandemic eases
- Complete the phase-out of the School Resource Officer program
- Complete the transition from Uniform Crime Reports (UCR) to the federal National Incident-Based Reporting System (NIBRS) in order to meet deadlines and gain richer criminal offense data
- Evaluate ways to bridge the gap in existing law enforcement services to mentally ill subjects
- Design the rebuild of the Obstacle Course

FY 2022 OVERVIEW AND BEYOND:

- Fully establish a downtown beat to better work with business owners and patrons

RECYCLING/SOLID WASTE SERVICES

The Solid Waste Management Program provides our community with a variety of garbage collection and recycling programs and services. This program includes the management of the household hazardous waste collection events, Deepwood Recycling Center, used oil drop-off locations, and the City's in-house recycling program. Also included in this program is the oversight of the residential garbage collection and disposal as well as the curbside collection program by a third-party contractor. In addition, this program oversees the franchise agreements with the commercial haulers who collect garbage and recycling for all commercial properties in the City. The program promotes environmental awareness to increase recycling and reduce the amount of waste disposed of in the landfill.

VISION:

Be the best at what we do.

MISSION:

Provide excellent service at the best value.

We will achieve our Vision and Mission by focusing on our five Guiding Principles:

- Public Health, Safety, and the Environment – ensure efficient compliance with regulations, minimization of risk, and proactive efforts toward preserving and enhancing our natural resources.
- Financial Strength – strive to know the true cost of service, be transparent and competitive in our rates and fees, and provide a solid fiscal foundation for our customers and financiers.
- Employee Success - select and promote the best, encourage empowerment and leadership at every level, and foster development through continued education and knowledge sharing.
- System Management - proactively plan, monitor, replace, and expand our utility systems to ensure

infrastructure stability, orderly and sustainable growth, and cost efficiencies.

- Operational Excellence - efficiently operate and maintain systems, embrace technology and creative strategies, and strive for continuous improvement in managing and reducing costs.

GUIDING COUNCIL STRATEGIC GOALS:

RECYCLING/SOLID WASTE SERVICES

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

- Continued success diverting waste from the landfill. Recycling volume continues to rise, and despite the growth in population, landfill volume is steadily declining
- Collaborate with the Parks and Recreation Department to incorporate recycling containers in City parks and hike and bike trails
- Extended Household Hazardous Waste (HHW) services to the City of Georgetown
- Modified services to accommodate citizens while the monthly HHW events were canceled due to COVID-19
- Rescheduled the Shred for a Paws Cause and Spring Clean Up events to accommodate residents amid the COVID-19 pandemic
- Effectively modified operations at the recycling center to keep the facility open and services available to our citizens during COVID-19

- Evaluate commercial/industrial franchise solid waste collection and disposal services
- Increase focus on the reduce and reuse aspect of Reduce Reuse Recycle
- Educate the public on best recycling practices to help alleviate contamination of recyclable material
- Seek methods to help improve the commodity market for recyclable material. Explore rebate options for the purchase of items made from 100% recyclable material

FY 2022 OVERVIEW AND BEYOND:

- Continue exploring opportunities to increase recycling volume and decrease landfill tonnage
- Explore strategies for recycling and/or educating the public on yard waste
- Consider partnership opportunities to create more recycling collection events
- Implement the multi-family recycling ordinance

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Explore opportunities for recycling electronics
- Explore opportunities for accepting/recycling glass at our Deepwood Recycle Facility
- Expand the HHW Voucher Program to additional MUDs located in the City's ETJ
- Develop and provide Standard Operating Procedure documents to City departments for properly managing and handling universal/hazardous waste
- Expand the Downtown Trash Modification Project to improve the management and overall aesthetic of the downtown area
- Create the multi-family recycling program strategies and ordinance

UTILITIES ADMINISTRATION

The Administration Division is responsible for providing support and oversight to the seven other divisions of the Utilities & Environmental Services Department which include: Water Treatment, Water Distribution, Wastewater Collection, Wastewater Treatment, Environmental Services, Stormwater Engineering, Operations and Maintenance, and Solid Waste/Recycling Services. This Division oversees the Planning, Engineering, and Construction of the Water, Reuse Water, Stormwater, and Wastewater Systems ensuring proper design and construction of all utility capital improvement projects. This Division also oversees records management, Utility GIS and GPS services, and marketing/communication efforts for the Utilities & Environmental Services Department.

The Environmental Services Division is responsible for the Industrial Waste Pretreatment Program and Laboratory Services. These activities are accomplished by implementing and encouraging pollution prevention activities, enforcing environmental regulations, and quantifying pollutant concentrations.

VISION:

Be the best at what we do.

MISSION:

Provide excellent service at the best value.

We will achieve our Vision and Mission by focusing on our five **Guiding Principles**:

- **Public Health, Safety, and the Environment:** ensure efficient compliance with regulations, minimization of risk, and proactive efforts toward preserving and enhancing our natural resources.
- **Financial Strength:** strive to know the true cost of service, be transparent and competitive in our rates and fees, and provide a solid fiscal foundation for our customers and financiers.
- **Employee Success:** select and promote the best, encourage empowerment and leadership at every level, and foster development through continued education and knowledge sharing.

- **System Management:** proactively plan, monitor, replace, and expand our utility systems to ensure infrastructure stability, orderly and sustainable growth, and cost efficiencies.
- **Operational Excellence:** efficiently operate and maintain systems, embrace technology and creative strategies, and strive for continuous improvement in managing and reducing costs.

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS AND COVID-19 RESPONSES:

Administration:

- Update the City's Water and Wastewater Master Plans and Impact Fees
- Move into the new Utilities and Transportation – Bob Bennett Building
- Increased focus on the Department's Employee Success Guiding Principle to foster and sustain a positive and effective work culture by furthering employee appreciation initiatives and team collaboration opportunities
- Developed a new and improved Employee Recognition Program to recognize employees throughout the year, encourage peer to peer recognition, and acknowledge and promote positivity in the workplace
- Canceled Fix a Leak Week and Drinking Water Week activities due to COVID. Leak detection kits, cease the grease packets, drip gauges, and more were delivered to citizens

Environmental Services:

- Implement a Laboratory Management System in order to better manage sample log-in, analysis results and reporting, and billing for the laboratory
- Due to COVID-19 the laboratory lobby is closed to customers. A table is currently outside the laboratory for customer sample drop off

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

Administration:

- Complete design of 10 MGD Brushy Creek East Regional Wastewater Treatment Plant Expansion
- Continue to design and obtain easements for Phase 2 Deep Water Intake for the Brushy Creek Regional Utility Authority (BCRUA)
- Complete permanent Zebra Mussel Controls at intake structure at Lake Georgetown and Stillhouse Hollow Lake
- Continue to work toward replacing asbestos-cement waterlines located in the City
- Continue to build a redundant water distribution system to minimize customer outages and improve fire safety

Environmental Services:

- Continue to maintain NELAP certifications for both water and wastewater laboratories.
- Improve web-based compliance tools for the Pretreatment Program
- Evaluate strategies for applying the wastewater surcharge to all non-domestic wastewater discharges

UTILITIES ADMINISTRATION

FY 2022 OVERVIEW AND BEYOND:

Administration:

- Construct Phase 2 Deep Water Intake for the BCRUA from approximately 2022-2026
- Complete construction of the 10 MGD Brushy Creek East Regional Wastewater Treatment Plant Expansion in 2023
- Continue to utilize technology throughout the department to help operate more effectively and efficiently
- Continue efforts to sustain a positive, effective work culture through team collaboration and employee recognition

Environmental Services:

- Continue to expand the City's Pretreatment Program to ensure that all Significant Industrial Users are in compliance with the City's regulations
- Continue to operate and expand the City's Water and Wastewater Laboratory

UTILITY BILLING AND COLLECTIONS

Utility Billing Office Division is part of the Finance Department and is responsible for the accounting, billing, and collection of all customer water, sewer, and garbage billings; connecting and disconnecting services; and helping customers.

VISION:

Provide leadership and direction to maintain the financial stability of the City and prepare for future growth.

MISSION:

The Finance Department is responsible for financial planning, policy development, and administration of the City's financial activities.

Utility Billing will achieve our Vision and Mission by focusing on the six Finance Foundations:

- **Drive** – We are dedicated and passionate about providing a positive work environment to enhance motivation. We are self-motivated and strive to improve service excellence.
- **Transparency** – We maintain a level of integrity to promote ethical behavior, openness, and communication. We operate in a way that is easy for others to see what actions are performed to inspire trust.
- **Quality** – We embrace the ongoing process of providing service excellence by assessing, anticipating, and fulfilling the stated and implied

needs of our customers.

- **Respect** – We are a motivated team inspiring a sincere working environment that supports different viewpoints and personalities.
- **Innovation** – We inspire inventive and forward-thinking teams that network, observe, and connect ideas to achieve innovation.
- **Leadership** – We lead by example, providing encouragement and guidance with a positive attitude and are responsible stewards of the management and care of resources. We apply ethical principles to make a significant difference.

GUIDING COUNCIL STRATEGIC GOAL:

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

- Worked to maximize available portal capabilities with system integrations
- Upgraded customer information system to the newest version
- Responded to customer needs during COVID-19 by delaying service interruptions, waiving fees and providing payment plans
- Documented all functions of the division for continuity and cross training of staff

FY 2022 OVERVIEW AND BEYOND:

- Continue to provide excellent customer service and technology enhancements to our customers

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Increase functionality of customer portal
- Hire a new Utility Billing manager
- Develop quarterly and annual statistical reporting and analysis

WATER SERVICES

The City provides water to over 150,000 people living in the City Limits and ETJ. The sources of water are from the Edwards Aquifer, Lake Georgetown, Lake Stillhouse Hollow, and, in the future, Lake Travis. The Operations are divided up into the Water Treatment and Water Distribution Divisions.

The Water Treatment Division handles the treatment of surface water, ground water, and reuse water to a level that meets or exceeds state and federal regulations. This is accomplished by utilizing sophisticated equipment, innovative treatment technologies, and state certified waterworks operators. This Division maintains numerous elevated and ground water storage tanks and several pump stations. The Water Treatment Division is also responsible for the operations of the Supervisory Control and Data Acquisition (SCADA) computer system used to monitor and control the treatment and distribution of water and the collection of wastewater.

The Water Distribution Division is responsible for the operation, maintenance, accountability, and repair of the City's water distribution system. This Division maintains approximately 579 miles of waterlines, 13,481 valves, approximately 31,534 water meters, and 5,036 fire hydrants in the City's water distribution system.

VISION:

Be the best at what we do.

MISSION:

Provide excellent service at the best value.

We will achieve our Vision and Mission by focusing on our five **Guiding Principles**:

- **Public Health, Safety, and the Environment:** ensure efficient compliance with regulations, minimization of risk, and proactive efforts toward preserving and enhancing our natural resources.
- **Financial Strength:** strive to know the true cost of service, be transparent and competitive in our rates and fees, and provide a solid fiscal foundation for our customers and financiers.

- **System Management:** proactively plan, monitor, replace, and expand our utility systems to ensure infrastructure stability, orderly and sustainable growth, and cost efficiencies.
- **Operational Excellence:** efficiently operate and maintain systems, embrace technology and creative strategies, and strive for continuous improvement in managing and reducing costs.

WATER SERVICES

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

Water Treatment:

- Reduced power zq at the Water Treatment Plant (WTP) by replacing all interior and exterior lighting to energy-efficient LED lighting
- Implemented a Self Contained Breathing Apparatus' to be compatible with the Fire Department
- HAZMAT training and certification of employees through TEEX and conducted a HAZMAT training of real-life scenarios with the Round Rock's Fire Department, and HAZMAT Team, and HAZMAT teams of Williamson County, Cedar Park, Georgetown, and Leander
- Cross-train Utility Support employees on the WTP operations
- Reduced electrical costs with electrical improvements on the high service pumps at the WTP, as well as the raw water pumps at Lake Georgetown
- Rehab of PRVs 2, 4, and 9 making the system run more efficiently
- Our staff completed the replacement of the Phase 3 Raw Water slide gate, typically done by a contractor

- Our system and pumps were split into an East and West, and were recently combined, allowing more flexibility and reliability in providing water to our customers
- Transformed South 81 into an operational pump station, allowing us to use more groundwater in the system, boosting our system reliability
- Programmed and adjusted valves in distribution to combine High Country Elevated Storage Tank (EST) and Chisholm Valley EST to fill together from the Southeast Elevated pump station and South 81 EST pump station. By combining these facilities, we have the flexibility to take one tank off-line for maintenance, while still providing service to our customers
- Installed a flow meter at the Barton Hill site on our emergency interconnect with the City of Georgetown, to monitor Georgetown's usage in real-time
- We started taking water from Brushy Creek Regional Utility Authority (BCRUA) to provide water to the City of Georgetown and to the northwest pressure plain in Round Rock
- Installed and wired the new Process Logic Control programming for installation of SC200, pH monitoring, and temperature monitoring for treated water from the Disinfection Basin at the WTP

Water Distribution:

- Installed five additional water sample/pressure monitoring sites. This will allow to be proactive as it gives us a real time representation of what our chlorine residuals and pressure are in certain areas of town
- Added a tie-in from our Reuse system to our wastewater plant to allow our operators to use cleaner water for wash down areas - benefits include using less power, reduce labor required, and proved better water quality

- Leak detected 38 miles of waterlines with 17 leaks identified, all leaks have been repaired with a savings of 31 gallons a minute; this saves on water loss, chemicals, and power
- Meter program identified 190+ 3" or greater meters needing to be changed out to our AMI meters - we now change out five per month and the goal is to have all completely changed out in three years; this will increase accuracy of our meter readings and has the potential to increase revenue
- Implementation of Store Room software to accurately account for all department inventory

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

Water Treatment:

- Raw water intake screen replacement at Lake Georgetown
- Design and install a Chlorine Scrubber at Lake Creek Groundwater Well site
- Permanent chemical feed system at Lake Georgetown for Zebra Mussel control
- Consider replacement of Phase 4 Raw Water slide gate
- Design SCADA upgrades and improvements for the WTP. Communications of the WTP and Distribution system will be upgraded along with the SCADA. Switch to Ignition software, allowing operators to better utilize monitoring and trending of the water treatment process from start to finish
- Create and implement a succession plan to prepare for employees nearing retirement

Water Distribution:

- Continue with our leak detection program; this program has helped reduce our water loss insuring we stay below the recommended national average of 10% loss
- Continue with our valve, fire hydrant, air release and flushing programs, ensuring that all assets are maintained and are working

properly as well as staying in compliance with TCEQ, EPA and AWWA rules and regulations

- Continue adding AMI meters as well as sample/pressure monitoring sites, this will improve our water system with accurate water use readings, chlorine residuals, and pressure readings

FY 2022 OVERVIEW AND BEYOND:

Water Treatment:

- Consider the replacement of filter media, valves, and actuators for filters #9-16 at the plant
- Continue cross-training of Water Treatment Plant personnel
- Continue implementation of succession plan
- Continue training and educating employees to enable them to expand their skills and knowledge in Water Treatment to provide them with the ability to succeed in their profession
- Continue to embrace the use of new technology to enhance the efficiency of the Water Treatment process

Water Distribution:

- Continue to promote staff to upgrade licenses and become dual-licensed if not already
- Continue to improve our valves, fire hydrant, flushing, and leak detection programs by cross-training, obtaining dual-licensing for employees
- Continue to update maps and provide tools necessary for staff to access utility maps on the job site
- Continue promoting the Leadership Development Academy and Fred Pryor training to encourage employee growth and a sustainable workforce
- Install additional sample/pressure monitoring sites around town to control water pressure planes and water quality better

WASTEWATER SERVICES

Operations of wastewater services in the City are divided up into the Wastewater Collection and Wastewater Treatment divisions.

The Wastewater Collections Division is responsible for the maintenance and repair of 7,687 manholes and approximately 400 miles of wastewater line in the City's Wastewater Collection System. This Division is responsible for the operation, maintenance and repair of the City's Wastewater Collection System Lift Stations.

The Wastewater Treatment Division is responsible for the treatment of residential, commercial and industrial wastewater to a level that meets or exceeds state and federal regulations. This is accomplished by using sophisticated equipment, advanced treatment technologies, and state certified wastewater treatment plant operators provided by the City of Round Rock. The City jointly owns the Brushy Creek Regional Wastewater Treatment Plants with the Cities of Austin, Cedar Park, and Leander.

VISION:

Be the best at what we do.

MISSION:

Provide excellent service at the best value.

We will achieve our Vision and Mission by focusing on our five **Guiding Principles**:

- **Public Health, Safety, and the Environment:** ensure efficient compliance with regulations, minimization of risk, and proactive efforts toward preserving and enhancing our natural resources.
- **Financial Strength:** strive to know the true cost of service, be transparent and competitive in our rates and fees, and provide a solid fiscal foundation for our customers and financiers.
- **Employee Success:** select and promote the best, encourage empowerment and leadership at every level, and foster development through continued education and knowledge sharing.

- **System Management:** proactively plan, monitor, replace, and expand our utility systems to ensure infrastructure stability, orderly and sustainable growth, and cost efficiencies.
- **Operational Excellence:** efficiently operate and maintain systems, embrace technology and creative strategies, and strive for continuous improvement in managing and reducing costs.

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:**Wastewater Collections:**

- Improved the in-house Edwards Aquifer Program by adding IT Pipes/Manhole software- this has allowed us to inspect our manholes and allowed rehabilitation and repairs to happen more efficiently and will reduce Inflow and Infiltration into our system, which in turn allows the Wastewater Treatment Plant (WWTP) to treat less wastewater
- Hiring Nezat to consult and train our staff on how to safely and efficiently operate our vactor trucks - this will reduce equipment downtime, reduce maintenance/operational costs, as well as increase production rates; the goal is always to reduce or minimize sewer overflows
- Created a program to inspect our regional wastewater lines and document with an interactive map which has helped to ensure our regional partners are informed about the shared infrastructure and that the infrastructure is properly maintained
- Created an internal Fat Oil Grease (FOG) team that has helped communication between the wastewater line maintenance team and our pretreatment team; the goal is to minimize spills and improve communication when businesses have issues with their grease traps

Wastewater Treatment:

- Continue upgrading and repairing equipment to ensure the effluent water complies with the limits on the permit set by the Texas Commission on Environmental Quality
- Upgraded field lighting and building lighting, upgraded UV efficiency equipment with automatic flow-paced adjustments, replaced all ILS pump VDFs, Blanket detectors, and flow meters
- Inspected Bio-filter Odor Control System for equipment reliability and filter media effectiveness. Rehabilitated both bio-filter

fields in-house and saved \$200,000. Also worked with PARD to get the filter media. (new media mulch, pipe bedding, & geotextile)

- East Regional Wastewater Treatment Plant Expansion construction began spring of 2020
- Upgraded blower operation, which provides air to our treatment process; this improvement is more efficient which in turn saves on power costs
- Installed two new influent lift station pumps for more reliability when pumping wastewater into the treatment process
- Added a weather monitoring station as well as odor sample monitoring sites around the perimeter of the WWTP to help us be more proactive in controlling odors; this is connected to our SCADA system
- Installed Hydrogen Sulfide sensors at the WWTP to monitor gas and ensure staff safety by alarming staff if there's a high reading
- Increased revenue from our septic hauling program by extending the hours for haulers to access the WWTP

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:**Wastewater Collections:**

- Purchase scanning equipment that allows the wastewater staff to quickly and accurately scan and collect manhole data to use in our Edwards Aquifer program
- Conduct confined space entry training and purchase new equipment so that our team can enter into confined spaces and safely inspect and repair manholes
- Install chemical feed equipment on vactor trucks allowing the wastewater team to use chemicals that help reduce grease while cleaning wastewater lines

Wastewater Treatment

- Continue upgrading and repairing equipment to ensure the effluent water complies with the limits on the permit set by the Texas Commission on Environmental Quality

WASTEWATER SERVICES

(New ILS Pump, new scum pumps, new auto-polymer feed System, BCE Security Cameras, complete plant lighting upgrades)

- Continue East Regional Wastewater Treatment Expansion construction. This will include an additional 10 MGD capacity, as well as upgrades to older plant design and equipment. Coordinate, schedule, and execute operations, and maintenance in the facility during construction. This will prepare us for the future growth of the community and surrounding areas

- Continue to update maps and provide hardware necessary for field personnel so that they will be able to access utility maps and the jobsite.
- Continue promoting the leadership development academy as well as Fred Pryor Seminars. This training will allow us to identify, grow and promote a sustainable workforce, which in turn will help succession planning.
- Continue with cross-training program approved by Human Resources. Adopting this program has improved customer service, reduced labor costs, and maximized overall staff efficiencies.

FY 2022 OVERVIEW AND BEYOND:

Wastewater Collections:

- Continue to improve our inflow and infiltration and wastewater repair programs by cross training and obtaining dual licensing for employees.

Wastewater Treatment:

- Continue East Regional Wastewater Treatment Expansion construction.

STORMWATER

The Stormwater Utility funds all aspects of the Storm Water Program associated with storm water drainage, floodplain management and water quality management. The Storm Water Program Division is composed of three areas: Engineering Services, Capital Improvement Program, and Operations and Maintenance.

VISION:

Be the best at what we do.

MISSION:

Provide excellent service at the best value.

We will achieve our Vision and Mission by focusing on our five **Guiding Principles**:

- **Public Health, Safety, and the Environment:** ensure efficient compliance with regulations, minimization of risk, and proactive efforts toward preserving and enhancing our natural resources.
- **Financial Strength:** strive to know the true cost of service, be transparent and competitive in our rates and fees, and provide a solid fiscal foundation for our customers and financiers.
- **Employee Success:** select and promote the best, encourage empowerment and leadership at every level, and foster development through continued education and knowledge sharing.
- **System Management:** proactively plan, monitor, replace, and expand our utility systems to ensure infrastructure stability, orderly and sustainable growth, and cost efficiencies.
- **Operational Excellence:** efficiently operate and maintain systems, embrace technology and creative strategies, and strive for continuous improvement in managing and reducing costs.

GUIDING COUNCIL STRATEGIC GOALS:

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted for specified purposes.

SPORTS MANAGEMENT & TOURISM DEPARTMENT

The Sports Management & Tourism Department concentrates their efforts to promote Round Rock as the “Sports Capital of Texas.” The Department includes several functions in various Special Revenue funds, including costs related to maintaining the Dell Diamond/Convention Center, the Convention Visitors Bureau (CVB) in the **Hotel Occupancy Tax Fund**, the Sports Center in the **Sports Center Fund**, and the Multipurpose Complex in the **Multipurpose Complex Fund**.

COMMUNICATIONS & MARKETING DEPARTMENT

The Arts and Culture division of the Communications and Marketing Department is responsible for implementing the City’s Arts and Culture Master Plan. This office supports the economic development of the community by adding value through the arts to downtown Round Rock and other areas and is funded by a minimum of five percent (5%) of the Hotel Occupancy Tax revenues in the **Hotel Occupancy Tax Fund**.

RRTEDC or TYPE B FUND

The Type B Fund accounts for one-half of one percent (0.5%) local option sales tax authorized by Round Rock voters to fund the Round Rock Transportation & Economic Development Corporation (RRTEDC). These revenues are used for transportation, economic development, and other allowed uses in accordance with a 5-year project spending plan adopted annually by the Type B board and ratified by City Council.

GOLF FUND

The Golf Fund accounts for the collection and expenditure of fees from proceeds the City receives through the Forest Creek Golf Club. Revenue collections include green fees, cart rentals, range fees, concessions and the Pro Shop. Fees collected are used for improvement & maintenance and contracted services for the Forest Creek Golf Club. The Golf Club is managed by Kemper Sports.

OTHER SPECIAL REVENUE FUNDS

The City has several other special revenue funds to account for specific revenue sources that are restricted for designated purposes. These other funds are relatively small and are not outlined in as much detail as the larger funds listed above. These funds are listed below and are described briefly on the last page of this Special Revenue Funds Section.

- Community Development Block Grant (CDBG) Fund
- Law Enforcement Fund
- Library Fund
- Municipal Court Fund
- Parks Improvement Fund
- Public, Educational, and Government Access Fund
- Traffic Safety Program Fund
- Tree Replacement/Landscape Fund

MULTIPURPOSE COMPLEX

The Round Rock Multipurpose Complex (RRMPC) is a world-class outdoor athletic facility that was completed in May 2017. The facility can host a wide variety of sport tournaments and special events such as soccer, lacrosse, rugby, football, ultimate Frisbee and any other sport needing a large flat field. RRMPC features 2 championship fields (one natural grass and one synthetic turf) and 4 natural grass and 4 synthetic turf multipurpose fields with all 10 fields lit with Musco lights. The clubhouse building features 2 team rooms, restrooms, concessions, officials locker room and storage. There are 2 additional restroom buildings located on either end of the quad multipurpose fields; spectator shade structures throughout the facility; 2 playground areas; a festival area; and over 900 parking spaces.

MISSION:

To help promote the Round Rock Multipurpose Complex as a keystone to the sports tourism marketing program of Round Rock.

VISION:

To promote economic diversity by developing the tourism industry in Round Rock.

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

The Round Rock Sports Center

SPORTS CENTER

The Round Rock Sports Center is a world-class indoor sports facility. The facility hosts over 70,000 players and 120,000 spectators annually for tournaments, leagues, and club sports. Focused on national and regional sporting events, the RRSC provides a premier players environment with spectator comfort and family entertainment opportunities. The center features a multi-sport building, outdoor pavilion and plaza, and over 500 parking spots.

VISION:

To help promote Round Rock Sports Center as a keystone to the sports tourism marketing program of Round Rock.

MISSION:

To promote economic diversity by developing the tourism industry in Round Rock.

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

- Hosted 3 separate state championship tournaments for home school and parochial school athletes
- Hosted US Ismaili Games with over 5,000 individuals in attendance over 4 days
- Hosted the Texas USA Wrestling state championships
- Worked closely with booked events during COVID-19 period to reschedule to open dates in 2020 and beyond or refund payments as needed if events were canceled
- Virtual Basketball Training program implemented for 'at-home' activity during COVID-19
- Added one-way traffic dividers at the entrance to help minimize person-to-person contact
- Consulted with users groups on 'best practices' for re-opening and worked together to ensure a safe return to sports and activity
- Performed numerous maintenance tasks throughout the facility that are difficult to complete when facility is in use

SPECIAL REVENUE FUNDS

FY 2021 OVERVIEW & SIGNIFICANT CHANGES:

- Maintain facility appearance & cleanliness to help visitors feel safe
- Increase program and camp participation back to pre-COVID levels

- Add inventory to allow for expansion of events and to operate multiple events simultaneously

The Forest Creek Golf Course was re-opened to the public on October 1, 2018.

FOREST CREEK GOLF CLUB

Forest Creek Golf Club provides hill country golf at its finest. Extensively renovated in 2018, the 7,147 yard par-72 golf course has been nationally recognized as one of the finest public golf courses in central Texas. Other amenities of the course include a full-service bar and grill, event space and an outstanding practice facility enhanced by LED lighting, allowing for practice into the evenings.

Named “Best Public Golf Course in Central Texas” by Golf Digest, Forest Creek offers some of the most fabulous golf in the Texas hill country. Our Golf Course is replete with rolling fairways, pristine greens, and an abundance of native foliage. Our meticulous course maintenance and accommodating staff naturally complement the fantastic course design to create the total golf package.

MISSION:

Differentiate Forest Creek Golf Club from competitors as the premier golf experience in the Round Rock area.

VISION:

Brand and establish Forest Creek Golf Club as a premier golf destination for public play, tournaments, and non-golf events in Round Rock and surrounding areas.

GUIDING COUNCIL STRATEGIC GOALS:

FY 2020 HIGHLIGHTS & COVID-19 RESPONSE:

- With ultimate flexibility and within the County Judge and then the Governor's guidelines, the golf club was able to remain open and operational throughout the COVID-19 quarantine period
- Provided a much needed 'escape' for many local residents and guests in a safe outdoor environment
- In following the guidelines, the golf club staff implemented many different policies and procedures at various times as dictated by the guidelines:
 - Removed 'touch points' such as sand rakes, water jugs, sand bottles, bag stands, etc., from the course
 - Closed the clubhouse for a period of time; requiring all golf course business including food and beverage to be conducted outside of the main clubhouse facility
 - Instituted a 'single rider cart' only policy for a period of time. Instituted a full cart sanitization program between each new user
 - Elevated the golf holes to an above ground position for a period of time

SPECIAL REVENUE FUNDS

FOREST CREEK GOLF CLUB

- Re-opened the clubhouse with the 25%, 50%, 75% guidelines for both the golf shop and our food and beverage service
- Overcame all of the obstacles listed above and are currently ahead of projected net income
- Maintained 66 full golf memberships and 96 player development memberships through May 2020
- Forest Creek Golf Club was selected as a finalist for Golf Inc.'s Renovation of the Year award. A highly prestigious honor within the golf industry
- Added a new 80-cart golf cart fleet to our inventory in July 2020. Each new cart is equipped with GPS touch screen technology – a feature that sets us above almost all other municipal and even public courses within the central Texas market
- Full renovation of the clubhouse restrooms – a much needed improvement that was not completed with the main course renovation project

FY 2021 OVERVIEW AND SIGNIFICANT CHANGES:

- Continue to grow our customer base and further build relationships with our local community
- Increase number of full golf and player development memberships
- Continue to re-invest in the golf course with capital improvement projects funded directly by golf club fund annual net income

FY 2021 OVERVIEW AND BEYOND:

- Continue to operate the golf club as a fiscal 'self-supportive' venue, and roll annual income into the courses Capital Improvement fund
- Fully establish Forest Creek as 'the place' for both local players and out of town guests to visit and enjoy the great game of golf at the best run and most well-maintained course in central Texas

The Parks Improvement & Acquisition Fund helps pay for playground equipment in City parks.

The Library Fund accepts donations by patrons to purchase various books and media.

OTHER SPECIAL REVENUE FUNDS

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

The Community Development Block Grant (CDBG) Fund accounts for the proceeds the City receives through the CDBG program administered by the federal Department of Housing and Urban Development. The funds received are used for capital projects and for social services in low- to moderate-income areas within the City.

LAW ENFORCEMENT FUND

The Law Enforcement Fund accounts for the forfeiture of contraband gained from the commission of criminal activity. Proceeds from the fund are used for law enforcement purposes.

LIBRARY FUND

The Library Fund accepts donations by patrons of the library for various books and videos to be purchased and housed in the Library.

MUNICIPAL COURT FUND

The Municipal Court Fund accounts for fees collected on conviction of certain Municipal Court offenses and is intended to enhance the safety of children, provide the technology for processing court cases, create a security plan for the courtroom, and fund a Juvenile Case Manager program.

PARKS IMPROVEMENT AND ACQUISITIONS FUND

The Parks Improvement and Acquisitions Fund accounts for the collection and expenditure of fees from two specific parks and recreation related sources: (1) sports league teams fees used for the improvement and maintenance of facilities and, (2) park development fees collected from developers of subdivisions who choose to provide cash in lieu of designating parkland. These funds are restricted based on guidelines provided in the subdivision ordinance.

PUBLIC, EDUCATIONAL, AND GOVERNMENT ACCESS FUND

The Public, Educational, and Government Access (PEG) Fund accounts for cable franchise fees which are used for public, educational, and government access purposes consistent with state and federal law.

TRAFFIC SAFETY PROGRAM FUND

The Traffic Safety Program Fund accounted for revenues received through the City's Red Light Camera program which was discontinued effective December 31, 2015. The fund still has some remaining fund balance which will be spent on traffic safety related expenditures during FY 2021.

TREE REPLACEMENT FUND

The Tree Replacement Fund accounts for developer contributions used solely for the purpose of purchasing and planting trees in public rights-of-way, public parkland, or any other City-owned property.

The Type B Fund pays for transportation and economic development projects.

COMMUNITY INVESTMENT EXPENDITURES

Community Investment Program (CIP)

The City of Round Rock has a capital plan which represents the funding plans for City construction and repair projects. A “capital project” is defined as the construction, reconstruction, acquisition, or installation of a physical public improvement with a value of \$50,000 or more and a useful life of at least five years. The City looks to the future for planning community growth and development and providing citizens with quality services and programs. The City meets the challenges of growth by providing the needed capital improvements and infrastructure.

The City’s capital projects are paid for with a self-funding, “pay-as-you-go” approach, Type B sales tax, or borrowed funds.

The projects funded are essential to the City’s future, reflecting how Round Rock will evolve in the coming years. Many of these projects have a significant impact on the City’s plan to stimulate growth in the local economy. These projects are “quality of life” improvements for the City as a whole.

Planning

Master planning involves assessing the needs of the community through citizen and customer surveys, researching technological innovation, demographic trend analysis, and observation of other factors affecting the community. This assessment also determines the needs of each City department for its area of responsibility and makes informed assumptions concerning the community’s general needs for an ultimate growth scenario. This assessment combined with the City Council’s direction, provides a foundation for master planning. Some of the planning documents include:

- Transportation Master Plan
- Water Master Plan
- Wastewater Master Plan
- Parks and Recreation Master Plan
- Citywide Trails Master Plan
- Facilities Master Plan

These planning documents are updated every three to ten years with a major amendment at the five year midpoint. Updates and amendments are presented to the Council and the public through formal hearings.

The City’s Strategic Plan contains goals which serve as the foundation of the entire budget and also guides the planning and prioritization of capital projects.

COMMUNITY INVESTMENT EXPENDITURES

PROJECT SELECTION

The master planning process and documents establish near term planning horizons for the initial ranking of capital improvement projects. City staff determines the timing, cost, and priorities for each project to further refine ranking which is coordinated with the City Manager. This information is used to translate Council priorities into project priorities. Final priorities are approved by the City Council. In the case of a general obligation bond, project approval must be obtained from the voters.

One of the key elements in developing and coordinating capital projects is identifying the funding sources. This requires the review of potential internal and external funding sources and assessing the City's financial condition and the ability to service existing and new debt. The evaluation of the best source of funds needed for capital projects provides the foundation for the proposed project.

Using the prioritized list of needed improvements along with the assessment of sources and availability of funding, the capital improvement spending plan is prepared. The plan identifies the capital improvements that are programmed in the next fiscal year. The capital improvement spending plan is presented to Council for approval and then used by City staff to execute projects.

The CIP project selections will vary from year to year due to changes in priority and needs of the City. With the annual review and planning process the five year road map evolves to meet those needs and priority changes.

The total 5 year CIP plan is \$652.4 million allocated into categories as noted in the following chart.

5 YEAR CIP BY USE
\$652.4M

PROJECT MANAGEMENT

The City of Round Rock executes projects that meet the needs of the citizens within schedule and cost constraints. City staff uses a comprehensive method for managing projects which begins during the planning process and continues through project close out. Project management starts with establishing the project's technical requirements, scope, cost estimate, scheduling and an annual operating cost estimate. Once a project has been executed, City staff monitors at all levels for adjustments to scope, scheduling, and cash flows. Cash flows determine the timing and size of project expenditures to assure the project's financial commitments.

Annual operating cost estimates and potential savings resulting from a capital project are developed during the planning process and used as an element in ranking project priority. Annual operating costs can include personnel, equipment, scheduled repairs, maintenance, and utilities. Annual savings can include a reduction in any of these costs. Future operating budgets will reflect these costs and savings in the year the budget is impacted, though funding is still contingent on City Council approval of the annual budget.

MULTI-YEAR COMMUNITY INVESTMENT PROGRAM PROJECT SUMMARY

The CIP is a 5-year plan that forecasts spending for all anticipated capital projects. The plan addresses repair and replacement of existing infrastructure, as well as the development or acquisition of new facilities, property, improvements, and capital equipment to accommodate future growth. As a planning tool it enables the City to identify needed capital projects and coordinate facility financing, construction, operation, and scheduling. The CIP encompasses the following components.

General Government

These projects include municipal facilities, parks and park improvements, sidewalks, landscaping, traffic signals, and public safety capital equipment and facilities. Projects in this component are funded from resources such as property tax, sales tax, and the issuance of authorized bonds.

Transportation

In August 1997, the Citizens of Round Rock authorized the adoption of an additional sales and use tax within the City at the rate of one-half of one percent, with the proceeds to be used for arterial roadways and other related transportation system improvements. In 2011, the citizens voted to approve expanding the use of funds for economic development while maintaining the transportation infrastructure efforts. As a result the Round Rock Transportation and Economic Development and Corporation (RRTEDC) oversees the expenditures of this special sales tax for transportation and economic development purposes with the approval of the City Council. In 2019, the City issued \$30 million of certificates of obligation to kickoff a 5 year \$240 million road expansion program. In 2020, an additional \$30 million was issued. This was the second of five anticipated issuances, approximating \$140 million.

Water and Wastewater Utilities, and Stormwater

These projects are major water and wastewater repairs, replacements, and the development or acquisition of new facilities. Water and wastewater utility projects are funded from the sale of water and wastewater services, utility impact fees, and the issuance of revenue bonds. Stormwater projects include regional detention and stormwater improvements and are funded from stormwater fees, both residential and commercial and the issuance of revenue bonds.

CIP OPERATIONAL IMPACTS BY PROJECT

The City evaluates potential operating impacts as part of its annual CIP update process. For budgeting purposes, only those impacts that are material and readily identifiable and measurable are included in this analysis and used for long-term financial planning purposes.

ADMINISTRATION & COMMUNICATIONS

ADMINISTRATION

Administration was allocated a one-time capital equipment and replacement reserve for FY 2021. The purpose of the reserve is to provide support for the various City departments if a need arises.

COMMUNICATIONS

Communications has developed a five-year capital plan for Public, Educational, and Government Access fees that enables long-range, proactive planning for the purchase of equipment and capital items associated with the City's public access channel, Channel 10. The five-year plan is revisited on an annual basis during the budgeting process to make any necessary adjustments. Chapter 66, Sec. 66.006 of the Texas Utilities Code restricts the use of PEG fees to expenditures "as allowed by federal law." As such, PEG fees may be spent on capital cost items for PEG access channel facilities, which generally includes all physical facilities and equipment used to provide capacity, programming and transmissions for Channel 10.

INTERNAL SERVICES

FACILITY MAINTENANCE

Facility Maintenance coordinates all the building maintenance throughout the City. The funds designated as internal service will be used for major repairs, replacements and renovations to the City's buildings. The maintenance on public buildings increases as the population grows and the quality of life expectations increase. The City currently has forty seven buildings.

LIBRARY

In November 2013, Round Rock voters approved the use of \$23.2 million in bond proceeds to build a new main library. Having additional space will allow the library to expand its core services to children, teens, and adults; roll out more technology programs; and provide a wider variety of meeting spaces and program rooms. The new library will be located one block north of the old library.

PARKS AND RECREATION

Parks and Recreation capital projects enhance and expand the trails, parks, and other recreation amenities that bolster a high quality of life for the Round Rock community. Recreation and cultural benefits include providing opportunities to increase frequency of exercise, relaxation and revitalization, community involvement, and protecting and preserving green space. Developing more interconnected trails throughout Round Rock is a key strategy that provides greater mobility and contributes to clean air and increasing property values. Voters demonstrated their commitment to parks and recreation amenities by approving \$56 million for Parks and Recreation projects as part of the 2013 General Obligation Bond package.

LAKE CREEK TRAIL

This trail will connect Western Round Rock and Downtown from Round Rock West Drive to McNeil Road. It will include a 10 foot wide concrete trail, pedestrian underpass at I-35 and the frontage roads, and a pedestrian bridge over Lake Creek.

BEHRENS RANCH PARK

Behrens Ranch Park aims to be as natural as possible, leaving much of the park undisturbed for wildlife viewing. The park will feature numerous miles of multi-use trails which will ultimately connect Mayfield Park and the Brushy Creek Trail System. Proposed features of the park include: nature playground, wildlife viewing platform, connectivity to Mayfield Park and Brushy Creek trail system, bike trails, and paved trails.

HERITAGE TRAIL WEST

This portion of Heritage Trail begins at Chisholm Trail Road and continues to Mays Street. It will offer a unique outdoor experience and will include sculptures, interpretive signs, pedestrian overlooks, and thematic elements along the trail depicting a timeline of Round Rock's history.

HERITAGE TRAIL EAST

This trail will be from Mays Street to Georgetown Street along Brushy Creek. This portion of the project includes improvements to a newly acquired piece of land along Heritage Circle, design of a destination playground, and a pedestrian bridge over Brushy Creek. It will include interpretive signage, sculptural elements, and thematic elements along the trail depicting a timeline of Round Rock's history.

PUBLIC SAFETY

The Public Safety's infrastructure focuses on meeting the City's goal to be the "Best Community to Live". The Fire Department uses response times to emergency calls and population growth patterns when determining the placement of fire stations. Fire Station 3 was relocated from Rawhide Drive to Sundance Parkway in the La Frontera shopping center. The station has a similar design to recently opened Stations 4 and 8, and will be able to house existing vehicles and crews assigned to that district with room to grow. Fire Station 3 is opening for use mid-November 2020.

SPORTS MANAGEMENT AND TOURISM

The Sports Management & Tourism Department centralizes the efforts to promote Round Rock as the “Sports Capital of Texas.” Capital expenditures for the department are for the continued maintenance, improvement, and expansion of the City’s sports tourism facilities including the Dell Diamond. Improvements to these facilities continue to bring even more visitors to Round Rock to enjoy the City’s sports offerings.

DELL DIAMOND

Repair and maintenance projects include expansion of clubhouse parking lot, HVAC replacement, repair of rusted steps to HRP (home run plate) and suite level, and repair or replace the French drain in the left field berm. Additional improvement projects include, addition of baseball bollards, extending the netting down the base paths, electronic access points, and parking lot resurfacing.

STORMWATER

Stormwater Capital Improvements are projects designed to rehabilitate and/or enhance stormwater infrastructure in order to mitigate potential flooding issues and protect life and property. Projects range in size and complexity and are prioritized first by those having the greatest impact in protecting life and enhancing safety and second by those that can most cost-effectively improve the stormwater system. In addition to stormwater utility fees and issuance of revenue bonds for funding, the City has partnered with the Upper Brushy Creek Water Control and Improvement District in funding the large regional Dam 101 project and to assist in obtaining potential grant funds.

TRANSPORTATION

Transportation Capital Projects identify and plan for future connectivity and mobility needs and options by constructing systems that support the development of major density centers. This supports the growth and expansion of business clusters of destination retail, supply chain, management, health care, higher education, construction, arts and culture and information technology. The transportation infrastructure is needed to make the City attractive to target businesses and strengthen economic development and diversity. These projects also improve the mobility of the citizens and responds to their needs while maintaining these requirements within scheduling and cost constraints.

COUNTY ROAD 112 WEST (AW GRIMES TO CR110)

This project will reconstruct the existing two-lane country road to a four-lane divided road and add pedestrian facilities from A.W. Grimes to CR 117. The design will accommodate a future six-lane divided roadway, along with curb and gutter and drainage.

GATTIS SCHOOL ROAD SEGMENT 6

This project will reconstruct the existing four-lane roadway of Gattis School Road to a six-lane divided arterial from Via Sonoma Trail to Red Bud Lane. Improvements include raised median, intersection improvements, turn lanes, traffic elements and pedestrian and bicycle facilities. The project also includes improvements along Red Bud Lane at Gattis School Road.

KENNY FORT SEGMENT 4

This project is part of the Transportation Master Plan. Kenny Fort Blvd. is a planned major arterial roadway and when completed it will connect Georgetown to Round Rock to Pflugerville. Segment 4 is from Old Settlers Blvd. to Joe DiMaggio Blvd. Segment 4 is being constructed in 3 independent phases. Phase 1 is complete and consists of a half section of the 6-lane roadway which provides access to the Multipurpose Sports Complex at Old Settlers Park. Phase 2 will be constructed from the south end of the Multipurpose Sports Complex segment south to connect with the Meritage Homes development entrance. This is also being constructed as a half section of roadway. Phase 3 will complete the remainder of the arterial road from Old Settlers Blvd. to Joe DiMaggio Blvd. as a 6-lane divided section.

RED BUD NORTH (US 79 TO CR 117)

This project will upgrade an existing two-lane roadway to a new four-lane divided arterial including: intersection, curb and gutter, and pedestrian improvements. Design should be completed in 2021 with construction to begin in 2022.

SH 45 FRONTAGE ROAD

This project is a coordinated effort between Round Rock and Pflugerville. Both entities see a benefit to the local cities and are investing in developing this project to complete work on the State's system.

UNIVERSITY BOULEVARD

This project encompasses the section of University Blvd that runs from IH 35 to Sunrise Blvd. This section of University will be reconstructed into a six-lane, median divided road and will include dual turn lanes at the intersections of Oakmont and University Oaks.

WATER AND WASTEWATER UTILITIES

Utility Capital Improvements are projects designed to maintain, enhance, or expand the City's utility system to meet the increasing demand from the Round Rock community. Expanding the utility services is necessary to accommodate the City's current and future growth. Major renovations and repairs to the existing system keep the water system running efficiently and reduce future wastewater treatment cost by preventing ground water seeping into collector lines. The projects are funded through water and wastewater sales, impact fees, and issuance of revenue bonds.

OUTSTANDING DEBT

The City has \$404 million in outstanding debt obligations. Like most governments, Round Rock uses municipal bonds to strategically fund large capital purchases like new road improvements, parks, water lines, trails, fire stations, public safety training facilities, and libraries. The outstanding debt is summarized by type in the chart and the table below.

		Amount Issued	10/1/20 Amount O/S (Net of Refunding)
General Obligation Bonds & Capital Leases	\$	282,266,044	\$ 240,139,238
Hotel Occupancy & Venue Tax Revenue Bonds		12,170,000	9,780,000
Stormwater Utility System Revenue Bonds		8,000,000	6,350,000
Water and Wastewater Utility System Revenue Bonds		126,360,000	119,500,000
RRTEDC - Type B Sales Tax Bonds		42,380,000	27,785,000
Total	\$	471,176,044	\$ 403,554,238

DEBT ISSUANCE POLICY

There is no direct debt limitation in the City Charter or under state law. The City operates under a Home Rule Charter authorized by the Texas Constitution which limits the maximum tax rate, for all City purposes, to be \$2.50 per \$100 of assessed valuation. Administratively, the Attorney General for the State of Texas will permit an allocation of up to \$1.50 of the maximum \$2.50 maximum tax rate for general obligation debt service. Assuming this maximum tax rate for debt service of \$1.50 on the 2019 total assessed valuation of \$14,647,779,369 at a 95% collection rate, property tax revenues of \$208,730,856 could be generated for debt payment purposes. This revenue would be sufficient to cover the debt service on over \$2.4 billion of bonds. Using this maximum limit of indebtedness the City is using just 11% of its debt capacity.

From a practical point of view, however, even though the City has the capacity to issue additional billions of dollars of bonds it will never likely come close to the maximum capacity. Round Rock is fiscally conservative when it comes to issuing debt and many factors are taken into account for each debt decision including prudence, need, affordability, and rating agency guidelines. Because of the City's history of smart prudent debt decisions, the City's general obligation bonds received a rating upgrade in October 2018 to AAA, the highest rating of credit worthiness. The Utility System and BCRUA both received a rating upgrade in December 2017 to AAA.

BOND ISSUANCES AND AUTHORIZATIONS

In November 2013, Round Rock residents approved four bond propositions totaling \$123.6 million for capital projects to improve public safety, the library, and parks and recreation facilities.

- Proposition 1 - \$16.5 million for Fire Department facilities
- Proposition 2 - \$56.5 million for parks and recreation purposes
- Proposition 3 - \$23.2 million for library facilities
- Proposition 4 - \$27.4 million for police and fire training facilities

FUTURE DEBT ISSUANCES

In the next several years, the City will be issuing a higher amount of debt than usual to fund the Road Expansion Program, the new Library, stormwater projects, additional Fire Stations, and reimburse the City for construction costs and infrastructure costs incurred on the Kalahari project.

GENERAL FUND DEBT

The General Fund issues debt in the form of General Obligation (GO) Bonds, Refunding Bonds, Certificates of Obligation (COs), and Capital Leases. GO Bonds may only be issued with a majority approval of Round Rock's voters and are limited in use for the acquisition or improvement of real property. Refunding Bonds are issued to refinance existing debt when the market conditions allow the City to achieve significant cost savings in future debt payments. COs are issued for a particular limited purpose such as road improvements. The City uses Capital Lease financing to replace fleet and other large equipment and for major Information Technology system upgrades.

The Debt Rating represents the credit worthiness of corporate and government bonds. The ratings are published by credit rating agencies and used by investment professionals to assess the likelihood the debt will be repaid.

In October 2018, the City's General Obligation (GO) bonds received a rating upgrade to AAA from Standard & Poor's, the highest credit rating possible. This marks the second time in less than a year that the City's fiscal worthiness has been recognized with an AAA rating. Round Rock is one of only eight cities in Texas with AAA ratings for both General Obligation and Utility debt and one of thirty six cities in Texas with a AAA for GO Debt. The highest rating will bring lower interest rates for future debt issuances, which reduces the City's borrowing costs. Standard & Poor's noted the upgrade "reflects Round Rock's very strong economy and maintenance of a strong financial position.. (and) very strong management, with strong financial policies and practices."

Note: All hotel tax backed debt nationwide is on credit watch.

FINANCIAL POLICIES

Adopted August 27, 2020

PURPOSE

The City of Round Rock has an important responsibility to its citizens, taxpayers, ratepayers, and all customers to carefully account for public funds, to manage the City's finances wisely, and to plan for the adequate funding of services desired by the public. ***These policies implement and enhance the City Council's strategic goal which states "The City of Round Rock is a financially sound city providing high value services."*** To facilitate this responsibility, certain financial policies have been developed and implemented within the parameters established by provisions of the Texas Local Government Code and the City Charter. These policies, as itemized below, are adopted by the City Council annually and considered the basis for financial management, planning and budget preparation. These policies guide both the City of Round Rock and its component unit, the Round Rock Transportation and Economic Development Corporation (RRTEDC).

FUND STRUCTURE & BASIS OF ACCOUNTING

All fund structures and accounting standards of the City of Round Rock are in compliance with generally accepted accounting principles for local governments as prescribed by the Governmental Accounting Standards Board (GASB) and other recognized professional standards.

GOVERNMENTAL FUNDS

Governmental funds revenues and expenditures are recognized on the modified accrual basis. Revenues are recognized in the accounting period in which they become available and measurable while expenditures are recognized in the accounting period in which the liability is incurred, if measurable. Because the appropriated budget is used as the basis for control and comparison of budgeted and actual amounts, the basis for preparing the budget is the same as the basis of accounting.

The governmental funds are used to account for general government operations and include the General Fund, Debt Service funds, Special Revenue funds, and Capital Projects funds. The City utilizes a full-cost approach to budgeting all of its services, which results in limited inter-fund transfers.

- **General Fund**

The General Fund is the Primary fund for core government services and is used to account for all resources not required to be accounted for in another fund and not otherwise devoted to specific activities. Most of the financial transactions for the City are reported in this fund. The services provided by the City are classified according to activity and presented as operating departments in the budget.

- **Debt Service Funds**

This fund type is used to account for resources used to service the principal and interest on long-term debt such as general obligation bonds, revenue bonds, certificates of obligation and tax-exempt leases classified as debt.

FINANCIAL POLICIES

- **Capital Project Funds**

Capital Projects funds are used to account for resources restricted for the acquisition or development of major capital equipment and structures. Financing sources are usually provided by transfers from other funds, bond issue proceeds, or grants-in-aid. Capital projects are generally tracked on a project-length basis. The required financing is not appropriated on an annual basis (or any other period-length basis) but is approved at the outset of the project. The expected expenditures under the Community Investment Programs (called CIP) are presented as part of the overall budget adoption to accurately reflect the City's total expected use of funds in any given budget year but these estimates are not considered binding appropriations.

- **Special Revenue Funds**

This fund type is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

PROPRIETARY FUNDS

Proprietary fund revenues and expenses are recognized on the accrual basis. Revenues are recognized in the accounting period in which they are earned and become measurable while expenses are recognized in the period incurred, if measurable. The basis for preparing the budget is the same as the basis of accounting except for principal payments on long-term debt and capital outlay which are treated as budgeted expenses. Depreciation and compensates absences are not recognized as budgeted expenses.

Proprietary funds are used to account for the City's activities that are similar to commercial enterprise accounting. These funds include the Utility Fund and the Stormwater Fund.

- **Utility Fund**

The Utility Fund consists of utility administration, water and wastewater operations, billing and collections, environmental services, and utility fiscal support. It is the policy of the City that the water and wastewater operations be self-sufficient and not cross subsidize the other. Rates will be set to reflect cost of service by customer class where practical. The Utility Fund also accounts for the debt service and capital improvements of the utility system.

- **Water** - Water operations include water line maintenance, water systems support, and the water treatment plant.
- **Wastewater** - Wastewater operations include wastewater line maintenance, wastewater systems support, and the wastewater treatment plant.

- **Stormwater Fund**

The Stormwater Fund administers all aspects of the City's Stormwater Drainage program including planning, engineering, programs, operations and maintenance associated with storm water drainage, floodplain management, and water quality management. The Drainage fund collects fees based on a property's impact to the City's drainage system. The fund also accounts for the debt service and capital improvements of the stormwater system.

STRATEGIC PLANNING AND GOALS

City Council Strategic Plan

The Council's Strategic Plan consists of the long-term Vision (15 years), five-year Goals, and near-term Policy and Management priorities. The Vision, Goals, and Priorities are reviewed and updated by Council and staff annually and are amended and refined by the City Council at its annual Strategic Planning retreat.

Council Vision and Goals

The Council has further defined the City's Strategic Plan around six (6) Goals. These Goals become the City's strategic direction for development and implementation of its master planning, capital improvement programs for infrastructure, long-term financial plans and annual budgets. The Goals may be reprioritized or refined from year to year, but generally stay consistent.

1. Financially Sound City Providing High Value Services
2. City Infrastructure: Today and for Tomorrow
3. "The Sports Capital of Texas" for Tourism and Residents
4. Great Community to Live
5. Authentic Downtown – Exciting Community Destination
6. Sustainable Neighborhoods – Old and New

LONG TERM FINANCIAL PLANNING

A Five-Year Financial Forecast and Plan will be maintained and updated annually that will identify potential tax impacts, rate adjustments, and other factors that will enable or impede the implementation of the City's Strategic Goals. Five-year plans will be created and updated for each of the City's major operating funds, including:

- General Fund, including impacts to the M&O and Debt portions of the property tax rate
- Utility Fund
- Stormwater Fund
- RRTEDC (also known as Type B) Fund
- Hotel Occupancy Tax Fund
- Sports Center Fund
- Multi-Purpose Field Complex Fund
- Golf Course Fund

The financial forecasts will assess long-term financial implications of current and proposed policies and programs and assist with the development of strategies to achieve the City's goals.

ANNUAL BUDGET

Preparation

The Charter (Section 8.03) requires that "the budget will provide a complete financial plan for all City funds and activities and, except as required by law or this Charter, shall be in such a form as the City Manager deems desirable or the City Council may require." The budget shall be

FINANCIAL POLICIES

submitted on or before the first day of August of each year to the City Council.

Guiding Principles:

- The annual budget will be prepared to address Council Strategic Goals and direction.
- Long-term financial needs identified in the five-year plans will be considered and addressed when appropriate.
- Current expenditures (operating and recurring capital) are to be funded with current, on-going revenues.

Proposed Budget

A proposed budget shall be prepared by the City Manager with participation from all of the City's Department Directors within the provision of the Charter and the City Council's strategic goals. A copy of the proposed budget will be available for citizen review at Round Rock City Hall and the public library.

Balanced Budget

The goal of the City is to adopt and maintain a balanced operating budget using sustainable funding sources that are expected to continue to be available in subsequent fiscal years.

Revenues and Expenditures

The annual budget is staff and Council's best estimate of the revenues, expenditures, and available fund balances at the time of preparation. Therefore, transfers and amendments may be needed from time to time due to changing conditions.

Administrative allocations

Allocations for the general support services to the Utilities Fund, Stormwater Fund, RRTEDC and any other operating funds will be reviewed, documented, and adjusted if necessary at least once every three years to assure reasonable cost of services is allocated to those funds.

Personnel

The annual Budget will also include the approved number of full time equivalents (FTEs) for the City. Approval of budget is considered approval of the FTEs. City Manager may transfer and/or repurpose FTEs among departments and funds as needed to meet the needs of the community. If the transfer changes the total appropriations for any particular fund, then City Council approval is necessary.

In order to maintain effective staffing levels, the Police department may exceed total budgeted FTEs by 4.0 FTEs to accommodate planned departures and retirements in light of the long recruitment and training times required. The department must stay within appropriated budget for that fiscal year and receive advanced approval from the City Manager.

Fund Balance

Balances in excess of authorized reserves will be used to fund the pay-as-you-go repair and maintenance programs, major capital projects and other one-time needs.

Adoption

Upon finalization of the budget proposal, the City Council will hold a public hearing, and subsequently adopt by Ordinance the final budget as amended. State law requires at least 60 percent of the members of the governing body to vote in favor of an ordinance setting a property tax rate that exceeds the no-new-revenue tax rate. In practical terms, that means five of the seven members must vote in favor of the tax rate. The budget shall be finally adopted not later than the final day of the last month of the fiscal year. The budget will be effective for the fiscal year beginning October 1st.

The Annual Budget document will be submitted annually to the Government Finance Officers Association (GFOA) for evaluation and consideration for the Distinguished Budget Presentation Award.

Reporting

Summary financial reports will be presented to the City Council quarterly. These reports will be in a format appropriate to enable the City Council to understand the overall budget and financial status.

Budget Amendments

The City will amend the budget at year end, if needed, for revenue-based expenditures that exceeded budgeted amounts due to increased revenues. The City will also amend the budget if necessary as part of the Mid-Year Review process if any known adjustments are needed and approved at that time. The Chief Financial Officer must certify availability of revenues or funding sources prior to amendment.

Emergency Appropriations

The Charter (Section 8.05) allows for emergency appropriations “to meet a pressing need for public expenditure, for other than regular or recurring requirements, to protect the public health, safety or welfare.” An ordinance must be adopted by favorable votes of five (5) or more of the City Council members.

COMMUNITY INVESTMENT PROGRAM (CIP) BUDGET

The City’s goal is to maintain City facilities and infrastructure to provide services to the citizens within the community, meet growth related needs, and comply with all state and federal regulations.

Preparation

The City will maintain and periodically update master plans to maintain and expand its infrastructure including, but not limited to: City Facilities, Stormwater, Parks and Recreation, Transportation, Water and Wastewater. The City annually updates a five-year CIP schedule. The capital budget will include all capital projects, capital resources, and estimated operational impacts. Capital projects are generally tracked on a project-length basis. The required financing is not appropriated on an annual basis but is approved at the outset of the project. The expected expenditures under the CIP schedule are presented as part of the overall budget adoption to accurately reflect the City’s total expected use of funds in any given budget year but these estimates are not considered binding appropriations in that year.

FINANCIAL POLICIES

Financing Programs

When determining the financing options for CIP, the City will first evaluate the available funds in the Self Finance Construction funds. Where applicable, assessments, impact fees, pro rata charges, or other fees should be used when a specific developer can be identified as specifically benefitting from a particular project. Once other financing options have been considered, long-term debt financing will be explored to acquire major assets with expected lives equal to or exceeding the average life of the debt issue.

Short-term financing including Capital Leasing and other tax-supported obligations can be used to fund vehicles, computers, and other operating equipment provided the impact to the tax rate is minimal.

CAPITAL MAINTENANCE AND REPLACEMENT

The City recognizes that deferred maintenance increases future capital costs. Assessments are made annually as part of the budget preparation process to ensure that major repairs, replacements, and maintenance necessary to preserve the City's capital investments are funded. To the extent that prior year excess fund balances are available, the City will annually fund allocations to the following:

- Fleet Maintenance and Replacement
- Information Technology
- Facilities Maintenance
- Parks and Recreation
- Public Safety Equipment

BUDGET CONTINGENCY PLAN

The City will take immediate corrective action at any time during the fiscal year if expenditure and revenue estimates are such that an operating deficit is projected at year end. Corrective actions in order of the precedence that will be explored are:

1. Reduce transfers to Self Finance Construction Funds for pay-as-you-go CIP
2. Deferral of capital purchases
3. Expenditure reductions
4. Hiring freezes
5. Freeze merit increases
6. Use of fund balance, including repair and maintenance funds
7. Increase fees
8. Lay-off employees

The use of fund balance, which is a one-time revenue source, may be used to fund an annual operating deficit only with a subsequent approval of a plan to replenish the fund balance if it is brought down below policy level.

FUNDS, RESERVES AND DESIGNATIONS

The City of Round Rock will maintain budgeted minimum reserves in the ending working capital/fund balances of its operating and debt funds to provide a secure, healthy financial base for the City in the event of a natural disaster or other emergency and to maintain or enhance its credit worthiness. Funds will be used for purposes as designated by state law, charter and this policy.

General Fund

- **Reserve**

In recognition of fund balance reserve best practices, the fund balance reserve in the General Fund shall be ninety (90) days or 25% of annual budgeted General Fund operating expenditures. *{Staff comment: Beginning in 2018/19, the 25% target is achieved, therefore the transition wording is no long necessary}* Staff will evaluate the financial stability of the General Fund revenues annually to ensure the reserve requirement remains adequate.

- **Designation**

Concentration Risk account: For any single sales tax payer that represents more than 5% of the City's net General Fund revenues, the city will designate a concentration risk fund at or above the City's annual net exposure to that revenue source. If at any time a single tax payer drops below that threshold or no tax payer meets this threshold, this account may be gradually reduced and used for one-time expenditures.

Self Finance Construction Funds

These designated funds support the City's pay-as-you-go philosophy for repair and maintenance and major capital projects to reduce or eliminate the use of long-term debt where possible. The funding sources are year-end transfers from the respective fund using excess fund balance.

- **General Self Finance Construction (GSFC)**

Transfers from the General Fund provides funding for the repairs and maintenance of fleet, facilities, parks, information technology, public safety equipment, one-time programs and general capital improvements.

- **Utility Self Finance Construction (USFC)**

Transfers from the Utility fund provides funding for major capital improvements of the Utility System.

Utilities Fund

- **Reserve**

Working capital reserves should be 33% or one hundred twenty (120) days of operating expenses and annual payments for long-term water contract costs.

- **Coverage**

The City will maintain 1.35 times average annual debt service, above the bond covenant minimum requirement of 1.25 times average annual debt service.

Stormwater Fund

- **Reserve**

Working capital reserves should be 25% or ninety (90) days of operating expenses, net of debt service requirements.

FINANCIAL POLICIES

- **Coverage**

The City will maintain 1.35 times average annual debt service, above the bond covenant minimum requirement of 1.25 times average annual debt service.

Hotel Occupancy Tax (HOT) Fund

- **Reserve**

Fund balance reserves should be 25% or ninety (90) days of operating expenditures, net of debt service requirements and other designations. Bond covenant also requires 1.40 times average annual debt service to be reserved.

- **Designations**

- **Capital Infrastructure**

The City Council may designate available fund balance for the maintenance of assets considered part of the City's "Sports Capital of Texas" strategic goal and to meet the statutory requirements for the use of these funds. These projects may include the city-owned Dell Diamond Triple A baseball stadium and conference center, the Round Rock Sports Center, and the Old Settlers Park Multi-Purpose Field Complex.

- **Promotion of the Arts**

A minimum of five percent (5%) of HOT revenues, net of any rebates, is designated to fund the promotion of the Arts. The City will ensure that these funds are used to promote tourism as required by statute through an annual review of the use of the funds.

Round Rock Transportation and Economic Development Corporation (RRTEDC) (Type B)

- **Allocation of Funds for Projects**

A five-year project spending plan will be presented and adopted at least annually to ensure adequate funds are available for transportation, economic development and other allowed uses of Type B funds. This five-year plan will be reviewed by staff at least quarterly and updates will be presented to the Type B board as needed for *transportation capital improvements programs* (TCIP), *economic incentive programs* (EIP) and *other legally allowable projects* approved by the Type B board and ratified by Council.

- **Reserve**

The RRTEDC shall maintain a minimum of \$1 million or 33% of recurring operating type expenditures.

Sports Center

- **Reserve**

Fund Balance reserves should be 25% or ninety (90) days of operating expenses, net debt service requirements and other designations.

- **Designation**

It is the goal of the City Council to establish a capital replacement account of \$3 million to ensure the facility is maintained.

- **Investment Reimbursement**

At such time as revenues are sufficient to meet operations, reserve and replacement funds, this fund is expected to repay the GSFC and HOT for initial investment in the Sports Center Facility.

Multi-Purpose Field Complex

- **Reserve**
Fund Balance reserves should be 25% or ninety (90) days of operating expenses.
- **Designation**
A designation of \$750,000 is established as a capital replacement account to ensure the facility is maintained.
- **Funding Source**
Operating and debt principal and interest costs not covered by tournament and field rentals will be funded by transfers from the General Fund and HOT Fund at 50% from each fund.

Golf Course Fund

- **Reserve**
It is the goal of the City Council to establish fund balance reserves of 25% or ninety (90) days of operating expenses.
- **Designation**
A designation of \$150,000 is established as a capital replacement account to ensure the facility is maintained.

REVENUES

The City will maintain a diverse and stable revenue system. In order to protect the City from revenue shortfalls and to maintain a stable level of service, revenues will be estimated realistically and conservatively taking into account the volatile nature of various revenue streams. The analysis will include probable economic changes and their impacts on revenues, historical collection rates, and trends. The benefits of a revenue source should exceed the cost of administration and collection of that revenue.

- **Property Tax**
All real and business personal property located within the City will be valued at 100% of the fair market value for any given year based on the current appraisal supplied by Williamson and Travis Central Appraisal Districts.
- **Sales Tax**
Sales tax revenue will be used to fund the recurring operations of the General Fund, the transportation improvements and economic development activities of the RRTEDC (Type B) fund, and one-time capital requirements in the General Self Finance Construction Fund. Sales tax revenue fluctuates due to changes in economic conditions and will be closely monitored to ensure the needs of the City are met.

The City's goal is to have balanced and reliable on-going revenues for its General Fund operations without over-reliance on any single sales tax provider. Therefore, Dell sales tax receipts, net of rebate, are not to exceed 20% of budgeted sales tax revenues in the General Fund. Any funds in excess of expected or realized sales tax in excess of 20% will be budgeted and deposited in the General Self Finance Construction Fund for pay-as-you-go one time capital expenditures or projects.

- **User Fees and Charges**
For services associated with a user fee or charge, the direct and/or indirect costs of that service will be offset by a fee where possible. The City will review fees and charges no less than once every two years to ensure that fees provide adequate coverage for the cost of services. The City Council will determine how much of the cost of a service should be recovered by fees and charges.

FINANCIAL POLICIES

- **Utility Rates**

Rates will be reviewed periodically and adopted to generate sufficient revenues to fully cover operating expenses, meet debt coverage requirements and provide an adequate level of working capital. The utility revenues will be budgeted based on an average year's rainfall/consumption. The rate analysis will anticipate neither drought nor wet conditions. Adjustments to the utility rates will be made based on revenue requirements over the five-year forecast for the Utility Fund. When financially feasible, a transfer from the Utility Fund will be budgeted to fund pay-as-you-go one-time capital expenditures or projects. It is the City's goal to have growth pay for growth through impact fees and developer contributions where practical.

- **Franchise Fees**

Derived from major public utilities operating within the City, franchise fees are intended to reimburse the City for use of public streets and rights of way.

- **Hotel Occupancy & Venue Taxes**

Taxes imposed on hotel room nights allowed by statutory and charter authority. The use of these revenues are limited by state law to specific tourism promotion activities. The revenues will be estimated using actual properties and occupancy rates and prior year revenue collections.

- **Non-Recurring Revenues**

One-time or non-recurring revenues should not be used to finance current ongoing operations.

EXPENDITURES

- **Appropriations & Transfers**

All expenses of the City will be made in accordance with the adopted annual budget or as legally amended. The legal level of control is at the fund level. The City Manager is authorized to transfer budgeted amounts among departments within any fund; however, any transfers or amendments that change the total expenditures of any fund must be approved by the City Council.

- **Procurement**

In accordance with state law and city ordinances, the City is to provide for the fair and equitable treatment of all persons involved in public purchasing with the City of Round Rock, to maximize the purchasing value of public funds in procurement, and to provide safeguards for maintaining a procurement system of quality and integrity while meeting all legally mandated federal, state, and local requirements. Competitive pricing will be sought in accordance with the following guidelines to ensure the best value is obtained through the procurement of products and services.

- **Formal Approvals**

The City Manager or City Council approval is required as detailed below.

- City Manager Approval
 - Any outside agreement/contract that requires a signature under \$50,000.00;
- City Council Approval
 - Any item the City Manager deems necessary to require City Council approval;

- Any outside agreement/contract over \$50,000.00;
 - All intergovernmental agreements
- **Authorized Purchases**
The adopted annual budget will include an Authorized Purchases list that considers certain planned purchases as approved in advance by Council. This policy allows the City Manager to approve items as listed without going back to Council under certain conditions.
 - Routine equipment and technology purchases as included in the budget and the budget list are considered approved by Council, unless:
 - Item is \$200,000 or greater, unless the Council makes an exception,
 - Item contains a contract requiring the Mayor's signature;
 - Purchase deviates from the original purchase as designated on the list;
 - Cost exceeds the greater of 10% or \$10,000; or
 - Council has designated that item (s) come back for approval
 - Capital projects and funding agreements will be presented to Council for consideration and approval.

CASH MANAGEMENT AND INVESTMENTS

The City Council has formally approved a separate Investment Policy for the City of Round Rock that meets the requirements of the Public Funds Investment Act (PFIA), Section 2256 of the Texas Local Government Code. This policy is reviewed annually by the City Council and applies to all financial assets held by the City and applies to all entities (component units) included in the City's Comprehensive Annual Financial Report (CAFR) and/or managed by the City. The City will maintain cash management and investment policies and procedures will maintain the public trust through responsible actions as custodians of public funds.

Cash Management Philosophy

The City shall maintain a comprehensive cash management program to include the effective collection of all accounts receivable, the prompt deposit of receipts to the City's depository, the payment of obligations, and the prudent investment of idle funds in accordance with this policy.

Investment Objectives

The City's investment program will be conducted as to accomplish the following listed in priority order:

- Safety of the principal invested
- Liquidity and availability of cash to pay obligations when due
- Maximize earnings (yield) to the greatest extent possible consistent with the City's investment policy.

DEBT

The City of Round Rock establishes the following policy concerning the issuance and management of debt. This policy is to improve the quality of decisions in relation to the City's financing activities, provide a comprehensive view of the City's long-term debt picture and make it easier for decision-makers to understand issues concerning debt issuance and management.

FINANCIAL POLICIES

It is the intent of this policy that the City's debt be managed and monitored so as to enhance or maintain its credit rating with major ratings agencies.

CONDITIONS OF DEBT ISSUANCE

Debt should be issued for the purpose of meeting the needs of the community through funding of capital projects and equipment but without constituting an unreasonable burden to taxpayers.

Long-term debt is only issued to finance the acquisition and/or construction of capital improvements. Additionally, only capital needs identified in the community investment program will be considered. Refunding bonds will only be issued if the present value of debt service savings exceeds three percent of the par value of the refunded bonds.

TYPES OF DEBT

- **General Obligation Bonds**

General Obligation Bonds may only be issued with a majority approval of a popular vote. The use of the proceeds from GO Bonds is limited to the acquisition or improvement of real property and other uses allowed by law and applicable bond ordinances. Libraries, parks and public safety facilities are all types of facilities that could be financed with GO Bonds. To the extent that property tax revenues are used to fund debt service, an increase to the property tax will be proposed.

- **Certificate of Obligations**

Certificate of Obligations may be used to fund capital improvements or equipment that are not otherwise funded by general obligation or revenue bonds. With CO bonds, the voters have an option to petition for an election on whether the certificates should be issued. There is a forty-five (45) day notice period before a city can pass an ordinance to issue the certificates giving time for citizen input and time to gather signatures for a petition to call an election. To the extent that property tax revenues are used to fund debt service, an increase to the property tax will be proposed.

- **Enterprise Revenue Bonds**

Enterprise Revenue Bonds finance facilities for a revenue producing enterprise and are payable from revenue sources within that enterprise. Municipal Water and Sewer and Solid Waste are examples of revenue producing enterprises within the City.

- **Refunding Obligations**

Pursuant to the Government Code and various other financing statutes applicable in particular situations, the City Council is authorized to provide for the issuance of bonds for the purpose of refunding any long-term obligation of the City. Absent any significant non-economic factors, a refunding should produce minimum net debt service savings (net of reserve fund earnings and other offsets) of at least 3% of the par value of the refunded bonds on a net present value basis, using the refunding issue's True Interest Cost (TIC) as the discount rate, unless the Finance Department determines that a lower savings percentage is acceptable for issues or maturities with short maturity dates.

- **Tax Anticipation Notes**

Proceeds from Tax Anticipation Notes are used to fund projects whose source of payment is future tax revenues. These instruments have a term of one to three years

and are for a specific purpose such as temporary financing for capital improvements, cash flow needs and major equipment leasing.

- **Leases**

Leases may be used to finance major capital purchases, other than infrastructure, including fleet, major system upgrades and large equipment purchases.

- **Assessment Bonds**

Proceeds from Assessment Bonds may be used to finance local public improvements, provided that said improvements benefit the parcels of land to be assessed. Local streets, street lights, landscaping, sidewalks and sanitary sewers are some examples of local improvements commonly financed by assessment bonds.

- **Internal borrowing between City funds**

The City can authorize use of existing long-term reserves as “loans” between funds. The borrowing fund will repay the loan at a rate consistent with current market conditions. The loan will be repaid within ten (10) years. The loan will be considered an investment of working capital reserves by the lending fund.

- **Other Obligations**

There may be special circumstances when other forms of debt are appropriate and may be evaluated on a case-by-case basis. Such other forms include, but are not limited to limited tax notes, non-enterprise revenue bonds, bond anticipation notes, grant anticipation notes and judgment or settlement obligation bonds.

RESTRICTION ON DEBT ISSUANCE

- The City of Round Rock **will not** use long-term debt to finance current operations or normal maintenance.
- Derivative products **will not** be used by the City.
- Swaps **will not** be entered into without establishment of a Swap Policy.
- Variable rate debt **will not** be entered into without establishment of a Variable Rate Debt Policy.

LIMITATIONS ON OUTSTANDING DEBT

There is no direct debt limitation in the City Charter or under State law. The City operates under a Home Rule Charter (Article XI, Section 5, Texas Constitution) approved by voters in August 1977 that limits maximum tax rate, for all City purposes to \$2.50 per \$100 assessed valuation. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.50 of the \$2.50 maximum tax rate for general obligation debt service.

CHARACTERISTICS OF DEBT ISSUANCE

When the City finances capital projects by issuing bonds, it will pay back the bonds within standard terms that include the following:

- Term may be up to 30 years depending on cash flow assumptions, or useful life of asset being financed.

FINANCIAL POLICIES

- Call provisions will be shortest possible optional call consistent with optimal pricing.
- The City will seek level or declining debt repayment schedules and will avoid issuing debt that provides for balloon principal payments reserved at the end of the term of the issue.
- The City will avoid variable-rate debt due to the potential volatility of such instruments. Therefore, the City will avoid the use of variable-rate debt for its general obligation bond issues.
- The Debt service program will be managed in conformity with applicable bond covenants.

Commercial insurance or other credit enhancements to the bond rating shall be considered when cost-effective.

DEBT ISSUANCE PROCESS

The City shall utilize the services of an independent, Municipal Securities Rulemaking Board-registered financial advisor on all debt financing. Although not required, the City may utilize an RFP-selected pool of underwriters to mitigate time constraints and reduce overhead costs to the City in procuring such services. Bond counsel will be used for each transaction.

The Finance Department shall review each debt issuance transaction on a case-by-case basis to determine the most appropriate method of sale.

- **Competitive Sale**

In a competitive sale, bids for the purchase of the bonds are opened at a specified place and time and are awarded to the underwriter (or syndicate) whose conforming bid represents the lowest true interest cost to the City (TIC). This method is most advantageous when the debt to be issued is less complex, the municipal bond market for high-grade credits is stable, and the sale of the City's bonds is assured.

- Bond sales shall be cancelable at any time prior to the time bids are to be received.
- Upon award to the bidder whose conforming bid represents the lowest true interest cost, the City may restructure the bonds in accordance with the Official Notice of Sale. The City shall reserve the unfettered right to reject all bids or waive bid irregularities.

- **Negotiated Sale**

In a negotiated sale, the City chooses the initial buyer of the bonds in advance of the sale date. The initial buyer is usually an investment banking firm, or a syndicate of investment banking firms interested in reoffering the bonds to investors through an underwriting process. This type of sale allows the City to discuss different financing techniques with the underwriter in advance of the sale date. This method is most advantageous when the debt issue is complex, debt structuring flexibility is required (as would be the case in a bond refunding) or the municipal bond market is unstable or uncertain.

- **Direct Purchase**

In a direct purchase, the City may select a private purchaser willing to bid a below market rate or other preferential financing terms. Such transactions often allow debt to be issued more efficiently by eliminating the need for bond ratings and other

associated issuance costs. Such financing will be analyzed on a case-by-case basis, depending primarily on rates prevailing in the market from time to time.

RATING AGENCY COMMUNICATION & DISCLOSURE

The City will seek to maintain and improve its current bond ratings so its borrowing costs are reduced to a minimum and its access to credit is preserved. In conjunction with the financial advisor, the City will open a line of communication with at least one of the rating agencies (Standard and Poor's, Moody's or Fitch) when issuing new bonds or refunding existing bonds to obtain an affirmed or upgraded rating.

Full disclosure of the City's operations will be made to the bond rating agencies. The City staff, with the assistance of the financial advisors and bond counsel, will prepare the necessary materials for presentation to the rating agencies.

The City will adhere to the recommended disclosure guidelines as endorsed by the Public Securities Association, the Government Finance Officers Association, the Municipal Securities Rulemaking Board, the Government Accounting Standards Board, and the nationally recognized municipal securities information repository (NRMSIR) and any state information depository (SID) that is designated by the State of Texas and approved by the staff of the United States Securities and Exchange Commission (the SEC). SEC Rule 15c2-12 defines disclosure required by the SEC.

BOND REIMBURSEMENT RESOLUTIONS

The City may utilize bond reimbursements as a tool to manage its debt issues, due to arbitrage requirements and project timing. In so doing, the City uses its capital reserve "cash" to delay bond issues until such time when issuance is favorable and beneficial to the City.

The City Council may authorize a bond reimbursement resolution for General Capital projects that have a direct impact on the City's ad valorem tax rate when the bonds will be issued within the term of the existing City Council. In the event of unexpected circumstances that delay the timing of projects, or market conditions that prohibit financially sound debt issuance, the approved project can be postponed and considered by a future council until circumstantial issues can be resolved.

The City Council may also authorize revenue bond reimbursements for approved utility and other self-supporting capital projects within legislative limits.

The total outstanding bond reimbursements may not exceed the total amount of the City's reserve funds.

INVESTMENT OF BOND PROCEEDS

The City maintains in its Investment Policy document approved by the City Council, the strategy and policies for investing bond proceeds. The City's Investment Policy complies, and will at all times comply, with the provisions of the Public Funds Investment Act, Chapter 2256, Texas Government Code, as amended. Interest on bond proceeds is restricted such that it may only be used to fund projects that have the same purpose as the purpose for which the bonds were

actual need to rotate an auditing firm will be considered, but only at the discretion of the City Council in providing for the best financial oversight of the City.

- **External Reporting**

Upon completion and acceptance of the annual audit by the City's auditors, the City will prepare a written Comprehensive Annual Financial Report (CAFR) which will be presented to the City Council within 180 calendar days of the City's fiscal year end. The CAFR will be prepared in accordance with Generally Accepted Accounting Principles (GAAP) and will be presented annually to the Government Finance Officer Association (GFOA) for evaluation and consideration for the Certificate of Achievement in Financial Reporting.

- **Receivables Policy**

All receivables of the City are accounted for, aged and collected at the earliest opportunity. Delinquent receivables are processed expediently and collection agencies are utilized when appropriate.

- **Payables Policy**

All payables for incurred expenses are accounted for, aged and paid at the latest permissible time to maximize the City's investment earning capability. All applicable discounts are taken.

INTERNAL CONTROLS

The Finance Department is responsible for designing appropriate controls for the departments and the departments are responsible for implementation. Inherent in these responsibilities is the recognition that the cost of the internal control should not exceed the benefits expected to be derived. The objective of internal controls is to provide management with reasonable, but not absolute, assurance that assets are safeguarded from fraud and are recorded properly.

- **Department Policies**

Where appropriate, this City will maintain appropriate policies to manage budgetary expenditures and control, procurements, personnel, and staffing management. These policies will be developed, updated, and approved by the City Manager as necessary.

- **Written Procedures**

Wherever possible, written procedures will be established and maintained by the CFO for all functions involving cash handling and/or accounting throughout the City.

- **Internal Audit Program**

An internal audit program will be maintained by the CFO to ensure compliance with City policies and procedures and to prevent the potential for fraud.

EMPLOYEES & COMPENSATION

Realizing the importance and contribution of employees in achieving the Strategic Goals of the City and to maintaining its high standards, the City's policy as an employer is to attract and retain quality employees who provide excellent, friendly service to the Round Rock community

FINANCIAL SUMMARIES

in an effective and efficient manner.

To meet the goal of a quality workforce, the City will maintain competitive compensation and benefit programs.

- The proposed budget will include an amount adequate to cover changes in market salaries, as well as funds for performance-based merit increases as determined annually by the City Manager.
- The City will maintain a competitive health insurance program, including considering new options and adjustments to provide quality benefits in a cost effective manner.

SELF INSURANCE & RISK MANAGEMENT

The City will maintain an internal service fund to account for the self-funded health insurance coverage for all City employees. In addition to the basic coverage provided to each employee, the employee may purchase dependent coverage through payroll deductions. Coverage will be financed by contributions from the City and employee payroll deductions.

The City will make a diligent effort to avoid or prevent loss of City assets and to reduce the City's exposure to liability. All reasonable options will be investigated to finance risk exposure. If risk is retained, reserves will be established based on actuarial determinations.

FEDERAL AND STATE GRANTS

The City will seek State and Federal grants where applicable and practical. The benefits of the grant should exceed the cost of administration of the grant when possible. Council should approve the application of all grants that will have future funding requirements.

HOME RULE CHARTER

Amended May 6, 2017

ARTICLE 8 FINANCIAL ADMINISTRATION

Sec. 8.01. - Fiscal year.

The fiscal year of the City shall begin on the first day of each October and end on the last day of September of the succeeding year. All funds collected by the City during any fiscal year, including both current and delinquent revenues, shall belong to such fiscal year and, except for funds derived to pay interest and create a sinking fund on the bonded indebtedness of the City, may be applied to the payment of expenses incurred during such fiscal year, except as provided in this Charter. Any revenues uncollected at the end of any fiscal year, and any unencumbered funds actually on hand, shall become resources of the next succeeding fiscal year.

State Law reference— City fiscal year, V.T.C.A., Local Government Code § 101.022, V.T.C.A., Tax Code § 1.05.

Sec. 8.02. - Public record.

Copies of the budget adopted shall be public records and shall be made available to the public for inspection upon request.

State Law reference— Local Government Records Act, V.T.C.A., Local Government Code ch. 201.

Sec. 8.03. - Annual budget.

(a) Content. The budget shall provide a complete financial plan of all City funds and activities and, except as required by law or this Charter, shall be in such form as the City Manager deems desirable or the City Council may require. A budget message explaining the budget both in fiscal terms and in terms of the work programs shall be submitted with the budget. It shall outline the proposed financial policies of the City for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year in financial policies, expenditures, and revenues, with reasons for such changes. It shall also summarize the City's debt position and include such other material as the City Manager deems desirable. The budget shall begin with a clear general summary of its contents and shall show in detail all estimated income, indicating the proposed property tax levy, and all proposed expenditures, including debt service, for the ensuing fiscal year. The proposed budget expenditures shall not exceed the total of estimated income. The budget shall be so arranged as to show comparative figures for actual and estimated income and expenditures of the current fiscal year and actual income and expenditures of the preceding fiscal year, compared to the estimate for the budgeted year. It shall include in separate sections:

- (1) an itemized estimate of the expense of conducting each department, division, and office;
- (2) reasons for proposed increases or decreases of such items of expenditure compared with the current fiscal year;

HOME RULE CHARTER

- (3) a separate schedule for each department, indicating tasks to be accomplished by the department during the year, and additional desirable tasks to be accomplished, if possible;
 - (4) a statement of the total probable income of the City from taxes for the period covered by the estimate;
 - (5) tax levies, rates, and collections for the preceding five years;
 - (6) an itemization of all anticipated revenue from sources other than the tax levy;
 - (7) the amount required for interest on the City's debts, for sinking fund and for maturing serial bonds;
 - (8) the total amount of outstanding City debts, with a schedule of maturities on bond issue;
 - (9) anticipated net surplus or deficit for the ensuring fiscal year of each utility owned or operated by the City and the proposed method of its disposition (subsidiary budgets for each such utility giving detailed income and expenditure information shall be attached as appendices to the budget);
 - (10) a Capital Improvement Program, which may be revised and extended each year to indicate capital improvements pending or in process of construction or acquisition, and shall include the following items:
 - i. a summary of proposed programs;
 - ii. a list of all capital improvements which are proposed to be undertaken during the five (5) fiscal years next ensuing, with appropriate supporting information as to the necessity for such improvements;
 - iii. cost estimates, method of financing and recommended time schedules for each such improvement; and
 - iv. the estimated annual cost of operating and maintaining the facilities to be constructed or acquired; and
 - (11) such other information as may be required by the City Council.
- (b) Submission. On or before the first day of August of each year, the City Manager shall submit to the City Council a proposed budget and an accompanying message. The City Council shall review the proposed budget and revise same as deemed appropriate prior to general circulation for public hearing.
- (c) Public Notice and Hearing. The City Council shall post in the City Hall a general summary of the proposed budget and a notice stating:
- (1) the times and places where copies of the message and budget are available for inspection by the public; and

(2) the time and place, not less than two (2) weeks after such publication, for a public hearing on the budget.

(d) Amendment Before Adoption. After the hearing, the City Council may adopt the budget with or without amendment. In amending the budget, it may add or increase programs or amounts and may delete or decrease any programs or amounts, except expenditures required by law or for debt service or for estimated cash deficit, provided that no amendment to the budget shall increase the authorized expenditures to an amount greater than the total of estimated income plus funds available from prior years.

(e) Adoption. The budget shall be finally adopted not later than the final day of the last month of the fiscal year. Adoption of the budget shall constitute a levy of the property tax therein proposed. Should the City Council take no final action on or prior to such day the budget, as submitted, together with its proposed tax levy, shall be deemed to have been finally adopted by the City Council. No budget shall be adopted, or appropriations made unless the total of estimated revenues, income and funds available shall be equal to or in excess of such budget or appropriations, except as otherwise provided in this Article.

Sec. 8.04. - Administration of budget.

(a) Payments and Obligations Prohibited. No payment shall be made, or obligation incurred against any allotment or appropriation except in accordance with appropriations duly made and unless the City Manager or designee first certifies that there is a sufficient unencumbered balance in such allotment or appropriations and that sufficient funds therefrom are or will be available to cover the claim or meet the obligation when it becomes due and payable. Any authorization of payment or incurring of obligation in violation of the provisions of this Charter shall be void and any payment so made illegal. Such action shall be the cause for removal of any employee who knowingly authorized or made such payment or incurred such obligations, and such employee shall also be liable to the City for any amount so paid. However, this prohibition shall not be construed to prevent the making or authorizing of payments or making of contracts for capital improvements to be financed wholly or partly by the issuance of bonds, time warrants, certificates of indebtedness, or certificates of obligation, or to prevent the making of any contract or lease providing for payments beyond the end of the fiscal year, provided that such action is made or approved by ordinance.

(b) Financial Reports. The City Manager shall submit to the City Council at least quarterly the financial condition of the City by budget item, and budget estimate versus accruals for the fiscal year to date. The financial records of the City will be maintained on an accrual basis to support this type of financial management.

(Charter amendment approved by voters January 20, 1996; May 6, 2000; May 6, 2017)

HOME RULE CHARTER

Sec. 8.05. - Emergency appropriations.

At any time in any fiscal year, the City Council may, pursuant to this section, make emergency appropriations to meet a pressing need for public expenditure, for other than regular or recurring requirements, to protect the public health, safety or welfare. Such appropriation shall be by ordinance adopted by the favorable votes of five (5) or more of the City Council members qualified and serving and shall be made only upon recommendation of the City Manager. The total amount of all emergency appropriations made in any fiscal year shall not exceed the amount allowed by state law.

(Charter amendment approved by voters January 20, 1996)

Sec. 8.06. - Borrowing to meet emergency appropriations.

In the absence of unappropriated available revenues or other funds to meet emergency appropriations provided for under the preceding [Section 8.05](#), the City Council may by resolution authorize the borrowing of money to meet such deficit as provided by law.

(Charter amendment approved by voters January 20, 1996)

Sec. 8.07. - Borrowing in anticipation of property taxes.

In any fiscal year, in anticipation of the collection of the ad valorem property tax for such year, whether levied or to be levied in such year, the City Council may by resolution authorize the borrowing of money, not to exceed in any fiscal year an amount equal to ten percent (10%) of the budget for that fiscal year. Such borrowing shall be by the issuance of negotiable notes of the City, each of which shall be designated, "Tax Anticipation Note for the Year _____" (stating the tax year). Such notes shall mature and be payable not later than the end of the fiscal year in which issued.

(Charter amendment approved by voters January 20, 1996)

Sec. 8.08. - Depository.

All monies received by any person, department or agency of the City for or in connection with affairs of the City shall be deposited promptly in the City depository or depositories, which shall be designated by the City Council in accordance with such regulations and subject to such requirements as to security for deposits and interest thereon as may be established by ordinance. All checks, vouchers, or warrants for the withdrawal of money from the City depositories shall be signed by the Mayor or City Manager and countersigned by an authorized designee, as approved by City Council ordinance. Provided, that the City Council, under such regulations and limitations as it may prescribe, may by ordinance authorize the use of machine-imprinted facsimile signatures of said Mayor and City Manager and authorized designee on such checks, vouchers and warrants.

Sec. 8.10. - Independent audit.

At the close of each fiscal year, and at such other times as it may be deemed necessary, the Council shall cause an independent audit to be made of all accounts of the City by a certified public accountant. The certified public accountant so selected shall have no personal interest, directly or indirectly, in the financial affairs of the City or any of its elected officials. Upon completion of the audit, a copy of the audited annual financial report shall be placed in the public library and placed on file in the City Clerk's office as public record.

BUDGET**ORDINANCE NO. O-2020-0225**

AN ORDINANCE APPROVING AND ADOPTING A BUDGET FOR THE CITY OF ROUND ROCK, TEXAS, FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2020, AND ENDING SEPTEMBER 30, 2021, DIRECTING THE CITY CLERK TO FILE A TRUE COPY OF THE BUDGET WITH THE COUNTY CLERKS OF WILLIAMSON AND TRAVIS COUNTIES, TEXAS.

WHEREAS, the City Manager of the City of Round Rock, Texas, has heretofore submitted, in accordance with the state law and the City's Charter, a budget for said City, for the fiscal year beginning October 1, 2020, and ending September 30, 2021; and

WHEREAS, proper and timely notice that a public hearing on such budget would be held on August 27, 2020 was given and made in accordance with the law and within the time limits set forth by law; and

WHEREAS, such public hearing was held in accordance with law on August 27, 2020, prior to final adoption of this ordinance; Now Therefore

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROUND ROCK, TEXAS, THAT:

The budget submitted by the City Manager for the fiscal year beginning October 1, 2020 and ending September 30, 2021, as summarized in Exhibit "A" attached hereto, is hereby in all things approved and adopted and it shall be effective as of October 1, 2020. The attached budget also contains the budget for the Round Rock Transportation and Economic Development Corporation, which is approved and adopted.

In accordance with §102.008(a)(1), Local Government Code, the Chief Financial Officer is directed to file with the City Clerk a true copy of the final budget as adopted by the City Council, and the City Clerk is directed to certify as a true copy said budget and file it with this ordinance in the official records of the City.

In accordance with §102.008(a)(2)(A), Local Government Code, the City Clerk is directed to ensure that a copy of the budget, including the cover page, is posted on the City's website.

In accordance with §102.008(a)(2)(B), Local Government Code, the City Clerk is directed to ensure that the record vote described by §102.007 (d)(2), Local Government Code is posted on the City's website at least until the first anniversary of the date this ordinance is adopted.

No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

1.	2019 total taxable value. Enter the amount of 2019 taxable value on the 2019 tax roll today. Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

1. **Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

49. Taxable Sales. For taxing units that adopted the sales tax in November 2019 or May 2020, enter the Comptroller's estimate of taxable sales for the previous four quarters. ³² Estimates of taxable sales may be obtained through the Comptroller's Allocation Historical Summary webpage. Voter-Approval Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years.³⁹ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

For each tax year before 2020, the difference between the adopted tax rate and voter-approval rate is considered zero, therefore the unused increment rate for 2020 is zero.⁴⁰

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴¹

61.	2019 unused increment rate. Subtract the 2019 actual tax rate and the 2019 unused increment rate from the 2019 voter-approval tax rate. If the number is less than zero, enter zero. If the year is prior to 2020, enter zero.	\$0/\$100
62.	2018 unused increment rate. Subtract the 2018 actual tax rate and the 2018 unused increment rate from the 2018 voter-approval tax rate. If the number is less than zero, enter zero. If the year is prior to 2020, enter zero.	\$0/\$100
63.	2017 unused increment rate. Subtract the 2017 actual tax rate and the 2017 unused increment rate from the 2017 voter-approval tax rate. If the number is less than zero, enter zero. If the year is prior to 2020, enter zero.	\$0/\$100

Revenue - Funds received as income. It includes such items as tax payments, fees from specific services, fines, interest income, franchise fees, etc.

Revenue Bond - Bonds whose principal and interest are payable exclusively from user fees (e.g. Water and Wastewater utility rates).

Repair and Replacement Fund - A utility fund established for major wastewater system improvements. Funding originated through the conveyance of a portion of the City's regional wastewater plant to the City of Austin.

Risk Management – An organized effort to protect the City's assets against loss, utilizing the most economical methods.

RRTEDC –

- Round Rock Transportation and Economic Development Corporation
- Type B Sales Tax entity – 0.5% of sales tax

Sales Tax - Levied on applicable sales of goods and services at the rate of 8.25 percent in Round Rock. The City receives revenue from the sales tax at the rate of 1.5 percent. The Round Rock Transportation System Corp. receives 0.5 percent. Revenue from the remaining portion of the rate is collected by the state.

- 1.0% - General uses – goes to General Fund
- 0.5% - Property tax reduction – goes to General Fund
- 0.5% - Economic Development / Transportation – goes to Type B fund

Self-Financed Construction Fund – A fund used to allocate cash funding for projects rather than issuing debt. The fund's sources are year-end transfers from the respective fund.

- Cash balances to fund major CIP and Repair & Maintenance of facilities, parks and internal services
- These funds support the City's pay-as-you-go philosophy
- City has typically used conservative revenue projections to create excess sales tax revenues from prior years to cash fund projects and maintenance that might otherwise be debt financed or deferred
- Both the General Fund and Utilities strategically manage cash available to fund current and future projects
- GSFC – General Self-Financed Construction, from excess General Fund Revenues or unspent General Fund budget
- UFSC – Utility Self-Financed Construction, from excess water and wastewater revenues or unspent utility budget

Senate Bill 2 - Senate Bill 2, also known as the Texas Property Tax Reform Act of 2019, was passed by the Texas Legislature in 2019. At its most fundamental level, S.B. 2 reforms the system of property taxation in three primary ways: (1) lowering the tax rate a taxing unit can adopt without voter approval and requiring a mandatory election to go above the lowered rate; (2) making numerous changes to the procedure by which a city adopts a tax rate; and (3) making several changes to the property tax appraisal process.

Special Revenue Fund - A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes (e.g. Hotel/Motel Special Revenue Funds, Drainage Fund, Law Enforcement Fund, Library Fund, Municipal Court Fund, Parks Improvement and Acquisition Fund, PEG Fund, Tree Replacement Fund).

Strategic Budget – A budget that is closely linked to the City's Strategic Plan and Departmental Goals, Objectives, and Performance Measures. Strategic Budgeting is the process that the City of Round Rock utilizes to link the City's Strategic Plan and individual Departmental strategy and performance to the City's Budget.
