

## Compliance Plan for a Failed Irrigation System Inspection

This form should be submitted if a property is unable to pass an Irrigation Inspection prior to the October 1<sup>st</sup> due date. The Compliance Plan must contain the account holder's name, address, and a plan to bring irrigation on the property into compliance.

### SOME EXAMPLE ACTIONS INCLUDE:

- Turning off the entire irrigation system until it can be brought into compliance.
  - This scenario does not require submitting a map or Irrigation Inspectors Form.
- Permanently disabling or turning off the irrigation system.
  - This scenario does not require submitting a map or Irrigation Inspectors Form.
- Turning off certain zones that have not passed inspection, so the whole system complies.
  - This will require the submittal of the Compliance Plan form; and
  - A map showing which stations have been turned off; and
  - An Irrigation Inspectors Form completed by an Irrigation Inspector indicating passed and failed stations.

*Please be advised that only those portions of the irrigation system which have passed the inspection are allowed to operate.* Returning failed irrigation stations to operation will require reinspection of those stations by an Irrigation Inspector.
