Subdivision Final Plat

This section of the Development Packet consists of information for Subdivision Final Plats, excluding Replats, Amending Plats, and Minor Plat applications.

The purpose of a Final Plat is to allow for a review by the Planning and Zoning Commission of the proposal’s street and drainage stems, easement, utilities, building lots and other lots including parkland, and to establish an approved, legally recordable plat of the proposed subdivision or addition.

The Applicant shall submit a Final Plat application to PDS for approval by the Planning and Zoning Commission. The Final Plat shall conform to the approved Preliminary Plat. If the Final Plat does not include the entire parcel of land included in the approved Preliminary Plat, the Final Plat must correspond to the phasing approved with the Preliminary Plat. If the Preliminary Plat was approved with conditions, all conditions shall be satisfied prior to the submittal of a Final Plat application.

If the Final Plat does not conform to the approved Preliminary Plan, a new or revised Preliminary Plat shall be submitted in conjunction with the Final Plat. Dependent on the changes proposed with the revised Preliminary Plat, a revised Concept Plan, including public notice and a public hearing may be required.

If the proposed subdivision is outside City Limits and annexation is not proposed, please review the Platting in the ETJ Chapter for additional County requirements.

Final Plat Review Process

An application is submitted via the Round Rock Permit Portal on the Official Filing Date and reviewed for completeness (see attached Final Plat Application Requirements). If the application is determined to be complete, it is distributed for technical and content review (see attached Final Plat Content). Comments generated during that review are forwarded to the Applicant within 10 calendar days.

The Applicant typically has 1 week to respond to comments. After the Applicant has completed the requested modifications or otherwise addressed review comments, an updated plat, and supporting materials shall be submitted to PDS for distribution and review. If all review comments have been satisfied, staff shall recommend that the Planning and Zoning Commission approve the application. Final plats do not require subsequent City Council approval.

After approval by the Planning and Zoning Commission, PDS staff will notify the Applicant of the Commission’s decision. If an application was conditionally approved, the Applicant shall correct the plat submitted with the response to comments.

Any conditions of application approval and/or corrections to the Final Plat must be satisfied prior to recordation, or within 45 days of approval by the Planning and Zoning Commission, whichever occurs first.

An approved Final Plat shall expire two years from the Planning and Zoning Commission approval date if it has not been recorded.
Deadlines and Meeting Dates
Applications for Final Plats are reviewed on a schedule adopted by the Planning and Zoning Commission that reflects state statutory requirements. This schedule includes specific dates for application submittals to City staff and subsequent review by the Planning and Zoning Commission.

Review cycles usually begin on the 1st and 3rd Tuesday of each month. A Planning and Zoning Commission Submittal and Meeting Schedule is included in this chapter and is available online at [https://www.roundrocktexas.gov/city-departments/planning-and-development-services/pz-meeting-schedule/](https://www.roundrocktexas.gov/city-departments/planning-and-development-services/pz-meeting-schedule/).

Before submitting an application, the Applicant shall verify the deadline for filing an application with PDS and the date of the Planning and Zoning Commission meeting.

Zoning and Development Code Standards
This section of the Development Packet is intended to assist the Applicant in preparing a formal application. It does not replace the requirements found in Code Of Ordinances, City of Round Rock, Part III, Zoning and Development Code, 2018, as amended. Please review applicable chapters of the Code of Ordinances and adopted Standards prior to application submittal.

The Zoning and Development Code is available online at: [https://library.municode.com/tx/round_rock/codes/code_of_ordinances?nodeId=PTIIIZODECO](https://library.municode.com/tx/round_rock/codes/code_of_ordinances?nodeId=PTIIIZODECO)

The Design and Construction Standards (DACS) are available online at: [https://www.roundrocktexas.gov/departments/transportation/dacs/](https://www.roundrocktexas.gov/departments/transportation/dacs/)

Presubmittal Meeting
A Presubmittal Meeting is not required prior to submitting a Final Plat application, provided a presubmittal was conducted at a prior stage in the platting process. If none was held, the Applicant must schedule a Presubmittal meeting with PDS to discuss the proposed development. More information about scheduling a Presubmittal meeting can be found on the next page.
Pre-submittal Meeting Request

The pre-submittal meeting is an opportunity for the applicant to discuss all aspects of a proposed development project (annexation, zoning, platting, site development, subdivision improvement, etc.) with city staff and to ask any questions about items that may be critical to the project’s feasibility. Staff will explain the city’s requirements, identify what additional studies or analyses may be necessary, and outline the process necessary to receive approval. **A pre-submittal meeting is required before any applications may be submitted.**

At this meeting a Case Manager will be assigned to the project. The Case Manager is a resource for the developer’s team and will be a single, accessible point of contact throughout the development process. The developer and/or the developer’s agent, (e.g. engineer, architect, etc.) needs to be at the meeting and must be prepared to present a basic layout or description of the proposed development.

Visit the [Round Rock Permit Portal](#) to submit a pre-submittal meeting request. Contact Planning & Development Services staff with any questions at 512-218-5428 or PDSIntake@roundrocktexas.gov.

Meeting Minutes

Following the pre-submittal meeting, staff will distribute a detailed set of minutes. The purpose of the minutes is to document any decisions and/or direction staff has given the applicant. The Case Manager will email the meeting minutes to the attendees approximately two weeks after the meeting. Upon receipt, the applicant is encouraged to review the minutes to ensure all important information has been documented, and to ensure there have been no misrepresentations. If there has been a miscommunication or an important item is missing, please contact the Case Manager who provided the minutes and he/she will review the matter. The minutes will be binding for six (6) months after the date of the meeting and for the life of the permit, if a permit is issued and does not expire.

*The pre-submittal meeting does not constitute a City review for the purposes of approval or permit issuance. Upon submittal of the appropriate applications, comments may be issued on items that were not discussed at the meeting. The date of the meeting shall not be construed as the submittal date for an application.*

- Please note that Final Plat Applications must be submitted via the Round Rock Permit Portal. Applications submitted in person or outside the designated submittal days will NOT be accepted.
