Rev. 08/23/19
Preliminary Subdivision Plat

This section of the Development Packet consists of information for Subdivision Preliminary Plats applications.

The purpose of a Preliminary Plat is to present a detailed layout of the proposed subdivision in order to facilitate review by the Planning and Zoning Commission of the proposal’s street and drainage systems, easements, utilities, development lots, and other lots, including parkland.

The Applicant shall submit a Preliminary Plat application to PDS for approval by the Planning and Zoning Commission. The Preliminary Plat shall conform with the approved Concept Plan, if required.

If the proposed subdivision is outside City Limits and annexation is not proposed, please review the Platting in the ETJ Chapter for additional County requirements.

Preliminary Plat Review Process

An application is submitted via the Round Rock Permit Portal on the Official Filing Date and reviewed for completeness (see attached Preliminary Plat Application Requirements). If the application is determined to be complete, it is distributed for technical and content review (see attached Preliminary Plat Content). Comments generated during that review are forwarded to the Applicant within 10 calendar days.

The Applicant typically has 1 week to respond to comments. After the Applicant has completed the requested modifications or otherwise addressed review comments, an updated plat, and supporting materials shall be submitted to PDS for distribution and review. If all review comments have been satisfied, staff shall recommend that the Planning and Zoning Commission approve the application. Preliminary plats do not require subsequent City Council approval.

After approval by the Planning and Zoning Commission, PDS staff will notify the Applicant of the Commission’s decision. If an application was conditionally approved, the Applicant shall correct the plat submitted with the response to comments.

Any conditions of application approval and/or corrections to the Preliminary Plat must be satisfied prior to submittal of an associated Final Plat, or within 45 days of approval by the Planning and Zoning Commission, whichever occurs first.

Preliminary Plats shall expire two (2) years after approval unless a Final Plat for a portion of the Preliminary Plat has been approved and recorded, in which case the Preliminary Plat is extended three additional years from the date each additional final plat is recorded. If a Preliminary Plat expires, the associated Concept Plan shall also be deemed expired. Major revisions to a Preliminary Plat (see Part III Chapter 10, Article V, subsection 10-27(f)) require approval by the Planning and Zoning Commission and shall extend the Preliminary Plat for two (2) years from the date of Commission approval. A minor revision to a Preliminary Plat, that is administratively approved, does not extend the expiration date beyond the two (2) years from the original date of approval by the Planning and Zoning Commission, extensions for recorded Final Plats notwithstanding.
**Deadlines and Meeting Dates**

Applications for Preliminary Plats (whether original or revised) are reviewed on a schedule adopted by the Planning and Zoning Commission that reflects state statutory requirements. This schedule includes specific dates for application submittals to City staff and subsequent review by the Planning and Zoning Commission.

Review cycles usually begin on the 1st and 3rd Tuesday of each month. A Planning and Zoning Commission Submittal and Meeting Schedule is included in this chapter and is available online at [https://www.roundrocktexas.gov/city-departments/planning-and-development-services/pz-meeting-schedule/](https://www.roundrocktexas.gov/city-departments/planning-and-development-services/pz-meeting-schedule/)

Before submitting an application, the Applicant shall verify the deadline for filing an application with PDS and the date of the Planning and Zoning Commission meeting.

**Zoning and Development Code Standards**

This section of the Development Packet is intended to assist the Applicant in preparing a formal application. It does not replace the requirements found in Code Of Ordinances, City of Round Rock, Part III, Zoning and Development Code, 2018, as amended. Please review applicable chapters of the Code of Ordinances and adopted Standards prior to application submittal.

The Zoning and Development Code is available online at:

[https://library.municode.com/tx/round_rock/codes/code_of_ordinances?nodeId=PTIIIZODECO](https://library.municode.com/tx/round_rock/codes/code_of_ordinances?nodeId=PTIIIZODECO)

The Design and Construction Standards (DACS) are available online at:

[https://www.roundrocktexas.gov/departments/transportation/dacs/](https://www.roundrocktexas.gov/departments/transportation/dacs/)

Requirements for a Traffic Impact Analysis, Parkland Conveyance, and Tree Protection & Mitigation shall be addressed at the Preliminary Plat stage if not addressed with a Concept Plan.

**Presubmittal Meeting**

Prior to submitting a Preliminary Plat application, the Applicant must schedule a Presubmittal meeting with PDS to discuss the proposed development. More information about scheduling a Presubmittal meeting can be found on the next page.
Pre-submittal Meeting Request

The pre-submittal meeting is an opportunity for the applicant to discuss all aspects of a proposed development project (annexation, zoning, platting, site development, subdivision improvement, etc.) with city staff and to ask any questions about items that may be critical to the project’s feasibility. Staff will explain the city’s requirements, identify what additional studies or analyses may be necessary, and outline the process necessary to receive approval. **A pre-submittal meeting is required before any applications may be submitted.**

At this meeting a Case Manager will be assigned to the project. The Case Manager is a resource for the developer’s team and will be a single, accessible point of contact throughout the development process. The developer and/or the developer’s agent, (e.g. engineer, architect, etc.) needs to be at the meeting and must be prepared to present a basic layout or description of the proposed development.

Visit the [Round Rock Permit Portal](#) to submit a pre-submittal meeting request. Contact Planning & Development Services staff with any questions at 512-218-5428 or [PDSIntake@roundrocktexas.gov](mailto:PDSIntake@roundrocktexas.gov).

Meeting Minutes

Following the pre-submittal meeting, staff will distribute a detailed set of minutes. The purpose of the minutes is to document any decisions and/or direction staff has given the applicant. The Case Manager will email the meeting minutes to the attendees approximately two weeks after the meeting. Upon receipt, the applicant is encouraged to review the minutes to ensure all important information has been documented, and to ensure there have been no misrepresentations. If there has been a miscommunication or an important item is missing, please contact the Case Manager who provided the minutes and he/she will review the matter. The minutes will be binding for six (6) months after the date of the meeting and for the life of the permit, if a permit is issued and does not expire.

*The pre-submittal meeting does not constitute a City review for the purposes of approval or permit issuance. Upon submittal of the appropriate applications, comments may be issued on items that were not discussed at the meeting. The date of the meeting shall not be construed as the submittal date for an application.*
