Round Rock, TX 78665

TAKE THE SURVEY

<https://tinyurl.com/RoundRockHMAP>

The City of Round Rock is undergoing an update to the Hazard Mitigation Action Plan (HMAP or Plan). The Plan update will address hazards that affect the area. The goal of the Plan Update is to minimize or eliminate the long-term risk to human life and property from known hazards through effective mitigation.

The City of Round Rock will hold public meetings to gather public input for updating the HMAP. The purpose of the public meeting is to provide a project overview from H2O Partners, Inc., consultant, to the project, and solicit information from citizens. Public input will help the project team analyze potential hazards affecting residents and recommend possible actions to reduce their impact.
