DEVELOPMENT PACKET FOR ZONING APPLICATIONS

This Development Packet consists of useful information for Original Zoning and Zoning Change applications to the City of Round Rock Planning and Zoning Commission. There is a separate development packet for Planned Unit Development (PUD) zoning applications.

Deadlines and Meeting Dates

Applications for Original Zoning and Zoning Change **must be submitted via the [Round Rock Permit Portal](#)** and are reviewed on a strict schedule that includes specific dates for application submittal to City Staff, review and recommendation by the Planning and Zoning Commission, and review and determination by the City Council. Each of these dates is roughly one month apart, making the entire process from application to final approval or disapproval by the City Council a minimum of two months.

Before submitting an application, the Applicant shall verify the following information with the Planning & Development Services Department (PDS):

- ❑ **Deadline for filing application** with the Planning & Development Services Department.
- ❑ Date of **Planning and Zoning Commission** public hearing and recommendation to City Council. The applicant or agent should be present at the hearing.
- ❑ Date of **City Council** public hearing and consideration of proposed ordinance. The applicant or agent should be present at the hearing.

A Planning and Zoning Commission Submittal and Meeting Schedule is included in this chapter and is available online at <https://www.roundrocktexas.gov/city-departments/planning-and-development-services/pz-meeting-schedule/>

Presubmittal Meeting

Prior to submitting a Zoning application, the Applicant must schedule a presubmittal meeting with PDS to discuss the proposed development. More information about scheduling a Presubmittal meeting can be found on the next page.

Pre-submittal Meeting Request

The pre-submittal meeting is an opportunity for the applicant to discuss all aspects of a proposed development project (annexation, zoning, platting, site development, subdivision improvement, etc.) with city staff and to ask any questions about items that may be critical to the project's feasibility. Staff will explain the city's requirements, identify what additional studies or analyses may be necessary, and outline the process necessary to receive approval. **A pre-submittal meeting is required before any applications may be submitted.**

At this meeting a Case Manager will be assigned to the project. The Case Manager is a resource for the developer's team and will be a single, accessible point of contact throughout the development process. The developer and/or the developer's agent, (e.g. engineer, architect, etc.) needs to be at the meeting and must be prepared to present a basic layout or description of the proposed development.

Visit the [Round Rock Permit Portal](#) to submit a pre-submittal meeting request. Contact Planning & Development Services staff with any questions at 512-218-5428 or PDSIntake@roundrocktexas.gov.

Meeting Minutes

Following the pre-submittal meeting, staff will distribute a detailed set of minutes. The purpose of the minutes is to document any decisions and/or direction staff has given the applicant. The Case Manager will email the meeting minutes to the attendees approximately two weeks after the meeting. Upon receipt, the applicant is encouraged to review the minutes to ensure all important information has been documented, and to ensure there have been no misrepresentations. If there has been a miscommunication or an important item is missing, please contact the Case Manager who provided the minutes and he/she will review the matter. The minutes will be binding for six (6) months after the date of the meeting and for the life of the permit, if a permit is issued and does not expire.

The pre-submittal meeting does not constitute a City review for the purposes of approval or permit issuance. Upon submittal of the appropriate applications, comments may be issued on items that were not discussed at the meeting. The date of the meeting shall not be construed as the submittal date for an application.
