To prevent any delays in your project, you must include all relevant sub-contractors in the permit application. The screenshot shows the 'Contractors' tab selected in the top navigation bar. Below the navigation bar, a message states: 'If you are unable to find the contractor in our system, they will need to submit a Contractor Registration application here in the portal.' The main section is titled 'SEARCH AND ADD CONTRACTORS'. It features a search bar with the text 'TTWL' entered, highlighted with a red box. All electrical, plumbing, heating, ventilating or air conditioning work shall be included in one permit application. Separate trade permits are not required unless standalone work will be performed. This permit application becomes null and void if permit is not issued within 6 months of permit application date. Once the permit is issued, the permit becomes null and void if work or authorized construction does not commence within 6 months. I HEREBY CERTIFY THAT I HAVE READ AND EXAMINED THIS APPLICATION AND KNOW THE SAME TO BE TRUE AND CORRECT. Below the checkbox is a green "Submit" button, which is highlighted with a red box. To the left of the "Submit" button are two buttons: "Previous" and "Cancel".
