

# Water Conservation Program

## Irrigation Submeter Rebate

Water flow sensing devices record water use in real-time to identify potential leaks in your system and alert you to unusual usage. This allows the user to stop the flow of water much quicker, thus saving water and money.

### ELIGIBILITY & GUIDELINES:

- Applicant must be a direct City of Round Rock water customer, in good standing.
- Applicant must have an existing irrigation system that is not on a dedicated water meter.
- Rebate is for the installation of a water flow sensor or water submeter, that will alert the property manager in real-time about landscape irrigation malfunctions – such as continuous water flow. Device must be installed on the main irrigation line.
- An itemized invoice(s) must be submitted with the application within 90-days of installation.
- Per State law, only the property owner or a Licensed Irrigator may work on irrigation systems. A list of Licensed Irrigators can be found on the [TCEQ Licensing Information](#) page.
- Rebate amount *does not apply* to sales tax or delivery/shipping fees.
- Maximum rebate amount is \$1000 per commercial, irrigation-only, or multifamily property water account.
- The rebate is issued by check mailed to the property name and address listed on the application 2-4 weeks after the application has been processed and any final inspection has occurred.
