

Welcome to the Audio Production Desk!

- When opening Reason 13, ignore the message about Reason Companion by clicking 'Cancel'.
- Connect personal instruments or RRPL microphones on the front panel of the Scarlett audio interface, the red box on left side of desk. Headphones are also connected here.
- Remember, files created in Reason will not be saved for long after your session ends. Save work on your own USB drive or a cloud network you have access to.
- Library staff are not available to help with this equipment beyond the initial setup at the start of your reservation time.
- Equipment will be inventoried after each session.
- Please email questions and suggestions to edwardyoung@roundrocktexas.gov.
