Year-Round Water Use Standards in Effect

The City's Water Conservation and Drought Contingency Plans were updated and approved by City Council on June 13, 2024. Part of these updates included year-round water use rules. These rules will be in place when there is not a specific drought stage in effect.

Year-round water use standards apply to all Round Rock water customers, including Municipal Utility Districts (MUDs) outside the City limits.

Welcome to our new conservation newsletter!

We're excited to keep you informed about everything related to your utility services, such as:

Water Conservation Events and Tips: Discover ways to save water with practical advice on maintaining your landscaping, detecting leaks, and conservation programs.

Garbage & Recycling updates: Stay on top of proper waste disposal guidelines and new recycling initiatives at Round Rock.

You can now view your water consumption reports and sign up for leak alerts through the **customer portal**.

Water My Yard Program

Ever wonder, “When should I water my yard?” or “How long do I run each zone?” The Water My Yard Program will help answer those questions by providing free recommendations on how long it takes to run irrigation systems efficiently while maintaining healthy lawns.
