## Fix a Leak Week

Household leaks can waste nearly 1 trillion gallons of water annually nationwide! **Fix a Leak Week** is an annual reminder for Americans to check household plumbing fixtures and irrigation systems for leaks.

Take 10 Minutes to check for hidden leaks around your home!

#SprinklerSpruceUp

## Sign up for a Free Sprinkler System Evaluation

City Water Conservation staff can evaluate your sprinkler system and help:

- Provide efficient scheduling and determine water savings.
- Teach how to use controller.
- Recommend system upgrades.
- Suggest fixes to minor landscape issues (soil, grass, native plants.)
- Show how to make minor repairs or adjustments.

As much as half of the water you use outdoors is wasted by inefficient
