It's Fix a Leak Week!

During Fix a Leak Week, the U.S EPA challenges Americans to find and fix common household leaks that cause water waste and drive up utility bills.

In support of this national effort, the City of Round Rock is encouraging residents to check their homes for leaks and make simple repairs that can have a big impact.

Check out our video series on finding household leaks, leaks in the irrigation, detecting a leak at the meter, and how to set alerts on the customer portal!
