Water-Wise Landscaping Survey

What does water-wise landscaping look like around town? Take our new **Water-Wise Landscaping Survey** to share your landscaping features and photos. Your ideas can help showcase what's possible and inspire other residents to create beautiful, water-efficient yards.

Survey responses, photos, and results will be anonymous. Your participation also helps support the City's ongoing water-wise initiatives!

[Take Survey Here](#)

New Tree Rebate!

Plant a Texas native tree and help conserve water, support local wildlife, and manage stormwater!

The new rebate program begins **October 1, 2026**. Get **50% back on eligible tree and hardwood mulch costs, up to \$500**, for up to two trees.

Pre-approval is required.

Trees must be Texas native, appropriate for Williamson County, and planted November 1–March 31.

Watershed Steward Workshop

Learn about **watersheds, water pollution, and protecting local water quality** at this free workshop!

Learn how the City and other local governments work together to protect water quality and manage the Brushy Creek watershed, and **discover how you can help through simple best management practices.**

Enjoy **light refreshments**, receive a **Texas Watershed Steward Handbook**, and earn a **certificate of completion.**

Come learn how you can make a difference in our local waterways!
Participants must pre-register
